DU CANADA

SECTION OF TEACHERS • SECTION DES ENSEIGNANTS

SECTION OF RESEARCHERS • SECTION DES CHERCHEURS

COLLÈGE QUÉBÉCOIS DES MÉDECINS DE FAMILLE  
QUÉBEC COLLEGE OF FAMILY PHYSICIANS

## Welcome!

The College of Family Physicians of Canada (CFPC), the Québec College of Family Physicians (QCFP), and the CFPC's Sections of Teachers and Researchers welcome you to Family Medicine Forum 2011.

The Scientific Program Sub-Committee has developed a program of innovative family medicine education based on feedback and requests from family doctors across the country. FMF registrants can choose from a wide range of hands-on clinical, teaching, and research presentations including keynotes, general sessions, workshops, small discussion groups, computer learning sessions, Mainpro-C workshops, and satellite symposia. These educational activities will be relevant to your needs and interests as clinicians, teachers, researchers, students and other health care professionals in your contribution to the health care of all Canadians.

# Family Medicine 2011 FORUM en médecine familiale MONTRÉAL

## Bienvenue !

Le Collège des médecins de famille du Canada (CMFC), le Collège québécois des médecins de famille (CQMF) et les sections des enseignants et des chercheurs du CMFC vous souhaitent la bienvenue au Forum en médecine familiale 2011.

Le sous-comité du programme scientifique a élaboré un programme d'éducation innovateur basé sur les commentaires et les demandes des médecins de famille de tout le pays. Les participants au FMF sont invités à un large éventail de présentations axées sur les cliniques pratiques, l'enseignement et la recherche, y compris les conférences d'ouverture, les séances générales, les ateliers, les petits groupes de discussion, les séances d'apprentissage informatique, les ateliers Mainpro-C et les symposiums satellites. Ces activités éducatives répondront aux besoins et aux intérêts des cliniciens, des enseignants, des chercheurs, des étudiants et des autres professionnels de la santé qui contribuent à assurer des soins de santé à la population canadienne.

## NEW THIS YEAR! DU NOUVEAU CETTE ANNÉE

### DAILY BADGE SCAN NOW REQUIRED

#### PROOF OF PARTICIPATION

Remember to have your name badge scanned EACH DAY by a CFPC staff member throughout the conference.

Self-scanning stations are also available throughout the conference venues.

All scanned registrants will receive a letter confirming attendance at Family Medicine Forum 2011 by January 1st 2012. Please note that these letters are not available for pick-up on-site.

### SCANNAGE QUOTIDIEN DE L'INSIGNE MAINTENANT OBLIGATOIRE

#### PREUVE DE PARTICIPATION

N'oubliez pas de faire scanner CHAQUE JOUR votre insigne d'identité par un membre du personnel du CMFC durant toute la conférence.

Des postes de lecteur de code-barre se trouveront aussi un peu partout sur les lieux de la conférence.

Tous les participants inscrits dont l'insigne aura été scanné recevront une lettre confirmant leur participation au Forum en médecine familiale 2011 avant le 1<sup>er</sup> janvier 2012. Veuillez noter que ces lettres ne seront pas disponibles sur place.

### NEW TIME FOR FRIDAY KEYNOTE AND PRESIDENT'S INSTALLATION

#### 15:45-17:30

The Friday Keynote Address will be held from **15:45 to 17:30**, and includes the President's Installation.

Keynote speaker for Friday is Dr. Andrew Pipe who will discuss cardiovascular disease prevention. Come and hear his inspirational presentation.

Immediately following the keynote address, you are cordially invited to the President's Installation, as we welcome Dr. Sandy Buchman as the CFPC's President for 2011/2012.

Following the installation of Dr. Buchman, please join us for the **All Delegates Reception** from **17:30 to 19:00**.

### NOUVEL HORAIRE DE LA CONFÉRENCE DU VENDREDI ET DE L'INSTALLATION DU PRÉSIDENT

#### 15:45-17:30

La conférence du vendredi aura lieu de **15 h 45 à 17 h 30** et elle inclut l'installation du président.

Le conférencier invité le vendredi, le Dr Andrew Pipe, discutera de la prévention des maladies cardiovasculaires. Venez écouter sa présentation des plus motivantes.

Immédiatement après la conférence, vous êtes cordialement invités à l'installation du président. Nous accueillerons alors le Dr Sandy Buchman, président du CMFC pour 2011-2012.

À la suite de l'installation du Dr Buchman, nous vous invitons à la réception pour tous les délégués, de **17h30 à 19h**.

PRIME MINISTER · PREMIER MINISTRE

### *Message du Premier ministre*

*J'ai le grand plaisir de saluer chaleureusement tous les participants au Forum en médecine familiale 2011 du Collège des médecins de famille du Canada (CMFC), qui a lieu cette année à Montréal et qui est organisé conjointement par le Collège québécois des médecins de famille ainsi que par la Section des enseignants et la Section des chercheurs du CMFC.*

*Je suis ravi de pouvoir louer le travail admirable qu'accomplissent les professionnels de la santé dévoués du Canada. Les médecins de famille jouent un rôle inestimable dans nos communautés. Votre engagement exemplaire envers le service et l'excellence professionnelle a une incidence directe et favorable sur la vie de chacun d'entre nous.*

*La Semaine du médecin de famille au Canada nous permet de souligner votre contribution exceptionnelle et les difficultés auxquelles vous êtes confrontés dans l'exercice de vos exigeantes fonctions. Notre gouvernement a la ferme intention de résoudre ces difficultés. Nous travaillons avec les provinces et les territoires pour soutenir la formation des médecins résidents dans les communautés rurales défavorisées, en accordant une importance particulière à la médecine familiale.*

*Cet événement annuel est une occasion inouïe d'apprendre, d'établir des contacts et d'examiner les percées réalisées dans le domaine ainsi que les aspects qui lui sont propres. Lorsque vous serez réunis pour ces importantes discussions, gardez bien à l'esprit que notre objectif commun est de garantir la vitalité de notre système de soins de santé et d'accroître l'accès aux médecins pour tous les Canadiens.*

*Au nom du gouvernement du Canada, je vous souhaite un forum mémorable et fructueux.*

*Bien cordialement,*

A handwritten signature in blue ink, appearing to read "Stephen Harper".

*Le très honorable Stephen Harper, C.P., député  
Premier ministre du Canada*

PRIME MINISTER - PREMIER MINISTRE

*Message from the Prime Minister*

*It is my distinct pleasure to extend my warmest greetings to everyone attending The College of Family Physicians of Canada (CFPC) Family Medicine Forum 2011 in Montréal, co-hosted by the Québec College of Family Physicians (QCFP) and the CFPC's Section of Teachers and Section of Researchers.*

*I am delighted to have the occasion to commend the laudable work of Canada's dedicated medical professionals. Family medicine practitioners play an invaluable role in our communities. Your exemplary commitment to service and professional excellence has a direct and positive impact on all our lives.*

*Family Doctor Week in Canada is an opportunity to honour your contributions and to recognize the challenges you confront in your demanding roles. Our Government is committed to addressing these issues. We are working with the provinces and territories to support training for residents in underserved rural communities, with a particular focus on family medicine.*

*This annual event provides valuable learning and networking opportunities and a unique forum to examine advances and issues relevant to the field. As you gather for these important discussions, please be assured that ensuring the vitality of our health care system and improving access to physicians for all Canadians is our common goal.*

*On behalf of the Government of Canada, please accept my best wishes for a memorable and productive forum.*

*Sincerely,*

*The Rt. Hon. Stephen Harper, P.C., M.P.  
Prime Minister of Canada*

# Québec

C'est avec plaisir que je souhaite la bienvenue à tous celles et ceux venus prendre part au Forum en médecine familiale du Collège des médecins de famille du Canada. Ici, médecins de famille, professeurs et chercheurs en médecine familiale, résidents, étudiants en médecine, infirmières, infirmières praticiennes et autres professionnels de la santé ouvrent la voie à l'échange et au partage des connaissances, dans un esprit d'ouverture et de progrès.

La médecine familiale est au cœur des enjeux liés à la prévention et à la protection de la santé publique. Le rôle du médecin de famille est primordial, on ne le dira jamais assez. Voilà donc un rendez-vous annuel qui profite non seulement à l'ensemble de la profession médicale, mais qui profite également aux patients et à toute la population. En ce sens, d'où que vous veniez du Québec, du Canada ou d'ailleurs, je vous remercie d'être là pour contribuer à ce forum, à l'évolution de la médecine familiale et à la diffusion des savoirs dans le domaine.

Bravo aux organisateurs et aux partenaires qui rendent possible la tenue de cet événement.

Bon forum à tous et bon séjour dans la métropole du Québec!

Jean Charest

I am pleased to welcome everyone here for the College of Family Physicians of Canada's Family Medicine Forum, where family physicians, teachers, researchers, residents, nurses, nurse practitioners and other health professionals can exchange and share knowledge in a spirit of openness and progress.

Family medicine is a core issue in preventing disease and protecting public health. We can never overstate how crucial the role of family physicians is. Hence, this annual gathering not only benefits the medical profession as a whole, but patients and every member of society. Whether you have come from across Québec, other parts of Canada or abroad, thank you for contributing to this forum, to the advancement of family medicine and to knowledge in this field.

Bravo to the organizers and partners who made this event possible.

Best wishes for an excellent forum and for an enjoyable stay in Montréal!

Jean Charest

# Montréal

Je suis heureux de souhaiter la bienvenue dans notre métropole aux participants du Forum en médecine familiale.

Mes meilleurs vœux de succès accompagnent les organisateurs de cet événement, le Collège des médecins de famille du Canada (CMFC), le College québécois des médecins de famille (CQMF) et la Section des enseignants et la Section des chercheurs du CMFC.

Je suis convaincu que vos discussions contribueront à la qualité des soins dont nous bénéficions.

Montréal, vous le constaterez, est une ville de savoir où le monde médical est en pleine effervescence puisque des travaux d'une ampleur exceptionnelle sont actuellement menés pour faire en sorte que nos grands centres hospitaliers soient à la fine pointe de la technologie.

Par ailleurs, j'espère que vous aurez le temps de découvrir une ville dynamique en pleine transformation.

Je vous souhaite d'excellentes rencontres.

Gérald Tremblay  
Maire de Montréal

I am pleased to welcome to our city the participants of Family Medicine Forum.

My best wishes for success go to the organizers of this event: The College of Family Physicians of Canada (CFPC), The Québec College of Family Physicians (QCFP), and the CFPC's Section of Teachers and Section of Researchers. I am convinced that your discussions will contribute to the quality of care we enjoy.

You will notice that Montréal is a city of knowledge in which the world of medicine occupies a front-row seat as major work is underway to ensure that our hospitals benefit from cutting-edge technologies.

I also hope that you will have the time to discover this dynamic city, which is in the process of reinventing itself.

I extend my wishes that your meetings and exchanges be fruitful.

Gérald Tremblay  
Mayor of Montréal

## MESSAGES / LES MESSAGES

### À tous les participants au FMF, Bienvenue à Montréal!

Les coorganisateurs du FMF 2011, Le Collège des médecins de famille du Canada (CMFC), le Collège québécois des médecins de famille (CQMF) et les Sections des enseignants et des chercheurs du CMFC sont ravis de vous souhaiter la bienvenue au Forum en médecine familiale 2011.

Cette année, dans le cadre de son programme complet, le FMF offre des séances d'une demi-journée et d'une journée entière aux médecins de famille ayant des intérêts particuliers. Ces activités sont conçues pour répondre aux besoins de tous les médecins de famille, mais plus particulièrement de ceux qui ont centré leur pratique, en partie ou complètement, sur ces domaines et aimeraient cibler leur expérience de FMC/DPC sur un ou plusieurs de ces sujets cliniques bien précis.

Nos conférenciers prononceront leur allocution le jeudi de 8h15 à 9h45 et le vendredi de \*15h45 à 17h30 (\*veuillez noter le nouvel horaire). Jeudi, notre conférencier est le récipiendaire du Prix de la Conférence en médecine familiale CMFC-Banque Scotia, M. André Picard, journaliste médical et auteur, qui parlera du « Visage changeant des soins de santé : Une vue de l'extérieur vers l'intérieur ». Le conférencier du vendredi, le Dr Andrew Pipe, vous fera connaître son expérience nationale et internationale en tant que médecin reconnu en médecine du sport et de l'exercice et leader en médecine préventive, dans une allocution intitulée « Le cœur de la question : Prévenir les maladies cardiovasculaires en 2011 et au-delà ».

Durant la conférence du jeudi matin, vous aurez l'occasion d'entendre également la présentation annuelle sur la situation du Collège par notre président sortant, le Dr Robert Boulay, et de reconnaître les réalisations de dix-sept médecins de famille exceptionnels de demain, lors de la présentation des Bourses d'études du CMFC aux étudiants en médecine. Durant la séance du vendredi après-midi, vous pourrez entendre les propos du ministre de la Santé du Québec, le Dr Yves Bolduc, et assister à l'installation du nouveau président national du CMFC pour 2011-2012, le Dr Sandy Buchman. Immédiatement après l'installation du président, les participants seront invités à le rencontrer et à joindre leurs amis et collègues lors de la réception pour tous les délégués, de 17h30 à 19h.

Du 31 octobre au 5 novembre, aura lieu la *Semaine du médecin de famille au Canada*, ponctuée de célébrations et d'activités spéciales qui visent à reconnaître les soins exceptionnels prodigues par les médecins de famille du Canada et la relation spéciale qui existe entre les médecins de famille et leurs patients. Le Forum en médecine familiale est l'activité phare de cette Semaine.

Voici quelques-unes des activités spéciales au FMF 2011 : le dîner de la Section des chercheurs à L'Auberge Saint-Gabriel le mercredi soir (billet obligatoire), le dîner annuel de la Section des enseignants au Club Mount Stephen le jeudi soir (billet obligatoire) et, le samedi soir, la cérémonie annuelle de la Collation des grades du CMFC (19h à 20h30) suivie du Gala du FMF (20h30 à minuit), où vous pourrez écouter l'excellent groupe montréalais *High Fidelity* et danser au son de sa musique. Tous les délégués sont les bienvenus (aucun billet requis).

Profitez de la possibilité d'apprendre, de faire du réseautage et de vous divertir en vous joignant aux quelque 3 000 participants du FMF – la plus grande conférence annuelle en médecine familiale au pays!

Rob Boulay, MD, CCFP  
President – CFPC  
Président – CMFC

Antoine Groulx, MD, CCMF  
Président – CQMF  
President – QCCFP

Pierre-Paul Tellier, MD, CCFP, FCFP  
Chair, Family Medicine Forum Advisory Committee  
Président, Comité consultatif du FMF

## To all FMF registrants, Welcome to Montréal!

The co-hosts for FMF 2011, The College of Family Physicians of Canada (CFPC), The Québec College of Family Physicians (QCFP), and the CFPC's Sections of Teachers and Researchers are pleased to welcome you to Family Medicine Forum 2011.

This year, as part of our comprehensive CME program, FMF features half- and full-day sessions for family physicians with special interests, developed to address the needs of all family physicians, but particularly those who include these areas as part or all of their practices and who would like to focus their CME/CPD experience at FMF on one or more specific clinical areas.

Keynote sessions will be held on Thursday from 8:15 a.m. to 9:45 a.m. and on Friday from \*3:45 p.m. to 5:30 p.m. (\*note new time). Thursday's keynote speaker and recipient of the CFPC-Scotiabank Family Medicine Lectureship is Mr. André Picard, medical journalist and author, who will discuss "The Changing Face of Health Care: A view from the outside, looking in". Friday's keynote presenter, CFPC member, Dr. Andrew Pipe, will share his national and international experience as a leading sport and exercise physician and leader in preventive medicine in "The Heart of the Matter: Preventing cardiovascular disease in 2011 and beyond".

During Thursday morning's keynote, we will also hear the annual State of the College Address by outgoing CFPC President Dr. Rob Boulay and we will be recognizing the achievements of 17 outstanding family doctors of the future as we present the 2011 CFPC Medical Student Scholarships. Friday afternoon's keynote session will also include Québec's Minister of Health, Dr. Yves Bolduc, and the installation of the 2011-2012 National CFPC President, Dr. Sandy Buchman. Immediately following the President's Installation, all registrants are invited to meet our new President and join friends and colleagues at the All Delegates Reception from 5:30 to 7:00 p.m.

The week of October 31st to November 5th is "Family Doctor Week in Canada" with celebrations and special initiatives planned to recognize the outstanding care provided by Canada's family doctors and the special relationship that exists between family physicians and their patients. Family Medicine Forum is the highlight activity of Family Doctor Week in Canada.

Special events at FMF 2011 include: the Section of Researchers Dinner at L'Auberge Saint-Gabriel on Wednesday evening (tickets required), the Section of Teachers annual dinner at Mount Stephen Club on Thursday evening (tickets required), and, on Saturday evening, the CFPC's Annual Convocation Ceremony (7:00-8:30 p.m.) and FMF Celebration (8:30 p.m. to midnight) featuring listening and dancing to the outstanding Montréal group, "High Fidelity". All delegates are welcome (no tickets required) for the Saturday evening party.

Enjoy the opportunity to learn, network and have fun as you join over 3000 registrants at FMF - Canada's largest annual family medicine conference!

## THURSDAY / JEUDI

ROOM / SALLE : 517 – Palais des congrès

November 3 / 3 novembre

**08:15 – 09:45**

### “STATE OF THE COLLEGE ADDRESS” / « DISCOURS SUR L’ÉTAT DU COLLÈGE »

**Robert Boulay, MD, CCFP**

**The College of Family Physicians of Canada / Le Collège des médecins de famille du Canada**

Robert Boulay is the CFPC's National President (2010-2011). Dr. Boulay has committed himself to providing outstanding leadership on behalf of Canadian family physicians as a member of the CFPC Executive Committee for several years. Dr. Boulay's State of the College Address will provide highlights of the College's recent priorities as this year's College President.

*Robert Boulay est président national du CMFC (2010-2011). Dr. Boulay s'est engagé depuis plusieurs années à fournir un leadership exceptionnel au nom des médecins de famille du Canada en tant que membre du Comité de direction du CMFC. À titre de président du Collège, il fera le point sur nos récentes priorités dans son discours sur l'état du Collège.*

### KEYNOTE ADDRESS / DISCOURS D'OUVERTURE

**André Picard, 2011 CFPC / Scotiabank Family Medicine Lectureship Award**

**Récipiendaire du Prix de la Conférence de médecine familiale CMFC / Banque Scotia 2011**

**“The Changing Face of Health Care: A view from the outside looking in”**

**« Le nouveau visage des soins de santé : une vue de l'extérieur »**

The recipient of the 2011 CFPC / Scotiabank Family Medicine Lectureship Award is Mr. André Picard, one of Canada's most outstanding medical journalists and authors. He is the public health reporter at The Globe and Mail and author of several best-selling books.

*Le récipiendaire du Prix de la Conférence en médecine familiale CMFC/Banque Scotia 2011 est M. André Picard. Journaliste exceptionnel spécialisé en santé publique au Globe and Mail, il est aussi l'auteur de nombreux livres à succès.*

### MEDICAL STUDENT SCHOLARSHIPS / BOURSES D'ÉTUDES POUR LES ÉTUDIANTS EN MéDECINE

One outstanding student from each medical school in Canada will receive a 2011 scholarship supported by CFPC's Research and Education Foundation and Scotiabank. **Be there to recognize and celebrate the future of family medicine.**

Un étudiant exceptionnel de chaque faculté de médecine au pays recevra une bourse d'études pour 2011. Ces bourses bénéficient de l'appui de la Fondation pour la recherche et l'éducation du CMFC et de la Banque Scotia. **Venez célébrer l'avenir de la médecine familiale.**

## FRIDAY / VENDREDI

ROOM / SALLE : 517 - Palais des congrès

November 4 / 4 novembre

**15:45 – 17:30**

### KEYNOTE ADDRESS / DISCOURS D'OUVERTURE

**Andrew Pipe, CM, MD, LLD (HON), DSC (HON)**

**Chief of the Division of Prevention and Rehabilitation at the University of Ottawa Heart Institute**

**Directeur de la Division de prévention et réadaptation à l'Institut de cardiologie de l'Université d'Ottawa, et professeur à la Faculté de médecine de l'Université d'Ottawa**

**“The Heart of the Matter: Preventing cardiovascular disease in 2011 and beyond”**  
**“Au cœur de la matière : la prévention des maladies cardiovasculaires en 2011 et après”**

Dr. Andrew Pipe graduated from Queen's University in 1974. Currently Chief of the Division of Prevention and Rehabilitation at the University of Ottawa Heart Institute, Dr. Pipe is a Professor in the Faculty of Medicine at the University of Ottawa.

Dr. Pipe is renowned for his leading-edge, inspirational and entertaining presentations related to how family physicians should be helping their patients keep fit and help prevent heart disease.

**A session no one should miss!**

*Le Dr. Andrew Pipe a obtenu son diplôme en médecine de l'Université Queen's en 1974. Il est actuellement directeur de la Division de prévention et réadaptation à l'Institut de cardiologie de l'Université d'Ottawa, et professeur à la Faculté de médecine de l'Université d'Ottawa.*

*Il est reconnu pour ses présentations novatrices, tout aussi motivantes que divertissantes, sur les façons dont les médecins de famille devraient aider leurs patients à garder la forme et à prévenir les maladies cardiovasculaires.*

**Une occasion à ne pas manquer!**

# FRIDAY / VENDREDI November 4 / 4 novembre

ROOM / SALLE : 517 – Palais des congrès

## CFPC PRESIDENT'S INSTALLATION

### CÉRÉMONIE DE L'INSTALLATION DU PRÉSIDENT DU CMFC

**Sandy Buchman, MD, CCFP, FCFP**

Dr. Sandy Buchman received his medical degree from McMaster University in Hamilton, Ontario, and completed his Family Medicine Residency training at the University of Toronto. He became a member of the College of Family Physicians of Canada in 1983.

For 22 years, Dr. Buchman practiced comprehensive family medicine, including obstetrics in Mississauga, Ontario, with special interests in palliative care, global health, and HIV/AIDS.

Currently on a leave of absence from his role with the in-patient Palliative Care Unit at the Baycrest Geriatric Health System, Dr. Buchman provides home-based palliative care with the Temmy Latner Centre for Palliative Care in Toronto where he also serves as Education Lead. He is also the Primary Care Lead for the Toronto Regional Cancer Program at Cancer Care Ontario.

With a strong interest in family medicine education, Dr. Buchman teaches medical students and family medicine residents in home-based care, end-of-life and palliative care and supervises residents at the Mount Sinai Hospital Academic Family Health Team. He also serves as Assistant Professor with the Department of Family and Community Medicine at the University of Toronto and the Department of Family Medicine at McMaster University.

Dr. Buchman joined the CFPC's National Executive Committee in 2010 and served as Secretary-Treasurer, and then Chair of the Board. Currently, he is Chair of the Task Force on the CFPC's Relationship with the Pharmaceutical/Healthcare Industry; a member of the CFPC's Governance Advisory Committee; Co-chair of the Transitions in Care Steering Committee with the Canadian Partnership Against Cancer; and a member of the CFPC's Section of Family Physicians with Special Interests or Focused Practices Council.

Dr. Buchman served as President of the Ontario College of Family Physicians (OCFP) in 2006–2007 and will receive the OCFP's 2011 Award of Excellence for his leadership in primary care for the Toronto Regional Cancer Program of Cancer Care Ontario. Dr. Buchman was also awarded Canada's Family Physicians of the Year for the Southern Region in Ontario by the OCFP in 2004.

**As part of this keynote session, Dr Buchman will be installed and will deliver his inaugural address. Immediately following the President's Installation, please join us for the All Delegates Reception where you can greet our new President and enjoy some time with your family medicine colleagues from across the country.**

Diplômé de la faculté de médecine de l'Université McMaster à Hamilton (Ontario), le Dr Buchman a fait sa résidence en médecine familiale à l'Université de Toronto et est devenu membre du CMFC en 1983.

Pendant 22 ans, il a exercé la médecine familiale globale, y compris l'obstétrique, à Mississauga (Ontario), et s'est surtout intéressé aux soins palliatifs, à la médecine mondiale et au VIH/sida.

Le Dr Buchman est présentement en congé sabbatique de l'Unité des soins palliatifs hospitaliers du Baycrest Geriatric Health System. Il dispense des soins palliatifs à domicile en collaboration avec le Temmy Latner Centre for Palliative Care de Toronto, où il est directeur de l'éducation. Il est aussi directeur des soins de première ligne pour le Programme régional de cancérologie de Toronto à Action Cancer Ontario.

Le Dr Buchman s'intéresse vivement à l'éducation médicale et enseigne les soins à domicile, les soins en fin de vie et les soins palliatifs aux étudiants en médecine et aux résidents en médecine familiale. Il supervise aussi les résidents au sein de l'équipe universitaire de santé familiale de l'hôpital Mount Sinai. De plus, le Dr Buchman est professeur adjoint au Département de médecine familiale et communautaire de l'Université de Toronto et au Département de médecine familiale de l'Université McMaster.

Le Dr Buchman s'est joint au Comité national de direction du CMFC en 2010 et a agi à titre de secrétaire-trésorier, puis de président du Conseil. Présentement, il est président du Groupe de travail sur les relations avec l'industrie pharmaceutique et des soins de santé; co-président du Comité directeur sur les transitions dans les soins avec le Partenariat canadien contre le cancer; membre du Comité consultatif sur la gouvernance et membre du Conseil de la Section des médecins de famille avec intérêts particuliers ou pratiques ciblées du CMFC.

Le Dr Buchman a occupé le poste de président du Collège des médecins de famille de l'Ontario (CMFO) en 2006-2007 et il recevra le Prix d'excellence 2011 du CMFO pour son leadership dans le cadre du Programme régional de cancérologie de Toronto mis en œuvre par Action Cancer Ontario. En 2004, il a été reconnu par ses collègues du CMFO comme Médecin de famille de l'année pour la région du sud de l'Ontario.

**L'installation du Dr Buchman, suivie de son discours inaugural auront lieu dans le cadre de cette séance. Immédiatement après la cérémonie, nous vous invitons à la réception de tous les délégués où vous pourrez rencontrer notre nouveau président et échanger avec vos collègues du domaine de la médecine familiale venus d'un bout à l'autre du pays.**

## CANADA'S 2011 FAMILY PHYSICIANS OF THE YEAR

Representing excellence in Canadian family medicine, the following ten outstanding family physicians – one from each province – are acknowledged as Canada's Family Physicians of the Year. Each award recipient is nominated for demonstrating the attributes embodied in the four principles of family medicine through their clinical practices, teaching and research, community involvement and professional achievements. Each honouree will receive the Reg L. Perkin Award, named in honour of the former Executive Director of the CFPC (1985-1996).

## 2011 HONOURS AND AWARDS RECIPIENTS

The CFPC invites you to drop by the CFPC REF Showcase of Honourees - a special tribute to the 2011 Honours and Awards recipients

During FMF, take a few minutes to visit the Showcase to view profiles of the outstanding family physicians, residents and medical students who are recognized for their leadership, achievements and contributions to family medicine this year. They are the 2011 recipients of special CFPC honours, Awards of Excellence, Canada's Family Physicians of the Year, and awards dedicated to research, teaching, and family physician career development.

Check out this display near the registration area and in the Exhibit Hall at College Square.

## RÉCIPIENDAIRES DES PRIX ET BOURSES 2011

La FRÉ du CMFC vous invite à voir « Pleins feux sur nos lauréats », un hommage spécial aux récipiendaires des prix et bourses 2011

Pendant le FMF, prenez quelques minutes pour regarder cette vitrine qui met en vedette des médecins de famille, des résidents et des étudiants en médecine exceptionnels reconnus pour leur leadership, leurs réalisations et leurs contributions à la médecine familiale au cours de l'année. Ce sont les lauréats 2011 des prix spéciaux du CMFC, des Prix d'excellence, des Prix du médecin de famille de l'année au Canada et des bourses visant à soutenir l'étude, la recherche et le perfectionnement professionnel des médecins de famille.

Allez voir cet écran vidéo près du bureau des inscriptions et dans le hall d'exposition au Square du Collège.

## LES MÉDECINS DE FAMILLE CANADIENS DE L'ANNÉE 2011

Les dix médecins de famille exceptionnels suivants personnifient l'excellence en médecine familiale. Reconnu comme Médecin de famille canadien de l'année 2011, chaque récipiendaire – un pour chaque province – incarne les quatre principes de la médecine familiale dans le cadre de leurs activités cliniques, d'enseignement et de recherche, ainsi que par leur implication dans leur communauté et leurs réalisations professionnelles. Les lauréats reçoivent le Prix Reg L. Perkin, nommé en l'honneur de l'ancien directeur général du CMFC (1985-1996).

## FAMILY DOCTOR WEEK IN CANADA

The CFPC is proud to host Family Doctor Week as an opportunity to recognize the vital role of family physicians across Canada and the highly valued relationships they share with their patients and colleagues. This special week also provides an opportunity for governments, health care organizations and other professionals to acknowledge the outstanding contributions made by family doctors to improve the health and well-being of their patients through their roles in clinics, hospitals, universities, and many other healthcare facilities in Canadian communities. Join the celebration at FMF and its many events, sessions and keynotes!

## LA SEMAINE DU MÉDECIN DE FAMILLE AU CANADA

Le CMFC est fier de présenter la Semaine du médecin de famille afin de souligner le rôle vital des médecins de famille du Canada et les relations très appréciées qu'ils entretiennent avec leurs patients et leurs collègues. Cette semaine spéciale permet aussi aux gouvernements, aux organisations de soins de santé et aux autres professionnels de reconnaître la façon exceptionnelle dont les médecins de famille contribuent à la santé et au bien-être de leurs patients grâce au rôle qu'ils jouent dans les cliniques, les hôpitaux, les universités et les autres établissements de santé des collectivités canadiennes. Participez aux célébrations du FMF et à ses nombreuses activités, séances et conférences!

## CANADIAN FAMILY PHYSICIAN

CFP is Canada's journal of family medicine. CFP has been steadily building its academic prestige with acceptance into PubMed Central, where fulltext electronic versions of all of the world's leading medical journals are archived for researchers. CFP is always on the lookout for potential authors, particularly in the area of clinical review and critical appraisal. Stop by the CFP booth and meet Dr. Nick Pimlott, Scientific Editor, and Dr Roger Ladouceur, Associate Scientific Editor, for advice on writing and submitting manuscripts for publication.

## LE MÉDECIN DE FAMILLE CANADIEN

Le MFC est la revue canadienne de médecine familiale. Le MFC a établi graduellement son prestige universitaire avec son acceptation dans PubMed Central, où les versions électroniques en texte intégral des principales revues médicales du monde sont archivées pour les chercheurs. Le MFC est toujours à l'affût d'auteurs potentiels dans le domaine des révisions cliniques et des évaluations critiques. Arrêtez-vous à l'affût d'auteurs potentiels dans le domaine des révisions cliniques et des évaluations critiques. Arrêtez-vous au stand du MFC et rencontrez nos rédacteurs – Dr Nick Pimlott, rédacteur scientifique, et Dr Roger Ladouceur, rédacteur scientifique adjoint – pour des conseils sur la rédaction et la soumission d'articles pour publication.

**Mainpro™ M-1 credit**

This program meets the accreditation criteria of The College of Family Physicians of Canada and has been accredited for up to 17.5 Mainpro-M1 credit.

**THURSDAY** you may claim up to 6.5 credits • **FRIDAY** you may claim up to 6.0 credits • **SATURDAY** you may claim up to 5 credits

**Mainpro™ M-1 credit Reporting Made Easy!**

- A tear-out session evaluation form is located in the centre of this program.
- Mainpro-M1 credit for FMF 2011 will be automatically added to your CPD record upon completion and submission of the form. Deposit boxes for completed forms are located throughout the FMF venues.
- Important note: If you submit your credits by completing the 2011 FMF Evaluation and Mainpro-M1 Credit Reporting Form provided in this program, your credits will automatically be entered in your Mainpro record. Please do not enter them again online or re-submit.
- If you do not wish to use this form, you may still use a CME Credit Reporting Form or report your credits online at [www.cfpc.ca](http://www.cfpc.ca).
- The FMF Evaluation and CME Reporting form is NOT for Satellite Symposia, Mainpro-C sessions, or Pre-Conference Day activities. Separate certificates of participation will be issued by the CME/CPD providers of these activities.

FOR MORE INFORMATION ON MAINPRO CREDITS, VISIT OUR WEBSITE:

**CRÉDITS MAINPRO<sup>MC</sup> M-1**

Ce programme répond aux critères d'agrément du Collège des médecins de famille du Canada et donne droit à un maximum de 17,5 crédits Mainpro-M1.

**JEUDI** vous pouvez réclamer jusqu'à 6,5 crédits • **VENDREDI** vous pouvez réclamer jusqu'à 6,0 crédits

**SAMEDI** vous pouvez réclamer jusqu'à 5 crédits

**Rapport des crédits Mainpro<sup>MC</sup> M-1**

- Un formulaire détachable d'évaluation des séances se trouve au centre de ce programme.
- Les crédits Mainpro-M1 pour le FMF 2011 seront automatiquement ajoutés à votre dossier de DPC si vous complétez et soumettez le formulaire d'évaluation. Vous trouverez sur les lieux des boîtes où vous pouvez déposer les formulaires dûment remplis.
- Remarque importante : Si vous inscrivez vos crédits en remplissant le formulaire d'évaluation du FMF 2011 et de rapport des crédits Mainpro-M1 fourni dans ce programme, vos crédits seront automatiquement ajoutés dans votre dossier Mainpro. Veuillez ne pas les réinscrire en ligne ou les soumettre à nouveau.
- Si vous préférez ne pas utiliser ce formulaire, vous pouvez utiliser le formulaire habituel de rapport des crédits de FMC ou les inscrire en ligne au [www.cfpc.ca](http://www.cfpc.ca).
- Ne pas utiliser le formulaire d'évaluation du FMF 2011 et de rapport de la FMC pour les symposiums satellites, les séances Mainpro-C ou les activités de la journée préconférence. Des attestations distinctes seront remises par les fournisseurs de FMC/DPC pour ces activités.

**POUR PLUS DE RENSEIGNEMENTS SUR LES CRÉDITS MAINPRO,

# INFORMATION / INFORMATION

## REGISTRATION / INSCRIPTION

Registration is located in **Room 220c** on the **Main Level of the Palais des congrès**. This is where you will pick up your name badge (if you have not received it by mail), delegate kit, and have your name badge scanned.

*Le bureau des inscriptions est situé dans la salle 220c au rez-de-chaussée du Palais des congrès. Vous pourrez passer prendre votre insigne d'identité (si vous ne l'avez pas reçue par la poste), votre trousse du participant et faire scanner votre insigne d'identité.*

## SPEAKERS / CONFÉRENCIERS

Speakers should register at least 1 hour prior to their session, at the Registration Desk and then proceed to the **Speakers' Room**, located in **Room 518a** on Level 5 of the Palais des congrès.

*Les conférenciers devraient s'inscrire au moins une heure avant le début de leur séance, au bureau des inscriptions, puis se rendre au Salon des conférenciers, situé à la salle 518a au 5<sup>e</sup> niveau du Palais des congrès.*

## EXHIBITORS / EXPOSANTS

All identified **exhibitor personnel** must check in at the Registration Desk before proceeding to the Exhibit Hall, located in Room 220c/d on the Main Level of the Palais des congrès.

*Tous les membres du personnel des exposants désignés doivent s'inscrire au bureau des inscriptions avant de se rendre au hall d'exposition situé à la salle 220 c/d au rez-de-chaussée du Palais des congrès.*

## NAME BADGES INSIGNES D'IDENTITÉ

**Important:** Your registration badge entitles you to attend keynotes, scientific sessions, exhibits, breakfasts, breaks, lunches, the President's Installation, All Delegates Reception, Convocation and the FMF Celebration and must be worn at all times. Badges for paid accompanying persons will entitle them to attend keynotes, some sessions, exhibits, breakfasts, breaks, lunch, the President's Installation, All Delegates Reception, Convocation and the FMF Celebration.

*Important : Votre insigne d'identité vous donne droit d'assister aux conférences d'ouverture, aux séances scientifiques, aux expositions, aux petits déjeuners, aux pauses-santé, aux repas du midi, à la cérémonie d'installation du président, à la réception de tous les délégués, à la collation des grades et à la soirée de gala du FMF. Vous devez la porter en tout temps. Les insignes des personnes qui vous accompagnent, et qui ont dûment payé les frais qui s'imposent, leur donnent droit aux conférences d'ouverture, à certaines séances, aux expositions, aux petits déjeuners, aux pauses-santé, aux repas du midi, à la cérémonie d'installation du président, à la réception de tous les délégués, à la collation des grades et à la soirée gala du FMF.*

## BAR CODE READERS LECTEURS DE CODES À BARRES

**NEW!** All FMF registrants must have their name badge scanned each day they attend the conference. CFPC staff will be happy to scan your badge for you or you may use the convenient 'self-scan' stations located throughout the conference venues.

**Registration:** All registrants at FMF 2011 will have their name badge scanned as proof of attendance.

**Exhibit Hall:** Many exhibitors will have bar code readers available at their booths. With your permission, booth staff will scan the bar code on your badge to obtain the information as it appears on your FMF 2011 registration.

**NOUVEAUTÉ!** Tous les participants inscrits au FMF doivent faire scanner leur insigne d'identité les jours où ils assistent à la conférence. Le personnel du CMFC sera en mesure de scanner votre insigne ou encore vous pouvez utiliser les postes le lecteur code-barre situés à des endroits pratiques sur les lieux de la conférence.

**Inscription :** Tous les participants au FMF 2011 doivent faire scanner leur insigne d'identité comme preuve de leur présence.

**Hall d'exposition :** Nombre d'exposants disposeront d'un lecteur de codes à barres à leur kiosque. Avec votre permission, ils pourront scanner votre insigne d'identité pour obtenir l'information telle qu'elle apparaît sur votre inscription au FMF 2011.

## PRIVACY POLICY POLITIQUE DE CONFIDENTIALITÉ

The CFPC collects, uses, and discloses personal information in accordance with current privacy legislation and the CFPC privacy policy. This policy is published in its entirety on its website at [www.cfpc.ca](http://www.cfpc.ca).

*Le CMFC recueille, utilise et communique des renseignements personnels conformément à la loi relative à la protection de la vie privée actuellement en vigueur et à la politique de confidentialité du CMFC. Le texte intégral de cette politique est publié sur le site web du CMFC à [www.cfpc.ca](http://www.cfpc.ca).*

## LUNCH TICKETS BILLETS POUR LES REPAS DU MIDI

All FMF registrants will receive lunch tickets for boxed lunches on the days they are registered. To receive a lunch, these tickets must be presented to the conference centre staff at designated lunch areas.

*Tous les participants inscrits au FMF recevront des billets pour une boîte à lunch pour les journées auxquelles ils sont inscrits. Ils doivent présenter ces billets aux préposés du centre des congrès aux endroits désignés pour le repas du midi.*

## IN CASE OF EMERGENCY EN CAS D'URGENCE

In the event of an emergency, please contact the Palais des congrès staff, hotel staff and/or security staff.

*En cas d'urgence, communiquez avec le personnel du Palais des congrès, le personnel de l'hôtel et/ou le personnel de sécurité.*

## EXHIBIT HALL / HALL D'EXPOSITION

The Exhibit Hall complements the clinical and educational activities of FMF. Meet with the many exhibitors who come to provide you with the most up-to-date information on the latest developments in medical equipment diagnostics, practice management software, relocation opportunities, pharmaceuticals and educational publishing. Check out the High Definition Golf Simulator to practice your swing or visit our Marketplace where you can purchase local Québec items including art, jewellery, and maple syrup. We have lots of comfortable seating so that you can meet your fellow delegates and enjoy breakfast and lunch together.

**In the hall:** All conference food and beverage. Demonstration Theatres, Humanities Theatre, Marketplace, High-Definition Golf Simulator, e-mail centre, daily passport contest draw, medical school representatives, REF Silent Auction, the College of Family Physicians of Canada (CFPC), the Québec College of Family Physicians (QCFP) booth and more.

*Le hall d'exposition complète les activités cliniques et éducatives du FMF. Venez rencontrer les nombreux exposants qui vous présenteront des renseignements à jour sur les toutes dernières innovations en équipement médical, en diagnostic et en logiciels de gestion de la pratique. Renseignez-vous sur les possibilités de réaffectation, les produits pharmaceutiques et les publications éducatives. N'oubliez pas de venir pratiquer votre élan sur le simulateur High-Definition Golf; visitez le marché, où vous pourrez acheter des produits locaux québécois, notamment des objets d'art, des bijoux et du sirop d'érable. Nous avons aménagé des endroits où vous pourrez vous asseoir confortablement pour prendre le petit déjeuner ou le repas du midi en compagnie de vos collègues.*

**Dans le hall d'exposition :** Toutes les stations de nourriture et de boissons. Les théâtres de démonstration, le théâtre des sciences humaines, le marché, le simulateur High-Definition Golf, le centre des courriels, le lieu du tirage quotidien du concours du passeport, les représentants des facultés de médecine, l'encaissement silencieux de la FRÉ, les kiosques du Collège des médecins de famille du Canada et du Collège québécois des médecins de famille (CQMF) et plus encore.

## CONVOCATION AND AWARDS CEREMONY

## COLLATION DES GRADES ET CÉRÉMONIE DE REMISE DES PRIX

**Convocation will take place Saturday, November 5th, from 7:00 to 8:30 pm in Room 517b/c on Level 5 of the Palais des congrès.**

### GOWN PICK UP

Gowns will be available in the **Gowning and Photography Room (Room 516c)** on Level 5 of the Palais des congrès on **Friday, November 4th** from **8:15 a.m. to 4:30 p.m.** and **Saturday, November 5th**, from **8:15 a.m. to 4:30 p.m.** All Convocation participants will require a gown for the Convocation procession. There is no charge for renting a gown.

### PHOTOGRAPHS

Professional photographers will be available in the **Gowning and Photography Room (Room 516c)** on Level 5 of the Palais des congrès on **Saturday, November 5th**, between **8:15a.m. and 4:30 p.m.** If you wish to have your photo taken, we strongly encourage you to do so earlier in the day rather than waiting until Saturday afternoon when the line-up can be very long. There will be no photography available after 4:30 p.m. on Saturday.

### MARSHALLING

Beginning at **6:15 p.m. on Saturday, November 5th**, all Convocants must report to **Room 517a** on Level 5 of the Palais des congrès. The marshalling area will be open only to those participating in Convocation. Due to the large number of individuals involved in Convocation, family and friends are not permitted to join you in Room 517a. Family and friends should go directly to Room 517b/c which opens at 6:30 pm.

### GOWN AND HOOD RETURN

Your gown and hood must be returned to **Room 517a**, which will remain **open until 10:00 pm**. We encourage you to return your gown as soon as possible.

*La cérémonie de la collation des grades se déroulera le samedi 5 novembre, de 19h à 20h30, dans la salle 517b/c au 5<sup>e</sup> niveau du Palais des congrès.*

### CUEILLETTE DE LA TOGE

Vous pouvez prendre votre toge à la **salle d'habillage et de photographie (salle 516c)** au 5<sup>e</sup> niveau du Palais des congrès, **le vendredi 4 novembre**, entre **8h15 et 16h30** et **le samedi 5 novembre**, entre **8h15 et 16h30**. Tous les participants à la collation des grades doivent porter la toge pour la procession. Il n'y a pas de frais de location de la toge.

### PHOTOGRAPHIES

Des photographes professionnels seront à votre disposition dans la **salle d'habillage et de photographie (salle 516c)** au 5<sup>e</sup> niveau du Palais des congrès, **le samedi 5 novembre** entre **8h15 et 16h30**. Si vous désirez faire prendre votre photo, nous vous encourageons fortement à le faire tôt dans la journée plutôt que d'attendre le samedi après-midi car la file d'attente pourrait être assez longue. Il n'y aura pas de séance de photographie après 16h30 le samedi.

### DÉFILÉ

À compter de **18h15, le samedi 5 novembre**, tous les participants officiels à la collation des grades doivent se présenter à la **salle 517a** au 5<sup>e</sup> niveau du Palais des congrès. L'aire de rassemblement sera ouverte seulement à ceux qui prennent part à la Collation des grades. En raison du grand nombre de participants à cette cérémonie, les familles et amis ne sont pas admis dans la salle 517a. Ces personnes doivent se rendre directement à la salle 517b/c où l'ouverture des portes se fera à 18h30.

### RETOUR DE LA TOGE ET DE L'ÉPITOGE

Vous devez retourner votre toge et votre épitoge à la **salle 517a avant 22h**. Nous vous encourageons cependant à le faire aussitôt que possible après la cérémonie.

## Important Notice / Avis important

The College of Family Physicians of Canada (CFPC) will arrange to have professional photography and video footage taken during the 2011 Family Medicine Forum (FMF). Please be advised that these materials may be published in CFPC materials in print and electronic format including the CFPC and FMF websites. By participating in the 2011 Family Medicine Forum, you (i) grant the CFPC the right and permission to use any such photographs/video clips in which you may be included, in whole or in part, for such purposes; (ii) waive any right that you may have to inspect and/or approve any such photographs/video clips; (iii) transfer to CFPC any right you may have in the such such photographs/video clips and waive any moral rights, if any; and (iv) release and discharge CFPC from any liability that may arise from the use of the any such photographs/video clips by CFPC. All photographic materials become the property of the CFPC and may be displayed, distributed or used by the CFPC for any purpose. Names and/or brief bios would be included with permission.

*Le Collège des médecins de famille du Canada (CMFC) retiendra les services de photographes qui prendront des photos et des vidéos durant le Forum en médecine familiale 2011 (FMF). Veuillez noter que ces images pourraient être publiées sous formes imprimée et électronique dans le matériel du CMFC, y compris les sites web du Collège et du FMF. En participant au Forum en médecine familiale 2011, vous i) accordez au CMFC les droits exclusifs d'utiliser, pour les fins susmentionnées, ces photographies/vidéos dans lesquelles vous pourriez apparaître, en tout ou en partie; ii) renoncez à tout droit que nous pourriez avoir d'inspecter ou d'approuver ces photos/vidéos clips; iii) transférez au CMFC tous les droits que vous pourriez avoir sur ces photos/vidéos clips et renoncez à tous droits moraux, le cas échéant; et iv) dégagiez le CMFC de toutes responsabilités pouvant découler de l'utilisation de ces photographies/vidéos clips par le CMFC. Tout le matériel photographique devient la propriété du CMFC et peut être affiché, distribué ou utilisé par le CMFC à n'importe quelle fin. Les noms et/ou une brève biographie seraient inclus avec votre autorisation seulement.*

## Humanities Theatre / Théâtre des sciences humaines

Celebrating the Arts in the Physician's Life / Célébrons les arts dans la vie du médecin  
Exhibit Hall / Hall d'exposition

**Thursday / Jeudi — 12h30 – 13h30**

L'écriture, espace nécessaire de réflexion et de réparation,  
ou un recul pour mieux avancer

**Friday / Vendredi — 12:00 – 13:00**

History, Narrative and the Humanities in Family Medicine

**Saturday / Samedi — 12:15 – 13:15**

Fiction Writing for the Medical Professional

## Saturday/samedi

20:30 – midnight / 20h30 – minuit

ROOM / SALLE 710 – Palais des congrès

## FMF CELEBRATION SOIRÉE GALA DU FMF

**All are welcome!** Enjoy music, dancing and party food and drinks in the company of your colleagues, peers and family at this fun and pretence-free annual event that officially brings FMF to a close.

***Vous êtes tous les bienvenus!*** Amusez-vous au son de la musique, venez danser et régalez-vous de bouchées et de rafraîchissements en compagnie de vos collègues, de vos pairs et de votre famille à cet événement annuel divertissant et sans prétention, qui clôture officiellement le FMF.

**High Fidelity Showband** re-energizes pop hits from the past 40 years and presents them in medley form to ensure non-stop, high energy dancing.

**L'orchestre High Fidelity** reprend avec énergie les grands succès des 40 dernières années, présentés sous forme de pot-pourri, et vous donnera envie de danser sans arrêt toute la soirée.

# Silent Auction / *Encan silencieux*

## Supporting the Future of Family Medicine

What started out as a small event in 2004 is booming in 2011. This year's Family Medicine Forum promises to host the largest REF silent auction ever. This is mostly thanks to our REF's Board members who have not only made substantial contributions of items, but have also challenged members of the CFPC's Board of Directors to join them in donating. Stethoscopes, iPods, tool sets, gift baskets, sports memorabilia, and a range of items in a variety of price categories will be available for auction. This year we will do something new. We will close auctions on each day of the Forum. Be sure to visit us and join in the excitement at the College Square exhibition.

## Soutenir l'avenir de la médecine familiale

Ce qui a commencé comme une activité de petite envergure en 2004 a pris beaucoup d'ampleur en 2011. Le Forum en médecine familiale de cette année promet d'être la scène du plus grand encan silencieux de l'histoire de la FRE. C'est en grande partie grâce aux membres du Conseil d'administration de la FRE qui ont non seulement contribué un nombre considérable d'articles, mais ont aussi mis au défi les membres du Conseil d'administration du CMFC de se joindre à eux pour faire des dons. Stéthoscopes, iPods, coffres d'outils, paniers-cadeaux, souvenirs de sport et divers autres articles de différentes catégories sont offerts aux enchères. Cette année, il y aura du nouveau. Nous fermerons les enchères chaque jour du Forum. N'oubliez pas de venir nous voir et de participer à des moments emballants au kiosque du Collège!

# Walk for the Docs of Tomorrow / Marche pour les médecins de demain

## SATURDAY 0700-0800

Meet on the main level of the Palais des congrès

**Join us at the  
7<sup>th</sup> Annual Walk for  
the Docs of Tomorrow**

Proceeds support the CFPC Medical Student Scholarships.

Start a team, join an existing team, or sign up as an individual participant.

Family and friends are welcome to join.

Entrance fee is \$25

Free for students

## SAMEDI 0700-0800

Le lieu de rencontre se trouve au rez-de-chaussée du Palais des congrès

**Participez à la  
7<sup>e</sup> Marche annuelle pour  
les médecins de demain**

Les montants recueillis serviront à financer les Bourses d'études du CMFC pour les étudiants en médecine.

Joignez vous à une équipe existante, formez-en une nouvelle ou inscrivez-vous comme participant individuel.

La famille et les amis sont les bienvenus.

**Les frais d'inscription sont de 25 \$**

**L'inscription est gratuite pour les étudiants**

Les séances seront présentées dans la langue du titre mentionné. Un titre bilingue, marqué du symbole des écouteurs indique que l'interprétation simultanée sera offerte.

The language of the session title indicates the language in which the session will be presented. For those sessions with simultaneous interpretation, the title will be bilingual with the simultaneous interpretation symbol appearing beside that title.

# HIGHLIGHTS / POINTS SAILLANTS

## WEDNESDAY / MERCREDI November 2 / 2 novembre

Susan Woolhouse, MD, MCISc, CCFP, Toronto, ON; Judith Belle Brown, MSW, PhD, London, ON; Amardeep Thind, MD, PhD, London, ON
- 547 Effectiveness of Screening, Brief Intervention, and Referral for Treatment (SBIRT) for Drug Use Disorders in Primary Care: A systematic review**  
Ginetta Salvalaggio, CCFP, Edmonton, AB; Kathryn Dong, MD, FRCP, Edmonton, AB; Dale Storie, Edmonton, AB; Christine Vandenberghe, Edmonton, AB; Mandi Newton, Edmonton, AB; Carol Spooner, Edmonton, AB; Cam Wild, PhD, Edmonton, AB; Greta Cummings, RN, PhD, Edmonton, AB
- 548 Towards Patient-Centered Addiction Care: Development and implementation of knowledge translation resources for disadvantaged urban patients who suffer from addiction**  
Ginetta Salvalaggio, CCFP, Edmonton, AB; Kathryn Dong, MD, FRCP, Edmonton, AB; Les Umpherville, Edmonton, AB; Kelsey Ross, RN, Edmonton, AB; Taryn Brown, Edmonton, AB; Christine Vandenberghe, Edmonton, AB; Marliss Taylor, RN, Edmonton, AB
- 549 Determinants of Effective Engagement for Low Socioeconomic Position and/or Addicted Patients in Primary Care Settings: A descriptive review**  
Ginetta Salvalaggio, CCFP, Edmonton, AB; Kathryn Dong, MD, FRCP, Edmonton, AB; Dale Storie, Edmonton, AB; Scott Kirkland, Edmonton, AB; Cam Wild, PhD, Edmonton, AB
- 550 Effect of Self-Administered Auricular Acupressure on Smoking Cessation – A pilot study**  
Troy Neufeld, MD, Kingston, ON; Scott Marin, MD, Kingston, ON; Lawrence Koon Chit Leung, MBBChir MFMClin BChinMed FRACGP FRCGP, Kingston, ON
- 551 Impact of Abdominal Obesity and Physical Inactivity on the Relationship Between Systemic Hypertension and Risk of Coronary Heart Disease in Apparently Healthy Men and Women**  
Caroline Rhéaume, Québec, QC
- 552 Validity Testing and Normative Values of the Simple Lifestyle Indicator Questionnaire (SLIQ)**  
Adam Pike, St. John's, NL; Marshall S. Godwin, CCFP, FCFP, St. John's, NL; Cheri Bethune, MD, FCFP, St. John's, NL; Allison Kirby, MA, St. John's, NL
- 553 Primary Care Personal Health Record: Does user involvement in development improve utilization rates?**  
Gillian Bartlett, PhD, Montréal, QC; Lisa Dolovich, PharmD, Hamilton, ON; David H. Chan, MSc, MD, CCFP, FCFP, Ancaster, ON; Michelle Howard, Hamilton, ON; Ellen E. Rosenberg, CCFP, FCFP, Montréal, QC; Roland Grad, MDCM, MSC, FCFP, Montréal, QC; Liisa Jaakkimainen, CCFP, Toronto, ON; Martin G. Dawes, MCFP, Vancouver, BC
- 554 A Combined Primary Care and Public Health Intervention for Promoting Healthy Weight in Children**  
Jyoti Kotecha, PhD (candidate) MPA, CChem MRSC, Kingston, ON; Karla Galaviz, MSc, Kingston, ON; Lucie Lévesque, PhD, Kingston, ON; Joe Baldock, Kingston, ON

- 555 By Utilizing EMR Data Can We Determine How Patients With Hypertension Are Managed in Ontario?**  
Christine Cobbler, BSc, MPH (candidate), Kingston, ON; Jyoti Kotecha, PhD (candidate) MPA, CChem MRSC, Kingston, ON; Michelle Greiver, CCFP, FCFP, North York, ON; Moira Stewart, PhD, London, ON; Tyler Williamson, PhD, Kingston, ON; Richard V. Birtwhistle, MD MSc CCFP, FCFP, Kingston, ON
- 556 Process Modelling of a Large Family Medicine Teaching Facility**  
Noah Vale, Montréal, QC; Michel Lortie, Montréal, QC; John Hughes, Montréal, QC
- 557 How Da Vinci, a Clinical Information System, Enhances the Practices of Interdisciplinary Primary Care Teams**  
Marie-Thérèse Lussier, MD, MSc, CCFP, FCFP, Montréal, QC; Vedel Isabelle, MD, PhD, Montréal, QC; Liette Lapointe, PhD, Montréal, QC; Claude Richard, PhD, MA, Montréal, QC; Johanne Goudreau, BScN, MScN, PhD, Laval, QC; Lyne Lalonde, PhD, Laval, QC; Alain Turcotte, MD, PhD, Laval, QC
- 558 Pan-Canadian Primary Health Care Indicators: An update**  
Brenda Tipper, MHSc, Toronto, ON
- 559 Building Primary Health Care Data and Research Capacity in Canada**  
Patricia Sullivan-Taylor, BSN, MPA, PMP, Toronto, ON
- 560 Partners in Prevention: Survey of BC primary care physicians' experience with immunization delivery**  
Janusz Kaczorowski, PhD, Vancouver, BC; Jane Buxton, MD, Vancouver, BC; Shu Yu Fan, MSc, Vancouver, BC; Charl Badenhorst, MD, Fort St. John, BC; Andrea Derban, BScN, Victoria, BC; Simon Dobson, MD, Vancouver, BC; Paul Hasselback, MD, Kelowna, BC; Marcus Lem, MD, Vancouver, BC; Michelle Linekin, MD, Vancouver, BC; Shelagh Machin, BScN, Victoria, BC; Janice McCrea, BSN, Vancouver, BC; Tamsin Morgana, MA, Vancouver, BC; Barra O'Briain, MD, Vancouver, BC; David Scheifele, MD, Vancouver, BC; Meena Dawar, MD, Vancouver, BC
- 561 Multimorbidity Burden in a Family Medicine Population**  
Denise Campbell-Scherer, MD, PhD, CCFP, Edmonton, AB; Lee Green, MD, MPH, ABFP, Edmonton, AB
- 562 Le niveau de littératie en matière de santé est-il associé à la qualité de la gestion des maladies chroniques en soins de première ligne (SPL)? Une étude-pilote**  
Mathieu Moreau, MD, Laval, QC; Marie-Christine Dorion, Montréal, QC; Marie-Thérèse Lussier, MD, MSc, CCFP, FCFP, Montréal, QC; Marie-Dominique Beaulieu, CCFP, FCFP, Brossard, QC; Mylène Drouin, MD, Montréal, QC
- 563 CPCSSN: The Canadian Primary Care Sentinel Surveillance Network: Its challenges and the case of the province of Québec**  
Claude Richard, PhD, MA, Montréal, QC; Marie-Thérèse Lussier, MD, MSc, CCFP, FCFP, Montréal, QC
- 564 Factors Affecting Family Physician Recruitment to a Project Exploring the Potential for Self-Care in the Management of Mild to Moderate Depression**  
Mark J. Yaffe, MD, CCFP, FCFP, Montréal, QC; Deniz Sahin, MD, MSc Candidate, Montréal, QC; Jane McCusker, MD, DPH, Montréal, QC; Manon Deraad, Montréal, QC; Cindy Ibberson, Montréal, QC; Tamara Sussman, PhD, Montréal, QC; Kim Lavoie, PhD, Montréal, QC; Erin Strumpf, PhD, Montréal, QC
- 565 Assessing the Outcomes of Community Based Participatory Research: A realistic review of what works, for whom, and in what circumstances**  
Ann C. Macaulay, CCFP, FCFP, Montréal, QC
- 566 Patient Focus Groups: A cost- and time-efficient tool to elicit feedback for optimizing the family medicine care experience**  
Emily Marshall, PhD, Halifax, NS; Alethea Lasas, MD, CCFP, Halifax, NS
- 567 Better Than "Best" Evidence? The information assessment method can help information providers to integrate family physicians' feedback**  
Pierre Pluye, MD PhD, Montréal, QC; Roland Grad, MDCM, MSC, FCFP, Montréal, QC; Carol Repchinsky, Ottawa, ON; Barbara Jovaisas, Ottawa, ON; Denice Lewis, Montréal, QC; David Tang, Montréal, QC; Vera Granikov, MLS, Montréal, QC; James Bonar, Ottawa, ON; Bernard A. Marlow, CCFP, FCFP, Mississauga, ON
- 568 Pharmacist-Managed Warfarin Protocol in Longterm Care**  
Randall Sargent, CCFP, Canmore, AB; Patrick Quail, CCFP, FCFP, Calgary, AB; Diana L. Turner, CCFP, FCFP, Calgary, AB; Cynthia Brocklebank, BPharm, Calgary, AB; Marisa Dharmawardene, CCFP, Calgary, AB; Tyler Williamson, PhD, Kingston, ON; Meghan Doraty, BHSc MFA, Calgary, AB; Helen Tam, BA, BSc, Calgary, AB; David Linton, Calgary, AB; Neil Drummond, PhD, Calgary, AB
- 569 Effect of Vaginal Self-Sampling on Cervical Cancer Screening Rates: A community-based study in Newfoundland and Labrador**  
Pauline Duke, CCFP, St. John's, NL; Marshall S. Godwin, CCFP, FCFP, St. John's, NL; Gerry Mugford, PhD, St. John's, NL; Andrea Pike, St. John's, NL; Martha Traverso-Yepes, PhD, St. John's, NL; Sam Ratnam, PhD, St. John's, NL; Adrian Lear, MD, St. John's, NL; Mohamed Ravalia, CCFP, St. John's, NL; Wendy R. Graham, CCFP, Channel-Port-aux-Basques, NL; Lesa Dawson, FRCSC, St. John's, NL; Daniel Fontaine, MD, St. John's, NL
- 570 Implementing the First Primary Care Cervical Screening Initiative: The case in Afghanistan**  
Ashnoor Nagji, MD, CCFP, Vancouver, BC
- 571 Determinants of Diarrheal Disease: A study of rural Haitian households**  
Laura Whyte, MD, Moncton, NB
- 572 A Structured Asthma Assessment Flow Sheet Will Improve Asthma Control in Patients Initiating HFA-Bclomethasone (HFA-BDP) Therapy**  
Alan G Kaplan, MD, CCFP(EM), FCFP, Richmond Hill, ON
- 573 A Structured Asthma Flow Sheet Will Assist the Physician in the Education of Patients With Asthma.**  
Alan G Kaplan, MD, CCFP(EM), FCFP, Richmond Hill, ON
- 574 A Randomised Control Trial of the Effect of Education in the FP's Office on Asthma-Related Behaviours**  
Andrew Cave, FRCCP, FCFP, Edmonton, AB; Colleen Makarowski, CRT, Edmonton, AB; Elaheh Ahmadi, MD, Edmonton, AB
- 575 Straight Leg Raise Test Interpretation Based on Clinical Outcomes**  
Greg McIntosh, MSc, Oakville, ON; Hamilton Hall, MD, Toronto, ON
- 576 How Do Family Physicians Prescribe Exercise for the Management of Osteoporosis?**  
Kirsten Jewell, BSc/BPHE, London, ON
- 577 Adult ADHD: Is it a commonly missed diagnosis?**  
Behrook Raissi, MD, MPH, Calgary, AB; John Fralick, MSc, Calgary, AB; Raissi B, Peiravi H, Poorthencheri S, Fralick J, Drummond N, Tink W, Arsmson H, Branch J

**Thursday Posters**

- 601 Impact of a Pre-clerkship Family Medicine Longitudinal Experience on Clerkship Objective Evaluation (OSCE)**  
Kymm Feldman, MD, CCFP, MHSc, Toronto, ON
- 602 Family Medicine Residents – Risk of adverse motor vehicle events – Comparison between rural and urban placements**  
Fred H. Janke, CCFP, FCFP, Sylvan Lake, AB  
AUTHORS: Fred Janke, MD, Bonnie Dobbs, PhD, & Rhianne McKay, MA, Department of Family Medicine, University of Alberta
- 603 Experiences of Family Medicine Residents in Primary Care Obstetrics Groups**  
Sudha Koppula, BSc, MD, MCSc, CCFP, Edmonton, AB

**POSTERS • AFFICHES**

- 604 Patient Perceptions and Experiences of Family Medicine Care in a Teaching Clinic**  
Alethea Lasca, MD, CCFP, Halifax, NS
- 605 Clinical Scholar Program at Laval University: An enhanced skills program to encourage academic careers in family medicine**  
Miriam Lacasse, MD MSc CCFP, Québec, QC
- 606 Perceived and Actual Competency in a Family Medicine OSCE: Insight for a competency based curriculum**  
Leonora Sara Lalla, CCFP, Montréal-Ouest, QC
- 607 A Systematic Review of Using CT Skills Tests to Predict Academic and Clinical Performance in Various Health Fields**  
Kimberly Loeffler, CCFP, Edmonton, AB
- 608 The Human Face of Family Medicine: Fitting medical humanities into CANMEDS-FM**  
Alan Ng, MBChB, MRCP(UK), CCFP, Ottawa, ON
- 609 There's More to Life Than Fife: Helping learners actively combine EBM and a patient-centred approach**  
Lara Nixon, MD, CCFP, BEd, Calgary, AB
- 610 Developing Competencies and Attitudes Toward Interprofessional Collaboration: A reproductive health project during undergraduate training**  
Wendy V. Norman, MD, MHSc, FCFP, Vancouver, BC
- 611 Evaluation of a Multidisciplinary Group-Based Diabetes Education Program in a Family Medicine Residency Teaching Clinic**  
Joanne Parker, RN MScN, Winnipeg, MB
- 612 Self-Reflective Research: The journals of a medical educator**  
Maureen E. Rappaport, CCFP, FCFP, Montréal, QC
- 613 Programme d'enseignement formel axé sur l'intégration des compétences pour les résidents en médecine familiale de l'Université Laval**  
Josette Castel, MD MSc CCFP FCFP, Québec, QC
- 614 Le groupe d'action prioritaire « communication » de la SIFEM : Une démarche éducative francophone pour le développement de cette compétence chez les médecins**  
Claude Richard, PhD, MA, Montréal, QC
- 615 Difficultés de raisonnement clinique : Une taxonomie utile pour l'encadrement des étudiants dans le milieu clinique**  
Marie-Claude Audétat, M.Ps., MA(Ed), Montréal, QC
- 616 Approaches in Family Medicine: The first pre-clinical undergraduate family medicine course in Canada**  
Michael J. Sylvester, CCFP, FCFP, Kingston, ON
- 617 Development of an Online Virtual Patient Clinical Case in Palliative Care for Year 3 Family Medicine Clerkship at the University of Alberta**  
Amy Tan, MD, CCFP, Edmonton, AB
- 618 Use of a Procedural Skills OSCE to Evaluate Resident Competency**  
Ian P. Sempowski, CCFP(EM), Kingston, ON
- 619 Perceived Influence of Electronic Medical Records on Family Medicine Resident Learning: A primer for clinical teachers**  
Alison Sinnott-Drover, MD, CCFP, St. John's, NL
- 620 Piloting a 'Geriatric Passport': A self-directed learning tool for family medicine residents**  
Gweneth I. Sampson, CCFP, FCFP MScCH, Stouffville, ON
- 621 The Evolution of a Faculty Mentoring Program for an Academic Family Medicine Department**  
Barbara Stubbs, MD CCFP FCFP, Toronto, ON
- 622 Resident Resilience in a Distributed Residency Program**  
Eva Knell, CCFP, FCFP, Vancouver, BC
- 623 Family Medicine Education: Examining the educational training and roles of academic non-physician health care professionals in family medicine teaching**  
Viola Antao, MD, CCFP, MHSc, Toronto, ON
- 624 How Engaged are Connected Students: The perils of wireless classrooms**  
Sarah Forgie, MD, FRCPC, Edmonton, AB
- 625 Integrating Quality Improvement (QI) in Family Medicine Resident Education**  
Michelle Naimer, MD, CCFP, MHSc, Toronto, ON
- 626 What is the Impact of a Faculty Advisory on Career Choice?**  
Douglas L. Myhre, CCFP, FCFP, FRRMS, Calgary, AB
- 627 Family Medicine Triple C Postgraduate Curriculum Framework**  
Martha McKeen, B.A., MLLitt, Ottawa, ON
- 628 Stethoscopes and Moccasins: Creating a culturally safe learning environment for First Nations, Inuit and Metis medical students**  
Daniele Behn Smith, CCFP(EM), Edmonton, AB
- 629 Interprofessional Care (IPC) in an Academic Family Health Team Setting: Final results for a case study assessing nurse-family physician collaborative patient care at the Queen's Family Health Team**  
Glenn D. Brown, CCFP(EM), FCFP, Napanee, ON

**Facilitated Posters**

- 630 More than Band-Aid Medicine: Teaching and evaluating an advocacy curriculum for family medicine residents in Nunavut**  
Madeleine Cole, CCFP, Iqaluit, NU
- 631 INCommunity : Immersion in neglected populations/Immersion en populations négligées**  
Anne-Sophie Thommeret-Carrière, Étudiante en médecine à l'Université de Montréal, Ste-Marthe-sur-le-Lac, QC
- 632 Understanding Health Care Needs in an Indigenous Village in Rural Panama**  
Linde Corrigan, Pembroke, ON
- 633 Evaluating the Medical Education Component of a Short-Term Medical Mission Partnering the University of Panama and the University of Ottawa**  
Melissa Vyvey, MD, MPhil, Ottawa, ON
- 634 Advocating for Global Health Curriculum in Family Medicine: The resident perspective**  
Archna Gupta, HBSc, MD, Hamilton, ON; Rachel Talavlikar, Victor Ng, Yelena Chorny, Aakriti Chawla, Micheal Farrugia, Jason Lorette, Danyaal Raza, Melissa Vyvey

- 
- 635 Task Shifting in Primary Care: Modeling international non-governmental organizations - Design of community health workers programs**  
Marie-Renee B-Lajoie, Montréal, QC
- 
- 636 Montréal-Based Global Health Elective**  
Annie Li, Montréal, QC
- 
- 637 Primary Health Care Needs Assessment for Calgary's Homeless Populations and the Role of a Student-Run Medical Clinic**  
Katherine Gibson, Calgary, AB (Authors: Katherine Gibson, MPH; Dave Campbell, MSc; Wilfreda Thurston, PhD)
- 
- 638 The Effects of Reproductive Health Education delivered by International Volunteers in Secondary Schools in Rural Peru: Student perceptions**  
Jennifer Baxter, Kingston, ON

**Resident Posters**

- 
- 639 A Chart Review and Working Algorithm of Medical Transfers Out of the Tofino General Hospital Emergency Department, British Columbia**  
Simon-Pierre Landry, MD, Nanaimo, BC
- 
- 640 Competency and Family Medicine Education**  
David Lapierre, MSc, MD, Chatham, ON
- 
- 641 Bleeding in Early Pregnancy: A qualitative study of women's experiences in the emergency department**  
Carolyn Nowry, MD, Toronto, ON
- 
- 642 Do We Follow Prostate Cancer Screening Guidelines at Stonechurch Family Health Centre?**  
Nick Minos, MD, Ancaster, ON
- 
- 643 Community Family Medicine Walk-In Clinics and Their Impact on Emergency Department Usage**  
Anthony Rizzuto, MD, Montréal, QC
- 
- 644 Pregnancy Care and the Obese Patient: How do we measure up?**  
Katherine Ker, MD, Hamilton, ON; Angela Lalla, Hamilton, ON; Rachel Loewith, Hamilton, ON
- 
- 645 Assessing Time in Therapeutic Range of Queen's Family Health Team Patients Taking Warfarin Before and After Implementation of a Pharmacist-led, Multi-Disciplinary Anticoagulation Management Program**  
Allison Chow, BHSc, MD, Kingston, ON; Lucy Feng; John Doan; Sherri Elms; Danyal Martin; Karen Patricia Hall Barber, MD CCFP, Kingston ON
- 
- 646 Maintaining Procedural Skill Competence**  
Gregory Stewart, BMSc MD CCFP(c), Stratford, ON
- 
- 647 Factors Influencing Medical Students' Choice of Community When Arranging Rural and Small Community Clinical Placements**  
Morgan Kwiatkoski, BHSc, MD, Hamilton, ON

**Student Posters**

- 
- 648 Non-Alcoholic Fatty Liver Disease in a Patient with Fatigue**  
Carmen Fong, Calgary, AB
- 
- 649 How do Family Physicians Prescribe Exercise for the Management of Osteoporosis?**  
Kirsten Jewell, BSc/BPHE, London, ON; Adam McClure, BSc/BPHE; Kathleen Thomasson, BSc Hons
- 
- 650 Screening for Adult Obesity in Family Practice**  
Tasha Kulai, Halifax, NS
- 
- 651 Assessing the Readiness for Interprofessional Education in Health Care Students**  
Joyce Lam, BSc, Calgary, AB
- 
- 652 House Calls in Medical Practice and Education: Interests, attitudes and beliefs of family medicine residents and physicians**  
Authors & Affiliations: Joshua Liu (1), Sabrina Akhtar (2,3); (1) Faculty of Medicine, University of Toronto, Toronto, Ontario; (2) Toronto Western Family Health Team, University Health Network, Toronto, Ontario; (3) Department of Family and Community Medicine, University of Toronto, Toronto, Ontario
- 
- 653 Validity Testing and Normative Values of the Simple Lifestyle Indicator Questionnaire (SLIQ)**  
Adam Pike, St. John's, NL
- 
- 654 Complex Sleep-related Behaviours and Sedative-Hypnotics**  
Ali Qazalbash, BSc, Kingston, ON
- 
- 655 Cannabinoids in Clinical Practice: Experiences and educational needs**  
Daniel Ziemianski, BSc, Montréal, QC
- 
- 656 Self-Assessment of Health Professionals' Cultural Competency**  
Sarah Hanafi, Edmonton, AB
- 
- 657 The Acquisition and Utility of the Family Medical History in Primary Care**  
Authors: Amanda Abate; Karen Hall-Barber
- 
- 658 The Importance of Distinguishing Major Depressive Disorder and Depression Secondary to General Medical Condition: A case study**  
Ying Wang, Calgary, AB
- 
- 659 To Test or Not to Test: The balancing act of investigation complications versus the pursuit of a diagnosis – A case study**  
Vanessa Millar, BSc, MSc, Calgary, AB

**Friday Posters**

- 
- 700 An Evidence-Based Protocol for Medically At-Risk Drivers: Evidence of increased physician engagement and confidence in decision-making**  
Bonnie Dobbs, PhD, Edmonton, AB
- 
- 701 Effect of Vaginal Self-sampling on Cervical Cancer Screening Rates: A community-based study in Newfoundland and Labrador**  
Pauline Duke, CCFP, FCFP, St. John's, NL
- 
- 702 Simple Spirometry as a First Line Test for Asthma Diagnosis in Primary Care**  
Anthony D'Urzo, CCFP, FCFP, Toronto, ON
- 
- 703 Weight Change Amongst Obese Patients on a Physician-Developed Diet Plan in Southern Alberta**  
Jody Boffa, MSc, Calgary, AB
- 
- 704 Factors Associated with Institutionalization Among Patients in the Family Practice Ward**  
Natalie Ann Jahnke, MD, Vancouver, BC

## POSTERS • AFFICHES

- 705 Exploring the Factors Impacting Leadership and Work Life in Family Medicine**  
*Paul Krueger, PhD, Toronto, ON*
- 706 Quality in Family Practice Book of Tools**  
*Cheryl A. Levitt, MBBCh, CCFP, FCFP, Hamilton, ON Authors: Dr. Cheryl Levitt MBBCh CCFP FCFP & Linda Hills BScN Med*
- 707 Antibiotic Treatment Failure in Obesity: One size fits all dosing strategy the culprit?**  
*Cristina Longo, MSc, Montréal, QC*
- 708 Identifying Prenatal Risk Factors at a High Needs Primary Care Obstetrical Clinic in London Ontario**  
*Laura Lyons, CCFP, London, ON, The Department of Family Medicine, Schulich School of Medicine and Dentistry, The University of Western Ontario*
- 709 Making Connections: What young healthy adults expect from using an online personal health record**  
*Quynh Nguyen, bsc, Montréal, QC*
- 710 Knowledge and Perception of Fracture Risk Among Post-Menopausal Canadian Women With or Without Diagnosed Osteoporosis**  
*Alexandra Papaioannou, Hamilton, ON*
- 711 Family Doctors Caring For Women at High Risk For Breast Cancer: Helping put beliefs into action**  
*Lise Paquet, PhD, Ottawa, ON*
- 712 Utilization of Family Physicians in the H1N1 Vaccination Programs of Canadian Provinces and Territories during the Fall 2009 Pandemic: Final results**  
*Andrea Pike, St. John's, NL*
- 713 Canadian Forces Submarine Escape Training: Analysis of injury patterns**  
*William Rideout, CCFP, Chapel Hill, NC  
Rideout WE, Grodecki AM, Pestell DL, Freiberger JJ*
- 714 Optimizing Chronic Disease Management and Prevention from the Physician's Office to Community Activity Partnerships**  
*Peter J. Bouch, CCFP, Red Deer, AB*
- 715 Évaluer les comportements des médecins en ce qui a trait au diagnostic précoce de la MPOC en fonction de leur évaluation des symptômes des patients**  
*Jacques Bouchard, MD, MCFP, La Malbaie, QC*
- 716 Implementing Open Access in a Multidisciplinary Academic Family Health Team**  
*Kevin Brophy MA HK, BHSc, Toronto, ON, Dina Carovska, Mary Guyton, Timea Urban, Christopher Yarnell*
- 717 Use of a Chronic Disease and Preventative Care Registry in Primary Care**  
*Tracy Burton, CCFP, Pincher Creek, AB*
- 718 The Development of Evidence-Based Guidelines For Early Detection And Management of Symptomatic Colorectal and Lung Cancers In Primary Care**  
*Lisa M.E. Del Giudice, CCFP, Toronto, ON*
- 719 Who is Prescribing the Treatment for Latent Tuberculosis Infection?**  
*Analia Rubinowicz, Montréal, QC*
- 720 Health Maintenance from 0-5 years: What's new in the 2011 Rourke Baby Record**  
*Leslie Rourke, MD, CCFP, FCAP, MClinSc, St. John's, NL*
- 721 Identifying Prenatal Risk Factors at a High Needs Primary Care Obstetrical Clinic in London Ontario**  
*Laura Lyons, CCFP, London, ON, The Department of Family Medicine, Schulich School of Medicine and Dentistry, The University of Western Ontario*
- 722 Guidelines in Travel Medicine: A step forward best practices**  
*Suzanne Gagnon, CCFP, FCFP, MD, MA, professeure agrégée, Québec, QC*
- 723 Development of an Urban, Primary Care-Based Antibiogram of Urinary Cultures in Ottawa, Ontario**  
*Roland Hall, BSc.Pharm, ACPR, PharmD, Ottawa, ON*
- 724 Primary Health Care Content Standard for Electronic Medical Records (EMRs) Benefits Patients, Clinicians, Researchers, Chronic Disease Management Programs and Patients in Canada**  
*Patricia Sullivan-Taylor, BSN, MPA, PMP, Toronto, ON*
- 725 Cerebral Decompression Sickness Cases at Duke University: Case series analysis of patterns of presentation**  
*Anna Grodecki, CCFP, Chapel Hill, NC  
Grodecki AM, Rideout WE, Cianci P, Freiberger JJ*
- 726 Do Low Vitamin D Levels Correlate With Osteoporosis?**  
*Shashi Agarwal, MD, FACC, East Orange, NJ*
- 727 Application of Electronic Medical Record Data from Primary Care Networks in Modelling Resource use for Osteoarthritis Patients in Alberta**  
*Jody Boffa, msc, Calgary, AB*
- 728 Clinical Characteristics of Influenza A (H1N1) Versus Other Influenza-Like Illnesses Amongst Patients Attending a University Health Center in Oman**  
*Abdulaziz Al-Mahrezi, MB ChB, CCFP, Ruwi, Muscat*
- 729 Genital Warts: Canadians' perception, health-related behaviours and treatment preferences**  
*Deborah Labelle, London, ON*
- 730 An Electronic Tool for the Prevention of Chronic Diseases**  
*Marshall Godwin, MD MSc FCFP, St John's , NL*
- 731 Limited Application of Absolute Fracture Risk Assessment by Canadian Family Physicians**  
*Suzanne Morin, MD, MSc, FRCP, FACP, Montréal, QC*
- 732 Canadians' Perceptions of the Primary Health Care: How are we doing and what can we learn from other countries?**  
*Sukirtha Tharmalingam, MHSc, Toronto, ON*
- 733 Making it Easier for Your Patients to Keep Track of their Headaches: A new electronic headache diary**  
*Catherine A. MacLean, CCFP, FCFP, Calgary, AB*
- 734 The Evaluation of the Satisfaction Conditions by the People Applying to the Family Medicine in Turkey and Influential Factors**  
*Gözde Merzi, msc, CANKIRI, CENTER*
- 735 Les médecins des UMFs sont-ils des cliniciens factuels?**  
*Julie Marchand, Québec, QC*

- 
- 736 Implementing the First Primary Care Cervical Screening Initiative: The case in Afghanistan**  
*Ashnoor Nagji, MD, CCFP, Vancouver, BC*
- 
- 737 Shrinking Distances and Expanding Illness**  
*Sandeep M. Kumar, MBBS; DTM; EMT-A, Doha, Qatar*
- 
- 738 CANCELLED**
- 
- 739 Wheat Bran Fibre Intake and Bowel Function: The gold standard for regularity**  
*Yanni Papanikolaou, MHSc, BSc, BA, Mississauga, ON*
- 
- 740 Treating Osteoporosis After a Fragility Fracture: The family physician as the hub**  
*Marie-Claude Beaulieu, MD, CCFP, Sherbrooke, QC*
- 
- 741 Adherence to Follow-up Guidelines Among Survivors of Child and Adolescent Cancer in British Columbia, Canada**  
*Mary McBride, MSc, Vancouver, BC*
- 
- 742 Prevalence and Characteristics of Adult Lipid Abnormalities in Newfoundland's Census Metropolitan Area: Findings from Electronic Medical Records**  
*Shabnam Asghari, MD, MPH, PhD, St. John's, NL*
- 
- 743 How Does Attending a Multi-Day Medical Conference Impact Physicians' Intentions to Change Their Practices?**  
*Bernard Marlow, CCFP, FCFP, Lori Hill, MD, Mississauga, ON*

### Resident Posters

- 
- 744 Assessing Communication Between Physicians**  
*Peter Tzakas, CCFP, Toronto, ON*
- 
- 745 Resident-to-Resident Feedback Groups (RRCGs): A novel approach to evaluating rotations in residency**  
*Authors: Kevin Young, MD; Katie Cuttini, MD; Hanni Darwish, MD, and Risa Freeman, MD, CCFP, MEd, FCFP. North York General Hospital, University of Toronto, Ontario*
- 
- 746 The Westside Story: Exploring Saskatoon's HIV crisis and the role of primary care providers**  
*Larissa Pawluck, CCFP, Saskatoon, SK*
- 
- 747 Factors Influencing Family Physician Practice Change and Work Life: An oral history approach**  
*Ingrid Botting, PhD, Winnipeg, MB*

### Student Posters

- 
- 748 Impact of Socioeconomic Status on Patient Decision Making to Get the Pandemic H1N1 Vaccine**  
*Kim Cai, Medical Student, Toronto, ON*

### Janus Posters

- 
- 749 The Five Weekend Care of the Elderly Certificate Course**  
*Robert E. Lam, CCFP, FCFP, Toronto, ON*
- 
- 750 Masters of Health Sciences in Family and Community Medicine**  
*Sheila Lakhoo, CCFP, Toronto, ON*
- 
- 751 Point of Care Lactate Monitoring for Early Diagnosis and Monitoring of Sepsis in the Emergency Department**  
*Dr Andrew Sellars, CCFP, Vernon, BC*
- 
- 752 Does the Nursing Intervention Utilized in the Elder Care Study Result in a Change in the Use of Community Resources and Self-Assessment of Health**  
*Danielle O'Keefe, CCFP, St. John's, NL*
- 
- 753 Pigmented Lesions: Dermoscopy a better alphabet?**  
*Dr. David W. Knox, CCFP, FCFP, Orangeville, ON*

## SATELLITE SYMPOSIA / SYMPOSIUMS SATELLITES

### PRE-REGISTRATION REQUIRED • NO ADDITIONAL FEES PRÉINSCRIPTION OBLIGATOIRE • SANS FRAIS ADDITIONNELS

Earn extra M1 credits by attending optional satellite symposia that are being presented at breakfast (Thursday and Friday), lunch (daily) and dinner (Thursday).

*Obtenez des crédits M1 supplémentaires en assistant aux symposiums satellites facultatifs présentés à l'heure du petit déjeuner (jeudi et vendredi seulement), du déjeuner (chaque jour), et du dîner (jeudi).*

Physicians who participate in the Direct Credit Entry (DCE) process should scan their badge before entering a satellite symposium. These participants will receive an email from the CFPC notifying them of the CME credits added in their Mainpro record. They should not enter credits online or re-submit. Physicians who do not wish to participate in the DCE process should not scan their badge. These participants must inform/sign-in with the company representative, who will make arrangements to provide them with a "Certificate of Attendance".

Pre-registration recommended. If seats remain available in the room then attendance will be permitted.

*Les médecins qui participent au processus d'entrée directe des crédits (EDC) doivent faire scanner leur insigne d'identité avant d'entrer dans une séance de symposium satellite. Ces participants recevront un courriel du CMFC les avisant que des crédits de FMC ont été ajoutés à leur dossier Mainpro. Ils ne doivent pas faire de demande ni en ligne, ni autrement.*

*Les médecins qui ne veulent pas participer au processus d'EDC ne devraient pas faire scanner leur insigne. Ceux-ci doivent informer le représentant de la compagnie et s'inscrire pour que des dispositions soient prises pour leur fournir un certificat de participation.*

*La préinscription est recommandée. S'il reste des places dans la salle, les personnes non inscrites pourront y participer.*

## THURSDAY NOVEMBER 3 / JEUDI 3 NOVEMBRE

### 1217SS Fibromyalgia and Low Back Pain: Science to clinical care

07:00–08:00 Mark Ware, MBBS, MRCP, MSc, Montréal, QC

ROOM / SALLE : 710a - Palais des congrès

*During this session, participants will:*

1. review evolving knowledge regarding pain pathophysiology
2. discuss clinical applications of evolving basic science in fibromyalgia and its relevance in the treatment of chronic low back
3. define the different types of clinical pain by mechanism
4. discuss practical applications of this knowledge to patient care

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

### 1405SS APPS: Applying Practical Physician Strategies in the Management of COPD

07:00–08:00 Anthony D'Urzo, MD, CCFP, FCFP, Toronto, ON

ROOM / SALLE : 520a,b,d,e, - Palais des congrès

*At the end of this session, participants will be able to:*

1. differentiate between asthma and COPD based on clinical assessment and spirometry with the goal of applying effective strategies for timely diagnosis of COPD
2. integrate quality of life strategies into patient management
3. adopt key elements of the guidelines for treatment and management of COPD

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

### 1421SS GLP-1 Analogues, DPP-4 Inhibitors and Your Type 2 Diabetes Patients

07:00–08:00 Remi Rabasa-Lhoret, MD, Montréal, QC; Marie-Chantal Ménard, MD, Saint-Jean sur Richelieu, QC

ROOM / SALLE : 710b - Palais de congrès

*After attending this program, participants will be able to:*

1. explain currently recognized defects in Type 2 Diabetes
2. recognize the rationale for early and aggressive treatment to reach established targets
3. summarize the role of incretin agents in Type 2 Diabetes management
4. differentiate between the incretin agents available in Canada (GLP-1 receptor agonists and DPP-4 inhibitors)

*Après avoir assisté à ce programme, les participants pourront :*

1. discuter des anomalies caractéristiques du diabète de type 2 qui sont reconnues à l'heure actuelle
2. expliquer le pourquoi d'un traitement énergique précoce visant à atteindre les objectifs recommandés
3. résumer le rôle des médicaments agissant sur les incrétines dans le traitement du diabète de type 2
4. différencier les agonistes du récepteur du GLP-1 et les inhibiteurs de la DPP-4 qui sont en vente au Canada.

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

## SATELLITE SYMPOSIA / SYMPOSIUMS SATELLITES

<b>1216SS</b>	<b>What To Do When What You're Doing Isn't Working: Practical tips to optimizing depression management</b>
<b>12:30–13:30</b>	<b>Presenter:</b> Roger S. McIntyre, MD, FRCPC, Toronto, ON; <b>Moderator:</b> Jean P. Chiasson, MD, Montréal, QC
	<b>ROOM / SALLE :</b> 710b - Palais de congrès

*During this session, participants will:*

1. assess the impact of medical and psychiatric comorbidities on the ability of patients to achieve remission
2. recognize the importance of achieving remission to patients' long-term mental and physical health
3. identify the role of measurement tools in assessing and successfully treating major depressive disorder (MDD)
4. individualize treatment strategies to optimize patients' chances of remission

Cette séance et présentée en anglais et des diapositives seront disponibles en anglais et en français.

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

<b>1378SS</b>	<b>IMPACT: IMproving PAatient Care in Type 2 diabetes</b>
<b>12:30–13:30</b>	<b>Lawrence Leiter, MD, FRCPC, FACP, Toronto, ON; John Axler, MD, CCFP, FCFP, Toronto, ON; Jean-Marie Ékoé, MD, CSPQ, PD, Montréal, ON</b>
	<b>ROOM / SALLE :</b> 710a - Palais des congrès

*During this session, participants will:*

1. discuss the clinical benefits of optimizing glycemic control in patients with Type 2 Diabetes in order to reduce the risk of microvascular and potentially, macrovascular complications
2. assess the risk factors for hypoglycemia in order to reduce the risk for hypoglycemia and its associated complications
3. individualize selection of antihyperglycemic agents to achieve optimal glycemic control

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

<b>11656SS</b>	<b>Gut to the Chase: The need for movement in chronic constipation</b>
<b>17:30–18:30</b>	<b>Presenter:</b> Gaetano Morelli, MD, Montréal, QC; <b>Moderator:</b> Carl Fournier, MD, Rosemère, QC
	<b>ROOM / SALLE :</b> 710a - Palais des congrès

*As a result of this educational program, participants will be able to:*

1. distinguish between the physician definition of chronic constipation and that of the patient.
2. interpret the patient's presentation of symptoms with respect to constipation
3. evaluate the strengths and weaknesses of current treatment regimens
4. understand the mechanism of action of new treatment options and their use for appropriate patients

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

<b>1137SS</b>	<b>The Management of Influenza in Primary Care: A review of current recommendations</b>
<b>17:30–18:30</b>	<b>Anthony D'Urzo, MD, CCFP, FCFP, Toronto, ON</b>
	<b>ROOM / SALLE :</b> 520a,b,d,e - Palais des congrès

*During this session, participants will:*

1. become familiar with practical and timely strategies for influenza diagnosis in the community setting
2. become familiar with management strategies for both seasonal and pandemic influenza, including the role of vaccination
3. review the most current recommendations on the role of antiviral therapy in influenza management

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

<b>1391SS</b>	<b>Treating Eczema Beyond the Flare: Applying the new maintenance therapeutic paradigm to your practice</b>
<b>17:30–18:30</b>	<b>Presenter:</b> Maha Dutil, MD, FRCPC, Toronto, ON; <b>Moderator:</b> Claude Laroche, MD, Montréal, QC
	<b>ROOM / SALLE :</b> 710b - Palais des congrès

*At the end of this session, participants will be able to:*

1. better understand how a compromised skin barrier affects the chronic course of recurring flares and the selection of effective treatment options
2. become familiar with the clinical justification for a preventative treatment approach
3. gain a greater appreciation for the potential advantages of utilizing a preventative maintenance treatment strategy

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

**SATELLITE SYMPOSIA / SYMPOSIUMS SATELLITES****FRIDAY NOVEMBER 4 / VENDREDI 4 NOVEMBRE****2200SS Prevention of HPV-Related Diseases: Not just a women's issue****07:00–08:00** Vivien Brown, MDCM, CCFP, FCFP, NCPM, Toronto, ON; Marina Salvadori, MD, FRCPC, London, ON;

Marc Steben, MD, CCFP, FCFP, Candiac, QC

**ROOM / SALLE : 520a,b,d,e - Palais de congrès***At the end of this session, participants will be able to:*

1. describe the clinical, social and economic impact of the burden of HPV-related diseases in males
2. explain the clinical efficacy, safety and real-life effectiveness of the quadrivalent HPV vaccine in males
3. review the role of shared responsibilities in transmission.
4. recognize the limitations of gender specific immunization programs
5. explain how to incorporate routine HPV vaccination of males into clinical practice through various counselling and logistical methods

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

**2246SS Canadian Approaches to Stroke prEvention in atrial arrhythmiaS (CASES)****07:00–08:00** Tom Hadjis, MD, FRCPC, Montréal, QC**ROOM / SALLE : 710a - Palais des congrès*****Learning objectives:****At the end of this session, participants will be able to:*

1. recognize and realize the burden of stroke in AF patients
2. identify challenges faced with managing patients with AF at risk for stroke in different clinical settings
3. use new anticoagulants for stroke prevention in patients with AF

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

**2383SS GOUT: sUA lowering therapies: The why, the when, the how****07:00–08:00** Michael Starr, MD, FRCPC, Montréal, QC**ROOM / SALLE : 710b - Palais des congrès*****During this session, participants will:***

1. appreciate the significance and long-term implications of elevated serum uric acid (sUA) levels
2. discuss strategies for managing and counselling patients with elevated sUA including a clear understanding of their risk
3. understand the benefits and limitations of current urate lowering therapies, and recognize when to initiate sUA lowering therapies

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

**2055SS Is Your Postmenopausal Patient at Risk of Fracture? What you need to know****12:00–13:00** Suzanne Morin, MD, MSc, FRCP, FACP, Montréal, QC**ROOM / SALLE : 710b - Palais des congrès*****At the end of this session, participants will be able to:***

1. incorporate new 2010 Osteoporosis Canada guidelines-based recommendations into patient care decisions
2. risk stratify postmenopausal women for risk of fracture; focussing on how to manage your moderate risk patient
3. develop evidence-based treatment plans for patients at risk of osteoporotic fracture

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

**2136SS Achieving Broad Protection Against Serogroup B: On the cusp of the first broadly protective Meningitis B vaccine****12:00–13:00** Marla Shapiro, MD, CCFP, FCFP, Toronto, ON; John Yaremko, MD, FRCPC, Montréal, QC; Marina Salvadori, MD, FRCPC, London, ON**ROOM / SALLE : 710a - Palais des congrès*****During this session, participants will:***

1. examine the epidemiology of meningococcal disease Serogroup B in Canada
2. describe the pathophysiology of meningococcal disease Serogroup B and its impact on vaccine development, with a focus on a novel multi-component meningococcal B vaccine development program
3. review and discuss clinical data of 4CMen B vaccination in various age groups - infants, adolescents and adults

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

**SATELLITE SYMPOSIA / SYMPOSIUMS SATELLITES****SATURDAY NOVEMBER 5 / SAMEDI 5 NOVEMBRE**

- 3385SS      Optimizing Asthma Management: Achieving current control and preventing future risk**  
**07:00–08:00** *Anthony D'Urzo, MD, CCFP, FCFP, Toronto, ON*  
**ROOM / SALLE : 520a,b,d,e, - Palais des congrès**

*At the end of this session, participants will be able to:*

1. discuss the current state of asthma control in Canada according to the latest guidelines
2. prevent the long-term consequences of poor asthma control (future risk) and understand the importance of improved disease control
3. employ strategies and treatment options to enhance patient adherence to therapy and achieve better asthma control

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

- 3416SS      Raising The Bar In Optimal GERD Management**  
**07:00–08:00** *Carlo Fallone, MDCM, FRCP(c), AGAF, Montréal, QC*  
**ROOM / SALLE : 520a,b,d,e, - Palais des congrès**

*During this session, participants will:*

1. specify the factors contributing to incomplete response to current PPIs
2. evaluate the new generation of longer-acting PPIs for the management of patients with GERD
3. discuss the differences between conventional and newer PPI formulations with respect to time of dosing in relation to food intake
4. describe other therapies under investigation for the treatment of GERD

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

- 3442SS      Is HRT Right for Considering: VTE, breast cancer and genetics**  
**07:00–08:00** *Presenter: to be confirmed*  
**ROOM / SALLE : 710b - Palais des congrès**

*At the end of this session, participants will be able to:*

1. understand the risk of HT related to VTEs, stroke and breast cancer
2. identify the right individuals for HT
3. counsel menopausal women by putting the benefits and risks of HT in context

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

- 3386SS      Individualizing Care for Patients with Depression: Diagnosing and treating patients with MDD**  
**12:15–13:15** *Claudio Soares, MD, FRCPC, Hamilton, ON*  
**ROOM / SALLE : 710b - Palais des congrès**

*At the end of this session, participants will be able to:*

1. recognize the importance of accurately diagnosing major depressive disorder (MDD)
2. recognize the importance of monitoring patient response to therapy and treating patients to remission
3. describe various therapeutic approaches for patients with non-response and incomplete response to initial antidepressant

Du matériel français sera disponible sur place, toutefois la présentation se fera en anglais.

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

- 3399SS      Dermatology Update: Non-melanoma skin cancer and the emerging role of the family physician**  
**12:15–13:15** *Presenters: Kevin Saunders, MD, CCFP, Winnipeg, MB; Aamir Haider, MD, PharmD, FRCPC, Oakville, ON  
Moderator: Rick Ward, MD, CCFP, FCFP, Calgary, AB*  
**ROOM / SALLE : 710a - Palais des congrès**

*Learning objectives:*

1. to enhance awareness of the prevalence, incidence, diagnosis rate, and disease burden of actinic keratosis (AK) and associated non-melanoma skin cancer
2. to enhance awareness of the prevalence, incidence, diagnosis rate, and disease burden of actinic keratosis (AK) and associated non-melanoma skin cancer
3. to provide an overview of the clinical features and pathogenesis of AK, and its potential progression to basal cell carcinoma (BCC), and squamous cell carcinoma (SCC)
4. to empower and encourage family physicians, as front-line healthcare providers, to diagnose and treat AK in an effort to reduce new

This program meets the criteria of The College of Family Physicians of Canada and has been accredited for up to 1.0 Mainpro-M1 credit.

## DEMONSTRATION THEATRE / THÉÂTRE DE DÉMONSTRATION

<b>2145D</b>	<b>IUD Insertion – (Course 3 – Repeat)</b>
<b>14:15 – 15:15</b>	<b>Ellen Wiebe, MD, CCFP, FCFP, Vancouver, BC; Konia Trouton, MD, CCFP, FCFP, Victoria, BC</b>

### SATURDAY NOVEMBER 5 / SAMEDI 5 NOVEMBRE

#### Demonstration Theatre 1 / Théâtre de démonstration 1

<b>3070D</b>	<b>Diagnosis and Treatment of Common Shoulder Pathologies – (Course 1)</b>
<b>08:30 – 09:30</b>	<b>Juan Antonio Garcia - Rodriguez, MD, CCFP, Dip Sports Med, Calgary, AB</b>
<b>3530D</b>	<b>Diagnosis and Treatment of Common Shoulder Pathologies – (Course 2 – Repeat)</b>
<b>09:35 – 10:35</b>	<b>Juan Antonio Garcia - Rodriguez, MD, CCFP, Dip Sports Med, Calgary, AB</b>
<b>3153D</b>	<b>Introduction to Wound Care (Course 2 – Repeat)</b>
<b>11:05 – 12:05</b>	<b>Mark Karanofsky, MD, CCFP, Côte St - Luc, QC</b>

#### Demonstration Theatre 2 / Théâtre de démonstration 2

<b>3148D</b>	<b>Ultrasound in family medicine (Course 1)</b>
<b>08:30 – 09:30</b>	<b>Peter Steinmetz, MD, Montréal, QC</b>
<b>3149D</b>	<b>L'utilisation de l'échographie</b>
<b>09:35 – 10:35</b>	<b>Peter Steinmetz, MD, Montréal, QC</b>
<b>3150D</b>	<b>Ultrasound in family medicine (Course 2 - Repeat)</b>
<b>11:05 – 12:05</b>	<b>Peter Steinmetz, MD, Montréal, QC</b>

## Special Interest Full-Day and Half-Day Programs Programmes d'un jour et d'une demi-journée axés sur les intérêts particuliers

The following full-day and half-day programs were developed by the CFPC's Special Interests or Focused Practices (SIFP) Program Committees and Patient Care Committees in order to offer blocks of sessions for those FMF delegates who either have a specific area of interest or desire more intense exposure to a particular clinical area.

All delegates are free to attend on a first-come/first-served basis (no pre-registration required).

*Les programmes suivants d'une journée complète et d'une demi-journée ont été élaborés par les comités des programmes de la Section des médecins de famille avec intérêts particuliers ou pratiques ciblées (IPPC) et les comités des soins aux patients afin d'offrir des blocs de séances aux participants au FMF qui s'intéressent à un domaine en particulier ou souhaitent avoir une exposition plus intense à un sujet clinique spécifique.*

*Tous les délégués sont libres d'y assister sur la base du premier arrivé, premier servi (aucune inscription préalable n'est nécessaire).*

### THURSDAY NOVEMBER 3 / JEUDI 3 NOVEMBRE

1002	Occupational Medicine Networking Breakfast
07:00 – 08:00	<b>ROOM / SALLE : 512e - Palais des congrès</b>
1003	General and Family Practice Anaesthesia Networking Breakfast: How can we minimize error?
07:00 – 08:00	<b>ROOM / SALLE : 513a - Palais des congrès</b>
1004	■ Addiction Medicine Networking Breakfast ■
07:00 – 08:00	<b>ROOM / SALLE : 513b - Palais des congrès</b>
1005	Hospital Medicine Group Networking Breakfast
07:00 – 08:00	<b>ROOM / SALLE : 513c - Palais des congrès</b>
1256	Networking Breakfast in Palliative Care - Regional initiatives to facilitate expected home deaths
07:00 – 08:00	<b>ROOM / SALLE : 512f - Palais des congrès</b>

### ■ CHILD & ADOLESCENT HEALTH / SANTÉ DES ENFANTS ET DES ADOLESCENTS ■ PEDIATRIC HOT TOPICS / SUJETS D'ACTUALITÉ EN PÉDIATRIE ■

**ROOM / SALLE : 517b - Palais des congrès :**

1108	Survival Guide to Pediatric Dermatology
13:40 – 14:10	<i>Guide de survie en dermatologie pédiatrique</i> General Session / Séance générale
1109	Developmental Screening: New insights
14:10 – 14:40	<i>Dépistage développemental : Nouvelles intuitions</i> General Session / Séance générale
1116	New Pediatric Literature that will Change Your Practice
15:10 – 16:10	<i>Nouvelle littérature scientifique en pédiatrie qui changera votre pratique</i> General Session / Séance générale
1111	L'adolescent qui révèle une consommation de drogues
16:15 – 16:45	<i>The adolescent who admits taking drugs</i> General Session / Séance générale
1112	Exciting New Advances in Primary Care Pediatrics
16:45 – 17:15	<i>Progrès intéressant en soins primaires pédiatriques</i> General Session / Séance générale

**Special Interest Full-Day and Half-Day Programs  
Programmes d'un jour et d'une demi-journée axés sur les intérêts particuliers**

Thursday – continued/ JEUDI – suite

■ EMERGENCY MEDICINE / MÉDECINE D'URGENCE ■

ROOM / SALLE : 516d - Palais des congrès :

1009	New ACLS Guidelines: Adults
10:15 – 10:45	
1010	New PALS Guidelines
10:45 – 11:15	
1013	What's New in ACS & AMI?
11:20 – 11:50	
1014	Hypertensive Emergencies
11:50 – 12:20	
1016	Influenza: What's new?
13:40 – 14:10	
1017	SIRS and Sepsis in the ED
14:10 – 14:40	

■ MEDICAL – GP PSYCHOTHERAPY / PSYCHOTHÉRAPIE MÉDICALE EN MÉDECINE GÉNÉRALE ■

ROOM / SALLE : 524a - Palais des congrès :

1018	Guidelines for the Practice of Psychotherapy by Physicians
13:40 – 14:40	
1021	Managing Uncertainty: A novel approach to assessing undifferentiated mental disorders in primary care

16:15 – 17:15	

■ GLOBAL HEALTH / MÉDECINE MONDIALE ■

ROOM / SALLE : 511d - Palais des congrès :

1011	Past to Present: Outcomes of the pre-conference day 2010 and outline of 2011
10:15 – 10:30	
1012	Toolbox Topic 1: Curriculum in global health
10:30 – 11:30	
1015	Toolbox Topic 2: Service learning
11:30 – 12:20	
1019	Toolbox Topic 3: Pre-departure training
13:40 – 14:40	
1024	Toolbox Topic 4: Building partnerships
15:10 – 16:10	
1026	Toolbox Topic 5: Global health for the community family doctor
16:15 – 17:00	
17:00 – 17:15	Wrap-up

■ HEALTH CARE OF THE ELDERLY / SOINS AUX PERSONNES ÂGÉES ■

ROOM / SALLE : 523a,b - Palais des congrès :

1117	A Guided Tour of Health Care for the Elderly on the Internet
11:20 – 12:20	Computer learning centre session

ROOM / SALLE : 511a - Palais des congrès :

1284	Geriatric Care in a Family Health Team: Developing a community of practice to improve older adult care and manage the challenges of multiple co-morbidities
13:40 – 14:40	

ROOM / SALLE : 524b - Palais des congrès :

1023	Maladie d'alzheimer : Où en sommes-nous?
15:10 – 16:10	

ROOM / SALLE : 511a - Palais des congrès :

1240	Decision-making Capacity Assessment
15:10 – 16:10	
1025	Protocols for Best Practices Care for Dementia Patients in Emergency Departments and Acute Care
16:15 – 17:15	

**Special Interest Full-Day and Half-Day Programs**  
**Programmes d'un jour et d'une demi-journée axés sur les intérêts particuliers**

**FRIDAY NOVEMBER 4 / VENDREDI 4 NOVEMBRE**

**SPORT AND EXERCISE MEDICINE / MÉDECINE DU SPORT ET DE L'EXERCICE**

**ROOM / SALLE :** 513d - Palais des congrès :

2009              Sport and Exercise Medicine Networking Breakfast  
 07:00 – 08:00

**ROOM / SALLE :** 511a - Palais des congrès :

2041	What Is a Sport Concussion? (Diagnosis, assessment, epidemiology)
13:10 – 13:40	
2042	Return to Play Decisions After Concussion
13:40 – 14:10	
2047	Role of Neuropsychological Testing in Concussion
14:15 – 14:45	
2049	Sport and Exercise Medicine: Future directions
14:45 – 15:15	

**EMERGENCY MEDICINE / MÉDECINE D'URGENCE**

**ROOM / SALLE :** 524a - Palais des congrès :

2028	Toxic Status Epilepticus
09:20 – 09:50	
2029	Acute Back Pain : When to worry
09:50 – 10:20	
2043	Fever in Children
13:10 – 13:40	
2044	Infection control in the E.D.
13:40 – 14:10	
2050	Anaphylaxis
14:15 – 14:45	

**HEALTH CARE OF THE ELDERLY / SOINS AUX PERSONNES ÂGÉES**

**ROOM / SALLE :** 513b - Palais des congrès :

2007              The Geriatric Book Club: Medical humanities and care of the elderly – *Networking breakfast*  
 07:00 – 08:00

**ROOM / SALLE :** 519a - Palais des congrès :

2018	Tips and Tricks for Mucky Meds: A practical approach
08:15 – 09:15	
2027	Practical Care in the Office Setting
09:20 – 10:20	
2035	Why You May Be Missing Elder Abuse in Your Patients
10:35-11:50	

**Special Interest Full-Day and Half-Day Programs  
Programmes d'un jour et d'une demi-journée axés sur les intérêts particuliers**

**FRIDAY – continued/ VENDREDI – suite**

**[■ MATERNITY CARE DAY / JOURNÉE DES SOINS DE MATERNITÉ ■]**

**ROOM / SALLE : 514a,b,c - Palais des congrès :**

2008            Maternity Care Teachers Networking Breakfast

**07:00 – 08:00**

2019            Newborn Orthopedics: What is seen in the first few weeks?

**08:15 – 08:45**

2020            Gestational Diabetes

**08:45 – 09:15**

2031            A Practical Guide to Prenatal Genetics

**09:20 – 09:50**

2032            Preterm Labour

**09:50 – 10:20**

2036            Fertility: More than just having a baby

**10:50 – 11:20**

2037            Fever in Mother and Baby: What to do when both are hot

**11:20 – 11:50**

2045            Skin to Skin: A neurobehavioural rationale

**13:10 – 13:40**

2046            Newborn Rashes

**13:40 – 14:10**

2051            The Crying Baby

**14:15 – 15:15**

**[■ RESPIRATORY MEDICINE – MÉDECINE RESPIRATOIRE ■]**

**ROOM / SALLE : 513a - Palais des congrès :**

2006            Respiratory Medicine Networking Breakfast

**07:00 – 08:00**

**ROOM / SALLE : 520a,b,d,e - Palais des congrès :**

2014            Spirometry: Why should you do it?

**08:15 – 08:35**

2015            Sinusitis Guidelines

**08:35 – 08:55**

2016            Will You Recognize That Case of TB?

**08:55 – 09:15**

2025            Adult Asthma: Pearls to change your management

**09:20 – 09:50**

2026            Paediatric Asthma: Pearls to change your management

**09:50 – 10:20**

2033            Inhaler Devices: Do you know how to use them?

**10:50 – 11:20**

2034            Action Plans: How to use them

**11:20 – 11:50**

**2001            Chronic Non-Cancer Pain Networking Breakfast**

**07:00 – 08:00    ROOM / SALLE : 513f - Palais des congrès**

**2010            [■] Medical GP Psychotherapy Networking Breakfast [■]**

**07:00 – 08:00    ROOM / SALLE : 513c - Palais des congrès**

**2011            Prison Medicine Networking Breakfast**

**07:00 – 08:00    ROOM / SALLE : 512f - Palais des congrès**

**2334            Special Interest Program in Developmental Disabilities Medicine – Networking Breakfast**

**07:00 – 08:00    ROOM / SALLE : 513e - Palais des congrès**

**Special Interest Full-Day and Half-Day Programs**  
**Programmes d'un jour et d'une demi-journée axés sur les intérêts particuliers**

**SATURDAY NOVEMBER 5 / SAMEDI 5 NOVEMBRE**

**■ ADDICTION MEDICINE / MÉDECINE DE LA TOXICOMANIE ■**

**ROOM / SALLE :** 524c - Palais des congrès :

3335	Breaking Free From Addictions
11:05 – 11:35	
3347	Talking About Addiction With Our Patients: When and how?
11:35 – 12:05	
3020	Identification and Management of Prescription Opioid Misuse and Addiction
13:25 – 13:55	
3021	Marijuana: Myths and misconceptions
13:55 – 14:25	
3023	Buprenorphine Prescribing: A primer for family physicians
14:30 – 15:00	
3024	Office Management of At-Risk Drinking and Alcohol
15:00 – 15:30	

**■ EMERGENCY MEDICINE / MÉDECINE D'URGENCE ■**

**ROOM / SALLE :** 516b - Palais des congrès :

3018	AIT à haut risque
13:25 – 13:55	
3019	Lipid Emulsion Therapy
13:55 – 14:25	
3022	Acetaminophen Ingestions
14:30 – 15:00	

**■ RESPIRATORY MEDICINE/ MÉDECINE RESPIRATOIRE ■**

**ROOM / SALLE :** 511a - Palais des congrès :

3003	Chronic Cough: A quick overview for family physicians
08:30 – 09:00	
3004	Dyspnea Management
09:00 – 09:30	
3008	Case Study: Does it matter?
09:35 – 10:05	
3009	COPD: A different disease than you thought – from diagnosis to management
10:05 – 10:35	
3029	Why Are You Dyspneic? Beyond the asthma, COPD, CHF and CAD!
11:05 – 12:05	

**■ MENTAL HEALTH / SANTÉ MENTALE ■**

**ROOM / SALLE :** 516d - Palais des congrès :

3007	An Organized Targeted Approach to Your Patients With Mental Health Problems: All in realistic time
08:30 – 15:30	

**■ SPORT AND EXERCISE MEDICINE / MÉDECINE DU SPORT ET DE L'EXERCICE ■**

**ROOM / SALLE :** 524b - Palais des congrès :

3005	The ABCs of Anti-Doping for the Family Physician
08:30 – 09:00	
3006	Paralympic Athletes
09:00 – 09:30	
3010	Primary Care Approach to Ankle Injuries
09:35 – 10:05	
3011	Non-surgical Management of Osteoarthritis
10:05 – 10:35	
3016	<i>Des causes fréquentes de douleur à la région de la hanche et de l'aine chez les sportifs</i>
11:05 – 11:35	
3017	<i>La douleur antérieure non-traumatique au genou au bureau</i>
11:35 – 12:05	

## FAMILY MEDICINE EDUCATION FORUM (FMEF) FORUM SUR L'ÉDUCATION EN MÉDECINE FAMILIALE (FEMF)

This program meets the accreditation criteria of The College of Family Physicians of Canada and has been accredited for up to 6 Mainpro-M1 credits.

*Ce programme satisfait aux critères d'approbation du Collège des médecins de famille du Canada et a été approuvé pour un maximum de 6 credits.*

**PRE-REGISTRATION IS REQUIRED / LA PRÉINSCRIPTION EST OBLIGATOIRE**

**08:15 – 18:00 Show and Tell Posters / Affiches d'expression libre  
ROOM / SALLE : 511a,d & FOYER - Palais des congrès**

1. University of Manitoba - Distributed Medical Education Streams in Manitoba
2. University of Alberta - Family Medicine Education: Really Good Stuff
3. Memorial University - Family Medicine Scholarship Program/Family Medicine Clerkship/Project for Enhanced Rural/Remote Training in Family Medicine/Rural Clinical Schools Medical Education Network
4. McGill University - Towards Professionalizing Humanitarian Aid: A Program for Residents at McGill University
5. University of British Columbia - Observation-Reflection-Awareness: A Video-Review Method for Fostering Mindful Communication
6. University of Calgary – Med.Zero: A Program to “Immunize” Incoming Medical Students Against the Hidden Curriculum

FMEF and Research Day delegates are invited to the Show and Tell Networking Reception to discuss new research and educational innovations.

**08:00 – 08:30 BREAKFAST / PETIT DÉJEUNER  
ROOM / SALLE : 511a,d - Palais des congrès**

**P195 Robust Continuous Quality Improvement (CQI): A Critical Approach for Program Evaluation and Accreditation in the 21st century**

**08:30 – 12:00 Amélioration continue de la qualité (ACQ) rigoureuse : Une démarche à l'évaluation et à l'agrément de programmes au 21e siècle**

**ROOM / SALLE : 510 - Palais des congrès**

**Goals:**

1. to help delegates understand the accreditation process and the place of CQI in residency program evaluation.
2. to explore alternatives to the traditional approach to accreditation
3. to define and understand the areas to be assessed as part of accreditation and CQI in the 21st century

**Objectifs :**

1. aider les participants à comprendre le processus de l'agrément et la place de l'ACQ dans l'évaluation des programmes de résidence
2. explorer des solutions de rechange à l'approche traditionnelle utilisée dans l'agrément
3. définir et comprendre les domaines à évaluer dans le contexte de l'agrément et de l'ACQ au 21e siècle

**10:00 – 10:30 BREAK AND POSTER VIEWING / PAUSE ET VISITE DES AFFICHES  
ROOM / SALLE : 511a,d & FOYER - Palais des congrès**

**12:00 – 13:00 FMEF Lunch and Murray Stalker Lecture**

**Dejeuner du FEMF et présentation du prix Murray Stalker**

**ROOM / SALLE : 510 - Palais des congrès**

**Session cancellation:** The College reserves the right to cancel session(s) due to unforeseen circumstances and cannot accept responsibility for out-of-pocket expenses incurred due to the cancellation of any session.

**Annulation de séance:** Le Collège se réserve le droit d'annuler une ou plusieurs séances s'il survient des événements imprévus et ne sera pas responsable de toute menue dépense encourue en raison de l'annulation d'une séance.

### LEGEND/LÉGENDE

Simultaneous Interpretation / Interprétation simultanée

**P193 Transmettre de l'information sur la progression du résident entre les milieux de stage :****13:00 – 15:00 Non? Oui? Comment?*****Forward Feeding About Resident Progress Between Rotations: Yes? No? How?****Luce Pelissier-Simard, MD, CCMF, FCFM, Sherbrooke, QC; Gilbert Sanche, MD, CCMF, FCFM, Laval, QC;  
Louise Authier, MD, CCMF, FCFM, Montréal, QC***ROOM / SALLE : 510 - Palais des congrès****Objectifs d'apprentissage :**

- 1) distinguer les avantages et les inconvénients de transmettre l'information sur la progression du résident entre les milieux de stage où ce dernier aura à évoluer
- 2) comparer les pratiques en cours dans les programmes de médecine de famille du Canada
- 3) si pertinent, savoir comment transmettre de l'information entre les milieux de stage en suscitant la participation de l'étudiant.

**Learning objectives:**

1. distinguish pros and cons of forward feeding
2. compare policies and practice across FM postgraduate programs
3. propose guidelines on how to transfer information on resident's progress

**P342 Finding Research Opportunities in Your Teaching: Don't fear research; embrace it!****13:00 – 15:00 Shelley P. Ross, PhD, Edmonton, AB; Sudha Koppula, BSc, MD, MSc, CCFP, Edmonton, AB****ROOM / SALLE : 512g - Palais des congrès****At the end of this session, participants will be able to:**

1. plan to identify opportunities for scholarly activity in their teaching
2. recognize where they are already carrying out scholarly activity in their work with students and residents
3. apply ideas and examples from the workshop to their own education innovations and teaching tips

**P343 Benefits of a Competency-Based Achievement System: Going beyond resident evaluation****13:00 – 15:00 Shirley Schipper, MD, CCFP, Edmonton, AB; Michel G. Donoff, MD, CCFP, FCFP, Edmonton, AB;***Paul W. A. Humphries, MD, CCFP, FCFP, Edmonton, AB; Fred H. Janke, MD, CCFP, FCFP, Silvan Lake, AB; Darren Nichols, MD, CCFP(EM), Edmonton, AB***ROOM / SALLE : 512h - Palais des congrès****During this session, participants will:**

1. be introduced to the principles of CBAS
2. explore the ways in which CBAS supports decisions made by program directors
3. learn how to use CBAS to track progress towards competency
4. learn how CBAS can be used to identify residents in difficulty earlier and target remediation
5. identify other potential benefits of CBAS such as directed faculty development, tracking direct observation and procedural skills, building portfolios and more
6. learn how to apply their knowledge of the CBAS tools to their own programs

**P362 The Next Revolution in Medical Education and Faculty Development: An introduction to narrative****13:00 – 15:00 medicine and reflective portfolios***Michael Roberts, MD, CCFP, FCFP, Toronto, ON; Yee-ling Chang, MD, CCFP, FCFP, Toronto, ON***ROOM / SALLE : 513b - Palais des congrès****Learning objectives:**

1. understand the role of portfolio educational tools in medical curriculum and professional development
2. develop skills in narrative medical writing
3. practice and experience an appreciate feedback process

**P332 They Are Related! CanMEDS-FM and the Evaluation Objectives in a Triple C Curriculum****13:00 – 15:00 Eric Wong, MD, CCFP, London, ON; Danielle Saucier, MD, CCFP, FCFP, Québec, QC;***Ivy Oandasan, MD, CCFP, FCFP, Mississauga, ON; Karl Iglar, MD, CCFP, Toronto, ON***ROOM / SALLE : 513c - Palais des congrès****Learning objectives:**

1. describe the content of the competency frameworks involved in the Triple C Curriculum
2. discuss their relationships and respective relevance, within the Triple C Curriculum
3. explore their uses in residency program activities

**P311 The Family Medicine Curriculum Through the Eyes of the Medical Student**13:00 – 15:00 *Stephanie Roman, Ottawa, ON; Goldis Chami, Burnaby, BC***ROOM / SALLE : 513d - Palais des congrès**

Two senior medical students will present qualitative and quantitative data and insights gleaned from a pilot survey of medical students representing every Canadian medical school. We will explore student perceptions of successes and challenges inherent in undergraduate MD training at their respective medical schools. This workshop is aimed at individuals who are interested in or who design and deliver undergraduate FM curriculum, from students to program directors. Participants will gain insight into how undergraduate FM curricular components are perceived, and what the average student would want the ideal undergraduate FM curriculum to be. This interactive session will involve discussion of successes and challenges that undergraduate FM teachers, directors, and students face and strategies to expand both the role and content of family medicine in undergraduate MD training.

**P417 Ethics for Family Physicians: Curriculum modules and resources**13:00 – 15:00 *William F. Sullivan, MD, PhD, CCFP, Thornhill, ON; Susan E. MacDonald, MD, CCFP, FCFP, Kingston, ON;**Michael Yeo, PhD, Sudbury, ON; Isabelle Arsenault, MD, CCFP, FCFP, Saint Lambert, QC; Keith D. Ogle, MD, CCFP, FCFP, Saskatoon, SK***ROOM / SALLE : 513e - Palais des congrès**

*During this session, participants will:*

1. learn about the new CFPC Committee on Ethics' family medicine ethics curriculum goals and content for family medicine residency programs
2. learn about a proposed template for modules and sample modules with resources that have been developed to help teachers achieve these curriculum goals and evaluate learning
3. discuss ways in which these modules and related resources may be improved, applied and adapted to support ethics teaching and evaluation

**15:00 – 15:30 BREAK AND POSTER VIEWING / PAUSE ET VISITE DES AFFICHES****ROOM / SALLE : 511a,d & FOYER - Palais des congrès****15:30 – 16:30 MEDICAL EDUCATION RESEARCH PAPER PRESENTATIONS / PRÉSENTATIONS DES COMMUNICATIONS SUR LA RECHERCHE EN ÉDUCATION MÉDICALE****See page 49 / Voir la page 49****16:30 – 17:30 SHOW AND TELL NETWORKING SESSION RECEPTION / RÉCEPTION DE RÉSEAUTAGE DE LA SÉANCE D'EXPRESSION LIBRE****ROOM / SALLE : 511a,d - Palais des congrès**

FMEF and Research Day delegates are invited to the Show and Tell Networking Reception to discuss new research and educational innovations.

*Les participants au FÉMF et à la Journée de la recherche sont invités à une séance d'expression libre où ils pourront renouer avec des collègues et discuter de nouveaux projets de recherche et d'innovations dans le domaine de l'éducation.*

Les séances seront présentées dans la langue du titre mentionné. Un titre bilingue, marqué du symbole des écouteurs indique que l'interprétation simultanée sera offerte. 

The language of the session title indicates the language in which the session will be presented. For those sessions with simultaneous interpretation, the title will be bilingual with the simultaneous interpretation symbol appearing beside that title.

## 7<sup>th</sup> ANNUAL FAMILY MEDICINE RESEARCH DAY

### 7<sup>e</sup> JOURNÉE ANNUELLE DE RECHERCHE EN MÉDECINE FAMILIALE

This program meets the accreditation criteria of The College of Family Physicians of Canada and has been accredited for up to 6 Mainpro-M1 credits.

Ce programme satisfait aux critères d'approbation du Collège des médecins de famille du Canada et a été approuvé pour un maximum de 6 crédits.

**PRE-REGISTRATION IS REQUIRED / LA PRÉINSCRIPTION EST OBLIGATOIRE**

**07:00 – 08:15 BREAKFAST / PETIT DÉJEUNER**  
**ROOM / SALLE : 511a,d - Palais des congrès**

**08:15 – 08:30 WELCOME / BIENVENUE**  
**ROOM / SALLE : 511b,c,e,f - Palais des congrès**

---

**P456** **A Tale of Two Cultures: Specialists and generalists sharing the load**  
**08:30 – 08:45** *Donna P. Manca, MD, CCFP, FCFP, Edmonton, AB; Lorraine Breault, PhD, CPsych, Psych, Edmonton, AB; Paul Wishart, PhD, MA, Calgary, AB*  
**ROOM / SALLE : 512a - Palais des congrès**

---

**P659** **A National Evaluation Framework for Chronic Disease Self-Management Support Programs in Canada**  
**08:30 – 08:45** *Sharon Johnston, MD, LLM, Ottawa, ON; Hannah Irving, MA, Ottawa, ON; Karina Mill, BSc, Ottawa, ON*  
**ROOM / SALLE : 512b - Palais des congrès**

---

**P645** **Creating an Educational Research Culture in a Department of Family Medicine**  
**08:30 – 08:45** *G. Richard Spooner, MD, CCFP, FCFP, Edmonton, AB*  
**ROOM / SALLE : 512c - Palais des congrès**

---

**P445** **Characterizing the Rationale for Non-Urgent Emergency Department Use in Black Diamond**  
**08:30 – 08:45** *Trevor Trinh, MD, CCFP, Calgary, AB; John Fralick, MSc, Calgary, AB; Neil Drummond, PhD, Calgary, AB*  
**ROOM / SALLE : 512d - Palais des congrès**

---

**P208** **Vision de la relève en médecine familiale sur la collaboration entre médecins et pharmaciens**  
**08:50 – 09:05** *Luc Cote, MSS, PhD, Québec, QC; Michelle Normandeau, Montréal, QC; Brigitte Maheux, Montréal, QC; Andree Gilbert, Montréal, QC; Louise Authier, MD, CCMF, FCFP, Montréal, QC; Louise Lefort, Montréal, QC*  
**ROOM / SALLE : 512a - Palais des congrès**

---

**P553** **How Well Is Diabetes Care Managed in Patients Who Also Have Depression?**  
**08:50 – 09:05** *Patricia Sullivan-Taylor, BSN, MPA, PMP, Toronto, ON*  
**ROOM / SALLE : 512b - Palais des congrès**

---

**P525** **Just-in-Time for CME: Assessing the most pressing continuing medical education (CME) needs of practicing physicians through questions asked during clinical encounters**  
**08:50 – 09:05** *Lise Bjerre, MD, PhD, Ottawa, ON  
Authors: L. M. Bjerre (presenter), J. McGowan, W. Hogg*  
**ROOM / SALLE : 512c - Palais des congrès**

---

**P153** **Assisting Primary Care Physicians With Latest Evidence on Spinal Cord Injury**  
**08:50 – 09:05** *Mary Ann McColl, PhD, MTS, Kingston, ON; Alice Aiken, PhD, Kingston, ON; Samuel E. D. Shortt, MD, CCFP, FCFP, Ottawa, ON; Mike Schaub, MPA, Kingston, ON;*

<b>P142</b>	<b>Getting Research DONE: How managers and staff can best help</b>
<b>15:30 – 16:30</b>	<b>Pour que ce FASSE la recherche : Comment les administrateurs et le personnel peuvent le mieux contribuer</b>
	William E. Hogg, HonBSc, MSc, MCISc, MD, CCFP, FCFP, Ottawa, ON

**ROOM / SALLE : 510 - Palais des congrès**

**Purpose:** Successful research needs to be supported for the advancement of family medicine and the careers of the researchers involved. There are many ways research managers and assistants working in departments of family medicine can help. Unfortunately, there are many reasons why so many good ideas are not pursued to completion. Do you struggle with budgeting, maintaining Common CVs, or competing deadlines from different researchers? Bring to this workshop difficulties and challenges you face in supporting the researchers with whom you work. Discussion with colleagues will help define the problems and offer solutions. **Process:** We will begin with introductions of all participants and then divide into small groups of approximately ten. At least one group will work in English and one in French. Each group will be guided by a trained facilitator experienced in peer consultation. In peer consultation, the facilitators attend to the process and seek expertise and solutions from the participants in the group. In each group a participant is invited to briefly describe his or her challenge or problem. The remaining members of the group (the reflective team) ask questions to seek clarification of the problem. Typically, each member asks two or three questions. The participant who presented the problem then acts as an observer only, while the reflective team discusses the challenge or problem and offers solutions. The observer participant subsequently re-joins the group and comments on what has been helpful. The full process is repeated with a second and third participant presenting a new problem. The entire workshop is interactive.

**Objectif :** Pour l'avancement de la médecine familiale et la poursuite de la carrière des chercheurs impliqués, il faut appuyer une recherche productive. Il existe de nombreuses façons dont les administrateurs et les adjoints qui travaillent dans les départements de médecine familiale peuvent apporter leur assistance. Malheureusement, pour de nombreuses raisons, tant de bonnes idées ne sont pas menées à bien. Éprouvez-vous des problèmes avec les questions budgétaires, le maintien de curriculum vitae communs ou des échéances en concurrence imposées par différents chercheurs? Venez à cet atelier pour faire connaître vos difficultés et vos défis dans l'appui aux chercheurs avec qui vous travaillez. Des discussions avec des collègues permettront de définir les problèmes et d'offrir des solutions. **Processus :** Nous commencerons par une présentation de tous les participants qui seront ensuite divisés en groupes de dix environ. Au moins un groupe travaillera en français et un groupe en anglais. Chaque groupe sera dirigé par un facilitateur expérimenté formé en consultations avec des pairs. Dans les consultations avec des pairs, les facilitateurs s'occupent du processus et cherchent à faire ressortir l'expertise et les solutions chez les participants du groupe. Dans chaque groupe, un participant est invité à décrire brièvement ses propres défis ou problèmes. Les autres membres du groupe (l'équipe de réflexion) posent des questions pour clarifier le problème. Habituellement, chaque membre pose deux ou trois questions. Le participant qui a présenté le problème agit ensuite comme observateur seulement, tandis que l'équipe de réflexion discute du défi ou du problème et offre des solutions. Le participant observateur rejoint ensuite le groupe et fait ses commentaires sur l'utilité de l'exercice. Le processus en entier est répété avec un deuxième, puis un troisième participant qui présente à son tour un nouveau problème. Tout l'atelier se déroule de manière interactive.

---

<b>P288</b>	<b>Physician Use of EMR for Chronic Disease Prevention and Screening</b>
<b>15:30 – 16:30</b>	<i>Donna Manca, MD, CCFP, FCFP, Edmonton, AB; Marg Leyland, MSc, Toronto, ON; Denise Campbell-Scherer, MD, PhD, CCFP, Edmonton, AB; Lisa Patterson, BA, Toronto, ON; Carolina Aguilar, MA, MSc, Edmonton, AB; Colleen Wright, MA, BSc, Edmonton, AB; Nicola (Nikki) Shaw, BSc, PhD, FBCS, CITP, Sault Ste Marie, ON; Eva Grunfeld, MD, DPhil, CCFP, FCFP</i>
	<b>ROOM / SALLE : 512d - Palais des congrès</b>

During this workshop we will discuss how we developed an EMR audit tool and needs assessment. We will share our experience with EMR data extraction and how we worked with practices to identify and assist them with optimizing their EMRs.

<b>P477</b>	<b>The Impact of Family and Rural Interest Groups on Medical Students: Are they working?</b>
<b>16:00 – 16:15</b>	<i>Douglas L. Myhre, MD, CCFP, FCFP, FRRMS, Calgary, AB; Tyler Williamson, PhD, Kingston, ON; Robert Pomerleau, Moncton, NB; Lindsay Connolly, MD, Calgary, AB; Amber Jorgensen, MD, Olds, AB</i> <b>ROOM / SALLE : 512b - Palais des congrès</b>
<b>P559</b>	<b>Cultivating Resilience in Family Practice Residents</b>
<b>16:00 – 16:15</b>	<i>Kathryn King, MD, PhD, CCFP, FCFP, Nanaimo, BC; Caroline Burnley, PhD, Nanaimo, BC; Ruth Kirson, MA, Nanaimo, BC</i> <b>ROOM / SALLE : 512c - Palais des congrès</b>
<b>P447</b>	<b>The University of Ottawa Curriculum Peer Review Process: A new strategy to improve the validity, and acceptance of a modern family medicine competency-based residency curriculum</b>
<b>16:15 – 16:30</b>	<i>Eric Wooltorton, MD, MSc, CCFP, Ottawa, ON; Martha McKeen, BA, MLitt, Ottawa, ON; Francois-Gilles M. Boucher, MD, CCFP, FCFP, Ottawa, ON; Jacques Lemelin, MD, CCFP, FCFP, Ottawa, ON; Colla Jean Macdonald, BEd, PhD, Ottawa, ON</i> <b>ROOM / SALLE : 512a - Palais des congrès</b>
<b>P646</b>	<b>Tips for Teachers From the Front Lines: Residents and preceptors report the best teaching practices and tools</b>
<b>16:15 – 16:30</b>	<i>Shirley Schipper, MD, CCFP, Edmonton, AB; Shelley P. Ross, PhD, Edmonton, AB</i> <b>ROOM / SALLE : 512b - Palais des congrès</b>
<b>P181</b>	<b>What Is So Difficult About Managing Clinical Reasoning Difficulties?</b>
<b>16:15 – 16:30</b>	<i>Marie-Claude Audéat, MPs, MA(Ed), Montréal, QC; Valérie Dory, MD, PhD, Bruxelles, QC</i> <b>ROOM / SALLE : 512c - Palais des congrès</b>

\* For information on Mainpro C courses being held on the pre-conference day, see page 30.

<b>1002</b>	<b>Occupational Medicine Networking Breakfast</b>
<b>07:00–08:00</b>	<i>Joel Anderson, MD, MSc, CCFP, FCBOM, CIME, Sudbury, ON; Steve Martin, BA, MD, CCFP, MSc(A), ABPM (OM), FCBOM, Montréal, QC; Avi Whiteman, MD, MPH, CCFP, FCFP, FCBOM, FAECOM, Kirkland, QC</i>

**ROOM / SALLE : 512e - Palais des congrès***At the end of this session, participants will be able to:*

1. understand role of family doctor in returning patients to work
2. appreciate return to work as a therapeutic modality
3. identify those patients at high risk of chronicity
4. identify barriers to RTW and review strategies and solutions
5. understand the “do’s and don’ts” of effective communication with insurance companies and employers

<b>1003</b>	<b>General and Family Practice Anaesthesia Networking Breakfast: How Can We Minimize Medical Error?</b>
<b>07:00–08:00</b>	<i>Margaret Tromp, MD, CCFP, FCFP, Picton, ON</i>

**ROOM / SALLE : 513a - Palais des congrès***During this session, participants will:*

1. review the human and system factors that lead to medical error
2. discuss with colleagues practical steps that we can take to decrease medical error
3. have a chance to network with other general and family practice anesthetists

<b>1004</b>	<b>Addiction Medicine Networking Breakfast</b>
<b>07:00–08:00</b>	<b>ROOM / SALLE : 513b - Palais des congrès</b>

**■ Addiction Medicine**

All physicians with an interest in addiction medicine are invited to attend this networking session, which will provide an opportunity to meet other physicians with similar interests from around the country, as well as to provide input regarding future goals and projects for the Addiction Medicine Program Committee.

<b>1005</b>	<b>Hospital Medicine Group Networking Breakfast</b>
<b>07:00–08:00</b>	<i>Michael Kates, MD, CCFP</i>

**ROOM / SALLE : 513c - Palais des congrès***During this session, participants will:*

1. identify those interested in hospital medicine
2. identify areas in hospital medicine care where improvements can be addressed, including transition of care
3. consider projects this group could adopt or review

<b>1256</b>	<b>Palliative Care: Regional initiatives to facilitate expected home deaths</b>
<b>07:00–8:00</b>	<i>Raymond A. Viola, MD, MSc, CCFP, FCFP, Kingston, ON; Adam Day Steacie, MD, MSc, CCFP, FCFP, Brockville, ON</i>

**ROOM / SALLE : 512f - Palais des congrès***At the end of this session, participants will be able to:*

1. describe initiatives being developed in Southeastern Ontario to facilitate expected home deaths
2. seek input from primary health care providers in other regions regarding their processes to assist patients and families who prefer a home death
3. troubleshoot challenges and controversies faced when planning palliative and end-of-life care services in the home and discuss possible solutions

<b>1217SS</b>	<b>Fibromyalgia and Low Back Pain: Science to clinical care</b>

<b>■ Emergency Medicine</b>	
<i>During this session, participants will:</i>	
1. highlight specific topics that underscore essential changes in the new ACLS guidelines for adults 2. review the most recent evidence and contrast 2010 standards with previous recommendations 3. employ a case-based format to keep participants interested and promote clinical application of practice updates in advanced life support	
<b>1106 10:15–11:15</b>	<b>Oral anticoagulation in 2011: What are our options?</b> <b>L'anticoagulation orale en 2011 : Quelles sont nos options?</b>  <i>Susan Kahn, MD, MSc, FRCP, Montréal, QC</i> General Session / Séance générale <b>ROOM / SALLE : 517b - Palais des congrès</b>
<i>Learning objectives:</i>	
1. learn about the mechanisms of action of new oral anticoagulants 2. review clinical trial data on their effectiveness and safety 3. discuss the “real-life” use of these drugs	
<i>Objectifs d'apprentissage :</i>	
1) apprendre les mécanismes d'action des nouveaux anticoagulants par voie orale 2) passer en revue les données d'études cliniques sur leur efficacité et leur innocuité 3) discuter de l'utilisation de ces médicaments dans la « vraie vie » .	
<b>1112D 10:15–11:15</b>	<b>L'examen musculosquelettique efficient pour les médecins de famille : genou (1)</b> <i>Claude Rajotte, MD, CCMF, Montréal, QC</i> <b>Théâtre de démonstration</b> <b>Délégués préinscrits seulement.</b>
<b>1119 10:15–11:15</b>	<b>eGFR: When to refer and when to reassure</b> <i>Sharon Nessim, MD, MSc, FRCPC, Montréal, QC</i> <b>ROOM / SALLE : 512c,d,g,h - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. understand the benefits and pitfalls of measuring the eGFR 2. understand the utility of the microalbumin-to-creatinine ratio 3. discuss when to refer patients for nephrology consultation	
<b>1045 10:15–12:20</b>	<b>Advanced Topics in Breastfeeding Medicine: Cases and procedures</b> <i>Anjana Srinivasan, MDCM, CCFP, IBCLC, Mont-Royal, QC; Meira Stern, MDCM, CCFP, IBCLC, Montréal, QC; Howard Mitnick, MDCM, CCFP, Montréal, QC; Carole Dobrich, IBCLC, Outremont, QC</i> <b>ROOM / SALLE : 511a - Palais des congrès</b>
<i>Learning objective:</i>	
to review the diagnosis and management of more complex issues facing the breastfeeding mother–infant dyad	
<b>1049 10:15–11:15</b>	<b>Group Prenatal Care: Getting the most out of our visits</b> <i>Fanny Hersson-Edery, MD, Hampstead, QC; Isabelle Brabant, SF (midwife), Montréal, QC</i> <b>ROOM / SALLE : 519b - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. explore a different way to provide prenatal care using a group care model 2. understand how this model can be particularly beneficial for a vulnerable prenatal mother 3. situate this model within the spectrum of interprofessionalism	

<b>1096D</b>	<b>An Introduction to Wound Care (1)</b>
<b>10:15–11:15</b>	<i>Mark Karanofsky, MD, CCFP, Côte St-Luc, QC</i>
	<b>Demonstration Theatre</b>
	Pre-registered delegates only.

<b>1100</b>	<b>Inter- and Intraprofessional Education in Postgraduate Training: Moving to walking the talk</b>
<b>10:15–12:20</b>	<i>Louise Nasmith, MDCM, MEd, CCFP, FCFP, Vancouver, BC; Lesley Bainbridge, BSR(PT), MEd, PhD, Vancouver, BC</i>
	<b>ROOM / SALLE : 513a - Palais des congrès</b>

*At the end of this session, participants will be able to:*

1. describe intra- and interprofessional education in their own contexts
2. identify barriers, potential solutions and strategies to apply in their programs
3. identify strategies for assessing performance as collaborators

\* This session would be of interest to family medicine teachers.

<b>1110</b>	<b>The Ninth Annual EBM Teachers Meeting</b>
<b>10:15–12:20</b>	<i>Colleen Kirkham, MD, CCFP, FCFP, Vancouver, BC; Michel Labrecque, MD, CCFP, FCFP, Québec, QC; Roland Grad, MDCM, MSC, FCFP, Montréal, QC; Martin G. Dawes, MD, MCFP, Vancouver, BC; David H. Chan, MSc, MD, CCFP, FCFP, Ancaster, ON; Tracy Monk, MD, MCFP, Burnaby, BC; Morgan Thomas Price, MD, CCFP, Victoria, BC; Tom Elmslie, MD, CCFP, FCFP, Ottawa, ON</i>
	<b>ROOM / SALLE : 513e - Palais des congrès</b>

*EBM teachers will:*

1. share teaching tools and strategies
2. have an opportunity to network
3. participate in a discussion about common teaching problems and barriers faced in teaching EBM

\* This session would be of interest to family medicine teachers.

◊ This session would be of interest to family medicine researchers.

<b>1114</b>	<b>Diagnostiquer les difficultés de raisonnement clinique en supervision</b>
<b>10:15–12:20</b>	<i>Suzanne Laurin, MD, CMFC, Montréal, Québec; Marie-Claude Audéat, MPs, MA(Éd), Montréal, QC; Omer-Joseph Dyer, Pht, MSc, PhD, Montréal, QC</i>
	<b>ROOM / SALLE : 512e - Palais des congrès</b>

*À la fin de cet atelier, les participants seront capables de :*

- 1) présenter les difficultés de raisonnement clinique les plus souvent rencontrées en supervision
- 2) proposer un outil permettant de faciliter le diagnostic rapide de ces difficultés
- 3) appliquer cet outil à des situations concrètes.

\* Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

<b>1141</b>	<b>Approach to Depression in Primary Care</b>
<b>10:15–11:15</b>	<i>Jon Davine, MD, CCFP, FRCP, Hamilton, ON</i>
	<b>ROOM / SALLE : 511b,c,e,f - Palais des congrès</b>

*At the end of this session, participants will have an awareness of:*

1. the psychiatric differential of the "sad state"
2. the current treatment approaches to depression, both psychopharmacologic and psychotherapeutic
3. how to rule out organic factors in the assessment of the depressed patient

Les séances seront présentées dans la langue du titre mentionné. Un titre bilingue, marqué du symbole des écouteurs indique que l'interprétation simultanée sera offerte. 

The language of the session title indicates the language in which the session will be presented. For those sessions with simultaneous interpretation, the title will be bilingual with the simultaneous interpretation symbol appearing beside that title. 

## LEGEND / LÉGENDE

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

**10:15–17:15 Global Health Day****Includes sessions 1011, 1012, 1015, 1019, 1024 and 1026****Chair:** Lynda Redwood-Campbell, MD, CCFP, FCFP, DTMH, MPH, Burlington, ON**ROOM / SALLE :** 511d - Palais des congrès**■ Global Health***At the end of this workshop, participants will:*

1. be introduced to a nascent community of practice around global health education for family physicians
2. describe/use a number of concrete tools to support global health education in family medicine for Canadian trainees
3. describe and discuss some of the key steps and components in supporting the development of family medicine in low- and middle-income countries

**1011 Past to Present: Outcomes of the pre-conference day 2010 and outline of 2011****10:15–10:30** Lynda Redwood-Campbell, MD, CCFP, FCFP, DTMH, MPH, Burlington, ON**1012 Toolbox Topic 1: Curriculum in global health****10:30–11:30** Veronic Clair, MD, MSc, CCFP, FRCPC, Vancouver, BC; Katherine Rouleau, MD, CCFP, FCFP, Toronto, ON

Building a global health curriculum for family medicine: developing objectives, the 3 Cs, foundation documents, and examples.

**1015 Toolbox Topic 2: Service learning****11:30–12:20** David Ponka, MDCM, CCFP(EM), Ottawa, ON; Kevin Pottie, MD, MSc, CCFP, FCFP, Ottawa, ON; Ginetta Salvalaggio, MSc, MD, CCFP, Edmonton, AB

Beyond the simple elective – components of a solid clinical educational experience. Teaching global health in different venues.

**1019 Toolbox Topic 3: Pre-departure training****13:40–14:40** Neil Arya, BASc, MD, CCFP, FCFP, DLitt, London, ON

What, when, how, and to what end?

**1024 Toolbox Topic 4: Building partnerships****15:10–16:10** François Couturier, MD, MSc, TMH, DTM&H, CCFP, FCFP, Sherbrooke, QC; Carol Valois, MD, FCFP, Sherbrooke, QC; Katherine Rouleau, MD, CCFP, FCFP, Toronto, ON

Family medicine and global health scholarly partnerships with academic insight in low-income countries and low-resource settings in Canada. Partnering in research, education, and scholarly activities.

**1026 Toolbox Topic 5: Global health for the community family doctor****16:15–17:00** Doug Gruner, MD, CCFP, FCFP, Ottawa, ON**17:00–17:15 Wrap-Up****1222 Innovation in Family Practice: Data supported practice improvement and the infrastructure to succeed****10:15–12:20** Daniel Horvat, MD, MCFP, BSc, Prince George, BC; William L.T. Clifford, MD, CCFP, FCFP, Prince George, BC; Martin G. Dawes, MCFP, Vancouver, BC; Tracy Monk, MCFP, Burnaby, BC**ROOM / SALLE :** 512a - Palais des congrès*At the end of this session, participants will be able to:*

1. describe an approach to data use that will improve clinical care that informs the broader healthcare system, and that respects patient and provider confidentiality
2. describe the infrastructure that has been developed and how it can be of use to interested physicians
3. provide an overview of the state of primary care improvement in BC, including the role of the GP Services Committee, the Divisions of Family Practice, and the Attachment Initiative and demonstrate how this is supporting effective change in family practice

**✳ This session would be of interest to family medicine researchers.****1243 10:15–12:20 The Baycrest Advanced Geriatric Life Support (BAGLS) Program: An innovative and comprehensive approach to management of the elderly**

Michelle Allegra Hart, MD, CCFP, MScCH, Toronto, ON; Daphna Grossman, MD, CCFP(EM), FCFP, Toronto, ON; Fabio Varlese, MD, FRCPC, Toronto, ON; Amy Freedman, MD, CCFP, Toronto, ON; Sid Feldman, MD, CCFP, FCFP, Toronto, ON

**ROOM / SALLE :** 512b - Palais des congrès

The Baycrest Acute Geriatric Life Support (BAGLS) Modules will be used to gain a successful approach in the management of the following common acute, chronic and palliative presentations:

1. "Generalized unwell" and management of delirium
2. The cardiac patient
3. Dyspnea
4. Seizure

**✳ This session would be of interest to family medicine teachers.**

<b>1267</b>	<b>Effectively Teaching Procedural Skills: Moving from “See one, do one, teach one” to a structured and systematic approach</b>
<b>10:15–12:20</b>	<i>James Goertzen, MD, CCFP, MCISc, FCFP, Thunder Bay, ON</i>
	<b>ROOM / SALLE : 513f - Palais des congrès</b>

*During this session, participants will:*

1. learn key concepts from the procedural skills educational literature
2. demonstrate effective psychomotor teaching techniques to maximize procedural skill acquisition by their learners
3. learn strategies for implementing procedural skills curricula

\* This session would be of interest to family medicine teachers.

<b>1276</b>	<b>Lessons Learned From Canadian Influenza Sentinels</b>
<b>10:15–11:15</b>	<i>James A. Dickinson, MD, CCFP, PhD, Calgary, AB</i>
	<b>ROOM / SALLE : 516a - Palais des congrès</b>

*During this session, participants will:*

1. understand the role of sentinel practitioners in monitoring influenza epidemics
2. review the way that Canadian family physicians sentinel data contributes to vaccine effectiveness studies
3. learn the current year's vaccine and epidemic progress

<b>1304</b>	<b>Triple C Competency-Based Curriculum for Dummies</b>
<b>10:15–12:20</b>	<i>Jonathan Kerr, MD, CCFP, Belleville, ON; Willa Henry, MD, CCFP, FCFP, Vancouver, BC</i>
	<b>ROOM / SALLE : 513d - Palais des congrès</b>

*At the end of this session, participants will be able to:*

1. identify characteristics of a Triple C competency-based curriculum:
  - Comprehensive care
  - Continuing care and education
  - Centered in family medicine
2. discuss cross-country experiences and give feedback to the CFPC about recommendations and resources
3. explore strategies, resources, and challenges of moving towards a Triple C competency-based curriculum

\* This session would be of interest to family medicine teachers.

<b>1339</b>	<b>Giving Feedback to Residents: Best practices from motivation literature</b>
<b>10:15–11:15</b>	<i>Shelley P. Ross, PhD, Edmonton, AB</i>
	<b>ROOM / SALLE : 513c - Palais des congrès</b>

*At the end of this session, participants will be able to:*

1. apply their new understanding of motivation theory to the way they give feedback
2. adapt the way they give feedback to reflect best practices
3. integrate the examples in the workshop with their own experiences as teachers

\* This session would be of interest to family medicine teachers.

<b>1348</b>	<b>The “How to’s” of Running a Diabetes Program in Family Practice</b>
<b>10:15–11:15</b>	<i>Inge Schabot, MB, ChB, CCFP, Hamilton, ON; Anne Barber, PHC-NP, MScN, Hamilton, ON; Michele Macdonald Werstuck, RD, MSc, CDE, Hamilton, ON; Shelly House, RPh, BScPharm, CDE, Hamilton, ON</i>
	<b>ROOM / SALLE : 519a - Palais des congrès</b>

*At the end of this session, participants will be able to:*

1. identify patients with diabetes more easily including screening approaches, disease registries
2. describe options for maximizing your capacity for providing care including flowsheets, templates, and connecting with an interprofessional team
3. learn from the experience of others to avoid pitfalls that may occur when starting and maintaining a diabetes program in family practices

<b>1364</b>	<b>2 Minutes, 2 Slides, 2 Questions: A teaching method for family medicine</b>
<b>10:15–11:15</b>	<i>Victor Ng, MSc, MD, London, ON; Clarissa Burke, MD, CCFP, Hamilton, ON</i>
	<b>ROOM / SALLE : 513b - Palais des congrès</b>

*During this session, participants will:*

1. learn how to organize a “2 minutes, 2 slides, 2 questions” teaching session
2. explore ways in which a “2 minutes, 2 slides, 2 questions” session can be used in medical education programs
3. participate in a demonstration of this presentation technique

\* This session would be of interest to family medicine residents and teachers.

<b>1384 10:15–11:15</b>	<b>L'activité physique...encore la meilleure pilule!</b> <i>Johanne Blais, MD, CCMF, MCMF, Boischatel, QC</i> <b>ROOM / SALLE : 524c - Palais des congrès</b>
<b>À la fin de cet atelier, les participants seront capables de :</b>	
1) revoir les informations les plus récentes concernant l'activité physique et le cancer (côlon / sein) 2) discuter des données basées sur les évidences concernant les effets de l'activité physique sur certains problèmes de santé 3) discuter de ce traitement non pharmacologique avec ses patients.	

<b>1164 10:15–11:15</b>	<b>Recognition and Management of Work-Related Asthma and Other Occupational Conditions</b> <i>Michael Pysklywec, MD, MSc, CCFP(EM), DOHS, FCBOM, Hamilton, ON</i> Computer Learning Centre Session <b>ROOM / SALLE : 523a,b - Palais des congrès</b>
-----------------------------	---

<b>At the end of this session, participants will be able to:</b>
1. understand the importance of and develop the tools to recognize work-relatedness of patients' illnesses
2. review the effects of specific occupational and environmental toxins on patient health
3. understand the resources and tools available to assist the primary care physician in diagnosing and managing complicated work-related issues

<b>1182 10:15–12:20</b>	<b>Faculty Development in an Increasingly Distributed Educational System: Challenges and strategies to overcome them</b> <i>Hélène Rousseau, MD, CCFP, FCFP, Montréal, QC; Marion Dove, MD, CCFP, Montréal, QC</i> <b>ROOM / SALLE : 512f - Palais des congrès</b>
-----------------------------	--

<b>At the end of this session, participants will be able to:</b>
1. identify some of the difficulties offering faculty development in distributed medical sites
2. outline strategies to encourage community preceptors to attend faculty development
3. use the "One Minute Preceptorship" model to give teaching pearls in distributed medical education site

\* This session would be of interest to family medicine teachers.

<b>1107MC 10:15–12:15</b>	<b>Pregnancy-Related Issues in the Management of Addictions (PRIMA)</b> <b>ROOM / SALLE : St-Antoine A - Le Westin Hotel</b> Pre-registered delegates only.
-------------------------------	---

<b>1296MC 10:15–12:15</b>	<b>The Wonderful World of Skin: Dermatology in family practice</b> <b>ROOM / SALLE : Youville - Le Westin Hotel</b> Pre-registered delegates only.
-------------------------------	--

<b>1123MC 10:15–17:15</b>	<b>Using Critical Appraisal to Promote Respiratory Health in Primary Care: A Focus on the role of inhaled maintenance therapy in COPD management</b> <b>ROOM / SALLE : St-Antoine B - Le Westin Hotel</b> Pre-registered delegates only.
-------------------------------	--

<b>1043MC 10:15–18:00</b>	<b>Chronic Pain in Family Practice Needn't Be a Pain!</b> <b>ROOM / SALLE : Ville-Marie A/B - Le Westin Hotel</b> Pre-registered delegates only.
-------------------------------	--

<b>1085MC 10:15–18:00</b>	<b>Mindfulness-Based Cognitive Workshop for Physicians: Increasing personal and professional resilience</b> <b>ROOM / SALLE : Le Moyne - Le Westin Hotel</b> Pre-registered delegates only.
-------------------------------	---

<b>1010 10:45–11:15</b>	<b>New PALS Guidelines</b> <i>Farhan Bhanji, MD, MSc, FRCPC, Montréal, QC</i> <b>ROOM / SALLE : 516d - Palais des congrès</b>
-----------------------------	---

#### ■ Emergency Medicine

*During this session, participants will:*

1. describe the key 2010 Pediatric Resuscitation Guideline changes
2. discuss the rationale for differences in management between pediatric and adult resuscitation
3. outline key controversies in pediatric resuscitation

**1071 HEADSS Up: Hot topics in adolescent medicine 2011**

11:20–12:20 Eric Cadesky, MDCM, CCFP, Vancouver, BC

ROOM / SALLE : 519a - Palais des congrès

*At the end of this session, participants will have:*

1. an increased awareness of the importance of adolescent medicine
2. improved skills in history taking and examination of adolescents
3. a review of up-to-date information on obesity; depression; and the use of anti-depressant medication, sexual health, immunizations, safety; and other major issues in adolescent medicine

**1081 Comment prévenir une visite du Collège !**

11:20–12:20 Marc Billard, MD, CCMF, FCMF, Montréal, QC

ROOM / SALLE : 520c - Palais des congrès

*À la fin de cet atelier, les participants seront capables de :*

- 1) identifier les facteurs de risque pouvant entraîner une diminution de la performance clinique chez les médecins en exercice
- 2) connaître les moyens efficaces pour maintenir sa compétence clinique tout au long de sa carrière
- 3) comment approcher et aider un collègue faillant.

**1106D Dermoscopy: How to improve your management of pigmented lesions (Course 1)**

11:20–12:20 David Knox, B. Math, MD, FCFP, DCD, Orangeville, ON

Demonstration Theatre

Pre-registered delegates only.

**1143 Somatizing: What every family physician needs to know**

11:20–12:20 Jon Davine, MD, CCFP, FRCP, Hamilton, ON

ROOM / SALLE : 512c,d,g,h - Palais des congrès

*At the end of this session, participants will be able to:*

1. appreciate the range of diagnoses that make up the somatoform disorders
2. understand the range of conscious and unconscious mechanisms involved in these disorders
3. be aware of treatment modalities for both psychopharmacologic and psychotherapeutic disorders

**1229 Practical Genetics for the Family Physician**

11:20–12:20 Teresa Rudkin, MD, MSc, CCFP, Montréal, QC

ROOM / SALLE : 524c - Palais des congrès

*At the end of this session, participants will:*

1. know how to respond to patients who request "genetic scans" or other genetic tests they have heard on the news
2. know how to identify and manage patients at risk for hereditary breast and colon cancer syndromes
3. recognize the clinical situations in which family doctors should perform specific tests for genetic diseases

**1252 Cardiometabolic Risk: A Canadian perspective**

11:20–12:20 Jean-Pierre Després, Québec City, Québec; Lawrence Leiter, MD, FRCPC, FACP, Toronto, ON; David Fitchett, Toronto, ON; Milan Gupta, MD, Brampton, ON; Onil Bhattacharyya, Toronto, ON

ROOM / SALLE : 511b,c,e,f - Palais des congrès

*At the end of this session, participants will be able to:*

1. define a Canadian concept of Global Cardiometabolic Risk (CMR)
2. appropriately identify, assess cardiovascular and metabolic risk, and treat Canadians with increased CMR

**1397 Soins pré-nataux en groupe : Optimiser nos visites**

11:20–12:20 Fanny Héron-Edery, MD, Hampstead, QC; Isabelle Brabant, SF (midwife), Montréal, QC

ROOM / SALLE : 519b - Palais des congrès

*À la fin de cet atelier, les participants seront capables de :*

- 1) explorer une façon différente d'offrir des soins pré-nataux à l'aide d'un modèle de soins en groupe
- 2) comprendre comment ce modèle peut être particulièrement bénéfique pour une femme enceinte vulnérable
- 3) situer ce modèle dans le contexte de l'interprofessionnalisme.

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

- 1117** **A Guided Tour of Health Care for the Elderly on the Internet**  
**11:20–12:20** *Fred Mather, MD, CCFP, Kitchener, ON; Lynn Dunikowski, MLS, London, ON*  
 Computer Learning Centre Session  
**ROOM / SALLE :** 523a,b - Palais des congrès

*During this session, participants will:*

1. learn about and practice using a variety of Web-based resources that support health care of the elderly

- 1013** **What's New in ACS and AMI**  
**11:20–11:50** *Zachary Levine, MD, CCFP(EM), Montréal, QC*  
**ROOM / SALLE :** 516d - Palais des congrès

**■ Emergency Medicine**

*At the end of this session, participants will:*

1. know the changes to the AHA guidelines for ACS
2. use the most recent evidence in their decision making for ACS patients in their practice

- 1107** **La vaccination contre les VPH : Résumé des connaissances et nouveautés**  
**11:20–11:50** **HPV vaccine: A review of current knowledge and new developments**  
*Chantal Sauvageau, MD, MSc, FRCPI(C), Québec, QC*  
 Séance générale / General session  
**ROOM / SALLE :** 517b - Palais des congrès

*Objectifs d'apprentissage :*

- 1) citer les données probantes portant sur l'immunogénicité, l'efficacité et la sécurité des vaccins anti-VPH chez les femmes et les hommes
- 2) connaître les particularités du programme québécois de vaccination contre les VPH

*Learning objectives:*

1. to be able to cite evidence-based data on the immunogenicity, effectiveness, and safety of the HPV vaccine for women and men
2. to become familiar with the features of the HPV vaccination program in Québec

- 1115D** **L'examen musculosquelettique efficient pour les médecins de famille : cheville**  
**11:20–12:20** *Claude Rajotte, MD, CCFM, Montréal, QC*  
*Théâtre de démonstration*  
*Délégués préinscrits seulement*

- 1014** **Hypertensive Emergencies**  
**11:50–12:20** *Lyle Thomas, MD, CCFP(EM), Red Deer, AB*  
**ROOM / SALLE :** 516d - Palais des congrès

**■ Emergency Medicine**

*By the end of the session the participants will:*

1. know what constitutes a true hypertensive emergency
2. understand both when to treat, and when NOT to treat elevated blood pressures in the ED

- 1356** **Stress and Distress in Medicine**  
**11:50–12:20** **Stress et détresse en médecine**  
*Rachel Gough, MD, Montréal, QC*  
 General session / Séance générale  
**ROOM / SALLE :** 517b - Palais des congrès

*During this session, participants will:*

1. stimulate a discussion among Canadian medical professionals and trainees about stress and distress in medicine
2. identify sources of stress and distress in medicine and the impacts on the health care system
3. discuss potential pathways to change

*Objectifs d'apprentissage :*

- 1) susciter une discussion entre des professionnels et des étudiants en médecine canadiens au sujet du stress et de la détresse en médecine
- 2) identifier les sources de stress et de détresse en médecine et les répercussions sur le système de santé
- 3) discuter de cheminements possibles pour apporter des changements

- 1098** **L'écriture, espace nécessaire de réflexion et de réparation, ou un recul pour mieux avancer**  
**12:30–13:30** *Vania Jimenez-Sigouin, MD, CCFM, FCFM, Outremont, QC*  
**ROOM / SALLE :** Théâtre des sciences humaines - Hall d'exposition

*Objectifs d'apprentissage :*

- 1) amorcer une présentation du rôle de l'écriture pour le médecin qui écrit
- 2) amorcer une réflexion sur l'usage de l'écriture comme moyen d'informer la société, via la fiction, de certaines réalités délicates
- 3) en partant de propositions simples, engager les participants à explorer ces deux usages de l'écriture

**1082 Estate, Will, and Charitable Gift Planning Seminar**  
**12:30–13:30 ROOM / SALLE : 516a - Palais des congrès**

Family physicians need to plan for their families, as well as their family practice. This session will address issues such as wills, executor appointments, use of trusts, and tax-effective charitable planning.

**1095 Section of Teachers Annual General Meeting**  
**12:30–13:15 Assemblée générale annuelle de la section des enseignants**  
 **ROOM / SALLE : 510 - Palais des congrès**

**1216SS What to Do When What You're Doing Isn't Working: Practical tips to optimizing depression management**  
**12:30–13:30 ROOM / SALLE : 710b - Palais des congrès**  
**Pre-registration required.**

**1378SS IMPACT: IMproving PAtient Care in Type 2 Diabetes**  
**12:30–13:30 ROOM / SALLE : 710a - Palais des congrès**  
**Pre-registration required.**

**1031 HIV Medicine in Primary Care – Part 1: The basics of prevention and chronic care management**  
**13:40–14:40 Claire Kendall, MD, CCFP, Ottawa, ON; Meaghan McLaren, MD, CCFP, Ottawa, ON;**  
**Praseedha Janakiram, MD, CCFP, Guelph, ON; Gayathri Shyamal, MD, CCFP, Scarborough, ON**  
**ROOM / SALLE : 520f - Palais des congrès**

*At the end of this session, participants will:*

1. become aware of the common HIV testing options and gain an approach to HIV prevention counselling
2. become confident in managing a new diagnosis of HIV infection in their practice and understand the health promotion and disease prevention interventions of specific relevance to patients living with stable HIV/AIDS infection
3. learn when patients living with HIV/AIDS should be referred for antiretroviral treatment and become aware of some important potential drug interactions between antiretroviral medications and common medications in family medicine

**1072 When Theory Meets Practice: The development of an evaluation process for second-year medical student exposure to family medicine**  
**13:40–14:40 Kym Feldman, MD, CCFP, MHSc, Toronto, ON; Melanie Hammond, MA, BA (Hons), Toronto, ON;**  
**Susan Goldstein, MD, Toronto, ON**  
**ROOM / SALLE : 512a - Palais des congrès**

*During this session, participants will:*

1. learn about the benefits of qualitative research in the development of student evaluation methods
2. explore the process of incorporating research findings into evaluation development
3. discuss experiences with the development of evaluation methods, and the practical challenges involved in establishing new evaluation criteria

\* **This session would be of interest to family medicine teachers.**

**1073 Starting Insulin in Type 2 Diabetes – Without losing sleep at night**  
**13:40–14:40 Simon Moore, MD, BSc (Hons), Nanaimo, BC**  
**ROOM / SALLE : 511b,c,e,f - Palais des congrès**

*At the end of this session, participants will:*

1. understand a safe, simple, easy-to-remember technique for starting insulin in patients with Type 2 Diabetes, consistent with current guidelines
2. eliminate the prevailing misconception that “insulin is a terrifying drug, for use only by experts, and only in end-stage diabetes”
3. overcome 2 major pitfalls by which many family physicians fail to meet glycemic targets

<b>1077 13:40–17:15</b>	<b>From the Margins to the Mainstream: Toward a scholarship of social accountability</b> <i>Ryan Meili, MD, CCFP, Saskatoon, SK; Cheri Bethune, MD, FCFP, St. John's, NL; Carol P. Herbert, MD, CCFP, FCFP, London, ON</i> <b>ROOM / SALLE : 516a - Palais des congrès</b>
-----------------------------	--

*During this session, participants will:*

1. review key aspects of the AFMC Social Accountability Initiative and its relevance to family medicine education
2. share experience with social accountability projects at Canadian medical schools
3. discuss how to develop a scholarship of social accountability by means of formal assessment and reporting of activities and outcomes in family medicine education and practice

\* This session would be of interest to family medicine teachers.

<b>1108 13:40–14:40</b>	<b>Quality in Family Practice Book of Tools: How to use a comprehensive set of indicators to improve quality and safety in your practice</b> <i>Cheryl Levitt, MBBCh, CCFP, FCFP, Hamilton, ON; Linda Hilts, BScN, MEd, Hamilton, ON</i> <b>ROOM / SALLE : 513f - Palais des congrès</b>
-----------------------------	--

*During this session, participants will*

1. discuss quality improvement methods
2. give an overview of the Quality Book of Tools
3. explore how to start or continue quality improvement in your practice

© This session would be of interest to family medicine researchers.

<b>1113 13:40–17:15</b>	<b>Using Open Labyrinth to Create Online Virtual Patient Cases for Medical Trainees</b> <i>Michael J. Sylvester, MD, Med, CCFP, FCFP, Kingston, ON; David Topps, MD, CCFP, FCFP, Calgary, AB</i> Computer Learning Centre Session <b>ROOM / SALLE : 523a,b - Palais des congrès</b>
-----------------------------	--

*By the end of the session, participants will know:*

1. the advantages and limitations of the Open Labyrinth case-making software
2. how to create their first Open Labyrinth case
3. next steps in working with Open Labyrinth elements in order to complete an effective case

\* This session would be of interest to family medicine teachers.

<b>1186 13:40–14:40</b>	<b>Approche basée sur les lignes directrices pour la prise en charge des patients souffrant de fibrillation auriculaire : Incorporer les lignes directrices 2010 de la Société canadienne de cardiologie à la pratique clinique</b> <i>Mario Talajic, MD, FRCPC, Montréal, QC</i> <b>ROOM / SALLE : 513c - Palais des congrès</b>
-----------------------------	---

À la fin de cet atelier, les participants seront capables de :

- 1) revoir les diagnostics et gerer la fibrillation auriculaire dans le milieu clinique
- 2) mettre à jour les connaissances et la prise de décision pour la gestion optimale des symptômes de vos patients avec une fibrillation auriculaire
- 3) adapter votre pratique clinique aux lignes directrices canadiennes en matière de fibrillation auriculaire fondées sur des preuves, aux recommandations et conseils pratiques.

<b>1197 13:40–14:40</b>	<b>Effective Use of Online Interactive Technology to Enhance Presentation of Academic Curriculum</b> <i>Nandini Natarajan, MD, CCFP, Halifax, NS; Joanna Zed, MD, CCFP, Halifax, NS; Allister Barton, BSc, Halifax, NS</i> <b>ROOM / SALLE : 513a - Palais des congrès:</b>
-----------------------------	---

*During this session, participants will:*

1. introduce online interactive technology for presenting academic curriculum
2. identify resources needed for successful implementation of online interactive technology
3. share positive experiences and challenges

\* This session would be of interest to family medicine teachers.

<b>1204 13:40–14:40</b>	<b>Clinical Practice Redesign and Advanced Access in Family Medicine</b> <i>Jason Hosain, MD, CCFP, Saskatoon, SK</i> <b>ROOM / SALLE : 516e - Palais des congrès</b>
-----------------------------	---

*At the end of this session, participants will:*

1. understand the benefits of advanced access to patients, physicians, and the healthcare system
2. be able to identify three Clinical Practice Redesign changes that can be made to a family medicine practice to improve clinic efficiency when working toward advanced access
3. learn how to measure and understand their practice "vital signs" including supply, demand, and third-next available appointment

**1207      Narrative Medicine: Reading, writing and reflection**

13:40–17:15    Lauretta R. Pereles, MD, CCFP, FCFP, Calgary, AB; Lara Nixon, MD, CCFP, BEd, Calgary, AB;

Rowland T. Nichol, MD, CCFP, FCFP, Calgary, AB; Rosenal Thomas, MD, FRCP, Calgary, AB; Roberta Jackson, MD, Calgary, AB

**ROOM / SALLE : 512f - Palais des congrès***At the end of this session, participants will:*

1. understand what narrative medicine is and appreciate its potential role in communication, teaching, and physician self-care
2. use narrative techniques to comprehend their own and patient experiences and thus enhance their relationship with patients and students

**1259      Ten Ways to Improve the Palliative Care Experience for Patients and Their Families**

13:40–14:40    Cornelius J. Woelk, MD, CCFP, FCFP, Winkler, MB

**ROOM / SALLE : 519b - Palais des congrès***At the end of this session, participants will be able to:*

1. appreciate the complexity of providing high-quality palliative care
2. understand some of the most important factors determining the experience of care
3. review practical approaches to improving palliative care for patients and their families

**1282      Intrauterine Devices: Which patient? Which IUD?**

13:40–14:40    Sonya Lee, BSc, MD, CCFP, MHSc, FCFP, Calgary, AB

**ROOM / SALLE : 519a - Palais des congrès***During this session, participants will:*

1. learn about the different types of IUDs available in Canada
2. develop an approach to assessing candidacy for IUD use
3. demonstrate decision making skills in patient selection and IUD selection

**1312      Triple C: Optimizing Continuity and Comprehensiveness in Family Medicine Residency**

13:40–16:10    David W. Tannenbaum, MD, CCFP, FCFP, Toronto, ON; D. Jill Konkin, MD, CCFP, FCFP, Edmonton, AB;

François-Gilles M. Boucher, MD, CCFP, FCFP, Ottawa, ON

**ROOM / SALLE : 513e - Palais des congrès:***This session will:*

1. provide an opportunity for participants to share best practices in the transition to the Triple C curriculum
2. provide opportunities for the discussion of challenges encountered in implementation of the Triple C curriculum

**\* This session would be of interest to family medicine teachers.****1363      From the Ground Up: Case studies in the design and implementation of remediation plans for the resident in difficulty**

13:40–16:10    Patrick Skalenda, MD, CCFP, FCFP, MHSc, Toronto, ON; Susan Glover Takahashi, PhD, MA, Toronto, ON;

Karl Iglar, MD, CFPC, Toronto, ON; Dawn Martin, PhD, MEd, Toronto, ON

**ROOM / SALLE : 513d - Palais des congrès***During this session, participants will:*

1. review past challenges and current strategies developed for the assessment and management of residents in difficulty
2. demonstrate effective strategies for the assessment and remediation of residents in difficulty
3. review administrative processes implemented to ensure consistency in costing, reporting, and documentation of remediation programs

**\* This session would be of interest to family medicine teachers.****1393      Preventing Violence: Family physicians and the Red Cross**

13:40–14:40    Cheri H. Bethune, MD, CCFP, FCFP, St. John's, NL; Judi Fairholm, RN, BScN, MEd, Vancouver, BC

**ROOM / SALLE : 512b - Palais des congrès***During this session, participants will:*

1. understand the new Red Cross strategy to address violence as a humanitarian crisis
2. discuss and explore ways to enhance violence education in each of our medical schools
3. develop a practical strategy to partner with the Red Cross to create a national resource for physician learning

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>1404</b>	<b>Hammers, Sanders and Chisels – A Resident's Toolbox: Practical tools to nail an advocacy project, smooth over a family meeting, and shape the minds of medical students</b>
<b>13:40–17:15</b>	<i>Susan Judith Anderson, MD, Kingston, ON; Scott MacLean, MD, Edmonton, AB; Yelena Chorny, MD, Mississauga, ON; Kaitlin Dupuis, MD, Nanaimo, BC</i>
	<b>ROOM / SALLE : 515a,b,c - Palais des congrès</b>

This session has been developed by the CFPC's Section of Residents and is designed to facilitate discussion about 3 topics. It is targeted to new staff, residents, and senior medical students.

\* This session would be of interest to family medicine teachers.

<b>1509D</b>	<b>Dermoscopy: How to improve your management of pigmented lesions (Course 2 – Repeat)</b>
<b>13:40–14:40</b>	<i>David W. Knox, MD, CCFP, FCFP, Orangeville, ON</i>
	<b>Demonstration Theatre</b>

Pre-registered delegates only.

<b>1018</b>	<b>Guidelines for the Practice of Psychotherapy by Physicians</b>
<b>13:40–14:40</b>	<i>Catherine Carmichael, CCFP, FCFP, Toronto, ON</i>
	<b>ROOM / SALLE : 524a - Palais des congrès</b>

#### ■ Medical-GP Psychotherapy

*At the end of this session, participants will be able to:*

1. describe the ethical principles fundamental to the practice of safe effective, no-harm psychotherapy
2. describe key recommendations for attaining and maintaining professional competence and professional conduct in the practice of psychotherapy
3. consider how the self-reflective questions outlined in the Guidelines may be a useful tool in clinical practice

<b>1016</b>	<b>Influenza: What's new?</b>
<b>13:40–14:10</b>	<i>Dominique Tessier, MD, CCMF, FCFP, Montréal, QC</i>
	<b>ROOM / SALLE : 516d - Palais des congrès</b>

#### ■ Emergency Medicine

*At the end of this session, participants will be able to:*

1. use best evidence to work-up and manage these children with fever in the ED
2. use a model to assist in the decision-making for this group of children

<b>1099</b>	<b>Aider le couple infertile</b>
<b>13:40–14:40</b>	<i>Chantal Marquis, Rimouski, QC</i>
	<b>ROOM / SALLE : 524c - Palais des congrès</b>

*À la fin de cet atelier, les participants seront capables de :*

- 1) définir les critères diagnostiques du SOPK
- 2) reconnaître les diverses présentations cliniques du SOPK
- 3) proposer le traitement de base de l'infertilité associée au SOPK.

<b>1108</b>	<b>Survival Guide to Pediatric Dermatology</b>
<b>13:40–14:10</b>	<b>Guide de survie en dermatologie pédiatrique</b>
	<i>Julie Powell, MD, FRCPC, Montréal, QC</i>
	<b>General Session / Séance générale</b>

**ROOM / SALLE : 517b - Palais des congrès**

#### ■ Child & Adolescent Health / Santé des enfants et des adolescents

*Learning objectives:*

1. to discuss common dermatological problems in pediatrics
2. to learn how to make an effective differential diagnosis of common lesions
3. to identify treatment options and the required follow-up

*Objectifs d'apprentissage :*

- 1) discuter de problèmes dermatologiques courants en pédiatrie
- 2) savoir faire un diagnostic différentiel efficace des lésions courantes
- 3) définir les options de traitement et le suivi requis.

<b>1140D</b>	<b>L'examen musculosquelettique efficient pour les médecins de famille : poignet</b>
<b>13:40–14:40</b>	<i>Claude Rajotte, MD, CCMF, Montréal, QC</i>
	<b>Théâtre de démonstration</b>

*Délégués préinscrits seulement.*

<b>1284</b>	<b>Geriatric Care in a Family Health Team: Developing a community of practice to improve older adult care and manage the challenges of multiple co-morbidities</b>
<b>13:40–14:40</b>	<i>Joy White, BScN, NP, MN, Hamilton, ON; Ainsley Moore, MD, CCFP, Hamilton, ON; Christopher Patterson, MD, FRCP, Hamilton, ON; Shelly House, RPh, BScPharm, CDE, Hamilton, ON; K. Lynn Dykeman, MTS, MTh, MSW, Hamilton, ON; Michele Macdonald Werstuck, RD, MSc, CDE, Hamilton, ON</i>
	<b>ROOM / SALLE : 511a - Palais des congrès</b>

**■ Care of the Elderly***During this session, participants will:*

1. develop an understanding of interprofessional collaborative approach to geriatric care using the community of practice framework and generate strategies for managing aspects of uncertainty in geriatric care using case-based exercises
2. understand and appreciate how the community of the practice model can enhance quality of older adult care and expand the provider's knowledge, skills, and engagement
3. recognize how this model can be adapted to alternate practice settings

<b>1020</b>	<b>Rural Educators Forum</b>
<b>13:40–17:15</b>	<b>ROOM / SALLE : 516b - Palais des congrès</b>

The 2011 Rural Educators Forum will focus on a review of the Triple C Competency-Based Curriculum and its potential impact on the rural teaching environment.

\* This session would be of interest to family medicine teachers.

<b>1301MC</b>	<b>PAACT: Men's Health</b>
<b>13:40–17:00</b>	<b>ROOM / SALLE : Ramezay - Le Westin Hotel</b>

Pre-registered delegates only.

<b>1305MC</b>	<b>PAACT: Anti-infective</b>
<b>13:40–17:00</b>	<b>ROOM / SALLE : Viger - Le Westin Hotel</b>

Pre-registered delegates only.

<b>1171MC</b>	<b>Healthy Child Development: The enhanced 18-month well child visit</b>
<b>13:40–17:00</b>	<b>ROOM / SALLE : McGill - Le Westin Hotel</b>

Pre-registered delegates only.

<b>1170MC</b>	<b>Symptômes comportementaux et psychologiques de la démence (SCPD) : Mettre en application le cadre PIECES pour une prise en charge clinique efficace des SPDC</b>
<b>13:40–17:00</b>	<b>ROOM / SALLE : Ste-Hélène - Hôtel Le Westin</b>

Délégués préinscrits seulement.

<b>1017</b>	<b>SIRS and Sepsis in the ED</b>
<b>14:10–14:40</b>	<b>Patrick Melanson, MD, FRCPC, Montréal, QC</b>

**ROOM / SALLE : 516d - Palais des congrès**

**■ Emergency Medicine**

This session will review the Rivers' approach to caring for the septic patient. Appropriate interventions based on a variety of clinical presentations and settings will be covered in this case-based session.

*At the end of this session, participants will:*

1. know the Rivers SIRS criteria and the evidence behind them
2. use the CAEP sepsis guideline to optimize their practice for patients with sepsis

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>1109</b>	<b>Developmental Screening: New insights</b>
<b>14:10–14:40</b>	<b>Dépistage développemental : Nouvelles perspectives</b>
	Emmett Francoeur, MD, CM, FRCPC, Montréal, QC
	General Session / Séance générale

**ROOM / SALLE : 517b - Palais des congrès**

**■ Child & Adolescent Health / Santé des enfants et des adolescents**

**Learning objectives:**

1. learn how to distinguish the difference between surveillance and screening
2. learn the parameters of excellent screening tools
3. learn the most effective screening tools for development of the child from 0 to 5 years

**Objectifs d'apprentissage :**

- 1) apprendre à faire la distinction entre la surveillance et le dépistage
- 2) apprendre les paramètres d'excellents outils de dépistage
- 3) connaître les outils de dépistage les plus efficaces portant sur le développement des enfants de 0 à 5 ans.

<b>1240</b>	<b>Decision-making Capacity Assessment</b>
<b>15:10–16:10</b>	Catherine Ferrier, MD, CCFP, FCFP, Montréal, QC
	<b>ROOM / SALLE : 511a - Palais des congrès</b>

**■ Care of the Elderly**

**At the end of this session, participants will:**

1. be familiar with the criteria for decision-making capacity
2. have a structured approach to capacity assessment
3. be able to assess capacity in a variety of areas of decision-making, including medical and other personal decisions, and financial management

<b>1008</b>	<b>The Aging Physician</b>
<b>15:10–16:10</b>	Linda L. W. Lee, MD, MClSc(FM), CCFP, FCFP, Kitchener, ON; W. Wayne Weston, MD, CCFP, FCFP, London, ON
	<b>ROOM / SALLE : 520c - Palais des congrès</b>

**During this session, participants will be able to:**

1. discuss normal and pathological cognitive changes associated with age and the literature describing its effects on physician practice
2. review studies suggestive of lifestyle factors that may help to protect cognitive functioning

<b>1032</b>	<b>HIV Medicine in Primary Care – Part 2: Treatment options, complications, and comorbidities</b>
<b>15:10–16:10</b>	Claire Kendall, MD, CCFP, Ottawa, ON; Praseedha Janakiram, MD, CCFP, Guelph, ON;
	Meaghan McLaren, MD, CCFP, Ottawa, ON; Gayathri Shyamal, MD, CCFP, Scarborough, ON
	<b>ROOM / SALLE : 520f - Palais des congrès</b>

**At the end of this session, participants will:**

1. become comfortable with the most recent HIV treatment guidelines and become broadly aware of how classes of antiretroviral medications work to preserve immune function
2. gain insight into issues of fertility and pregnancy in patients living with chronic HIV infection
3. understand issues of HIV and aging including neurocognitive, metabolic and cardiovascular complications

<b>1057</b>	<b>Management of Sickle Cell Emergencies</b>
<b>15:10–16:10</b>	Rahim Valani, MD, CCFP(EM), North York, ON
	<b>ROOM / SALLE : 516d - Palais des congrès:</b>

**At the end of this session, participants will:**

1. know the cause of sickle cell disease (SCD) and its manifestations
2. be able to identify the common emergencies that SCD patients present with and how to manage them

<b>1066</b>	<b>Understanding Non-Invasive Cardiac Tests in the Office</b>
<b>15:10–16:10</b>	Vukiet Tran, MD, CCFP(EM), Richmond Hill, ON
	<b>ROOM / SALLE : 511b,c,e,f - Palais des congrès</b>

**At the end of this session participants will:**

1. understand the utility/indications of these cardiac tests
2. be able to apply these tests in an efficient strategic approach
3. understand how and where to avoid wastage and unnecessary tests

**1083 A Participatory Approach to Understanding and Measuring Patient Satisfaction**

**15:10–17:15** *Michael Malus, MDCM, CCFP, FCFP, Montréal, QC; Michael Shulha, MLIS, Montréal, QC;  
Vera Granikov, MLIS, Montréal, QC; Kenneth Hung, Montréal, QC; Ann Macaulay, MDCM, CCFP, FCFP, Montréal, QC*  
**ROOM / SALLE :** 512a - Palais des congrès

*During this session, participants will:*

1. gain an understanding of the foundational concepts of participatory research and how can they be applied to measuring patient satisfaction
2. gain an awareness of the range of challenges and lessons learned associated with a participatory approach to patient satisfaction (eg, consensus building, promoting equality between staff and patients, time and resource requirements, etc.)
3. acquire basic strategies and skills to meet the challenges of using the participatory approach for patient satisfaction

⦿ This session would be of interest to family medicine researchers.

**1097D Soins de plaies : Une introduction**

**15:10–16:10** *Mark Karanofsky, MD, CCFP, Côte St-Luc, QC*  
**Théâtre de démonstration**  
*Délégués préinscrits seulement.*

**1151 A Guidelines-Based Approach to Atrial Fibrillation Patient Management: Incorporating Canadian Cardiovascular Society 2010 Guidelines into clinical practice**

**15:10–16:10** *Michael J. Stephenson, MD, CCFP, FCFP, Ancaster, ON; Allan Skanes, MD, FRCPC, London, ON*  
**ROOM / SALLE :** 524c - Palais des congrès

*During this session, participants will:*

1. review diagnosis and initiate management of atrial fibrillation in their clinical setting
2. update knowledge and decision-making for optimal symptom management of their patients with atrial fibrillation
3. adapt their clinical practice to the Canadian evidence-based atrial fibrillation guidelines, recommendations and practical tips

**1293 Understanding the Value of the Humanities in Family Medicine Education**

**15:10–17:15** *Comprendre la valeur des sciences humaines dans l'éducation en médecine familiale*  
*Ruth Elwood Martin, MD, MPH, CCFP, FCFP, Vancouver, BC*  
**ROOM / SALLE :** 510 - Palais des congrès

*During this session, participants will:*

1. learn about the value of the humanities in medical education, practice, and research
2. become familiar with how the humanities are contributing to family medicine education, practice, and research
3. have an opportunity to contribute to discussion about the humanities in family medicine
4. discuss ways that medical humanities education will foster CanMeds-FM competencies in reflective practice and patient-centred care

*Durant cette séance, les participants vont :*

- 1) apprendre au sujet de la valeur des sciences humaines dans la formation médicale, la pratique et la recherche en médecine
- 2) se familiariser avec la façon dont les sciences humaines contribuent à l'éducation, à la pratique et à la recherche en médecine familiale.
- 3) avoir l'occasion d'apporter leurs contributions aux discussions concernant les sciences humaines en médecine familiale.
- 4) discuter de façons dont la formation en sciences humaines médicales favorisera les compétences CanMEDS-MF en matière de pratique fondée sur la réflexion et de soins centrés sur le patient.

\* This session would be of interest to family medicine teachers.

⦿ This session would be of interest to family medicine researchers.

**1306 L'avenir c'est maintenant : Insulinothérapie pratique dans le cadre des soins primaires**

**15:10–16:10** *Carl Fournier, MD, MCFM, Rosemère, QC*  
**ROOM / SALLE :** 519a - Palais des congrès

À la fin de cet atelier, les participants seront capables de :

- 1) reconnaître le rôle de l'insuline afin d'atteindre les taux cibles d'A1C en temps opportun
- 2) identifier les patients qui pourraient bénéficier d'un traitement avec l'insuline
- 3) initier un traitement à l'insuline avec un protocole simple et utiliser le guide d'auto-gestion dans votre pratique quotidienne.

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>1314</b>	<b>Starting and Adjusting Insulin in Type 2 Diabetes for Primary Care Practitioners</b>
<b>15:10–17:15</b>	<i>Inge Schabot, MB, ChB, CCFP, Hamilton, ON; Marilyn McInnes, RN, BA, MEd, CDE, Hamilton, ON; Rahim Hirji, MD, MSc, CCFP, Markham, ON</i>
	<b>ROOM / SALLE : 512c,d,g,h - Palais des congrès</b>

*During this interactive workshop, participants will:*

1. acquire specific knowledge about the various types of insulin and their action profile
2. have an opportunity to use clinical cases to solve common problems encountered when attempting to optimize glycemic control using insulin
3. develop a practical approach to initiating insulin therapy (through a detailed case-based discussion) and the appropriate algorithm for adjusting insulin therapy
4. develop an approach to incorporating a patient's lifestyle into insulin therapy adjustments
5. explore displays of the various insulin delivery devices currently available on the market

*At the conclusion of the workshop, participants will know how to:*

1. use a practical approach to initiate insulin therapy
2. utilize an appropriate algorithm for adjusting insulin therapy
3. incorporate a patient's lifestyle and personal preferences into insulin therapy adjustments

<b>1116</b>	<b>New Pediatric Literature that will Change your Practice</b>
<b>15:10–16:10</b>	<b>Nouvelle littérature scientifique en pédiatrie qui changera votre pratique</b>
	<i>Richard Haber, MD, MA, FRCPS, Montréal, QC</i>
	General Session / Séance générale

**ROOM / SALLE : 517b - Palais des congrès**

#### ■ Child & Adolescent Health / Santé des enfants et des adolescents

*Learning objective:*

to review some common general pediatric problems in the light of newer studies which potentially can change our practice

*Objectif d'apprentissage :*

Passer en revue certains des problèmes pédiatriques généraux les plus courants à la lumière de récentes études, ce qui pourrait éventuellement changer vos pratiques.

<b>1380</b>	<b>Closing the Care Gap in Osteoporosis: Identifying those at highest risk for fracture</b>
<b>15:10–16:10</b>	<i>Heather Frame, MD, CCFP, Toronto, ON</i>
	<b>ROOM / SALLE : 519b - Palais des congrès</b>

*During this session, participants will:*

1. identify current status of fragility fracture incidence and treatment in Canada
2. identify who is at risk for future fractures
3. learn why post fracture care gap is important
4. review 10-year fracture risk assessment tools (2010 OC Guidelines)
5. review other new, updated materials to assist family physicians to deliver optimal fracture risk assessment

<b>1021</b>	<b>Managing Uncertainty: A novel approach to assessing undifferentiated mental disorders in primary care</b>
<b>15:10–16:10</b>	<i>Jose Silveira, MD, FRCPC, Toronto, ON</i>
	<b>ROOM / SALLE : 524a - Palais des congrès</b>

#### ■ Medical-GP Psychotherapy

*During this session, participants will:*

1. understand the impact of anxiety on physicians when dealing with undifferentiated mental disorders
2. learn a model of assessment examining Risk, Functional Impairment and Symptoms (RFS)
3. apply the RFS model to undifferentiated mental disorders
4. learn a 15-minute Psychiatric Screen when assessing patients

<b>1023</b>	<b>Maladie d'Alzheimer : Où en sommes-nous?</b>
<b>15:10–16:10</b>	<i>Fadi Massoud, MD, FRCPC, Montréal, QC</i>
	<b>ROOM / SALLE : 524b - Palais des congrès</b>

#### ■ Soins aux personnes âgées

*À la fin de cet atelier, les participants seront capables de :*

- 1) réviser les dernières nouveautés en termes de diagnostic et de physiopathologie
- 2) décrire le traitement standard de la maladie d'Alzheimer ainsi que ses limites
- 3) discuter des grandes voies de traitement à venir.

<b>1074</b>	<b>Facilitated Poster Session</b>
<b>15:10–16:10</b>	<b>ROOM / SALLE : 517 FOYER - Palais des congrès</b>

This session will provide presenters an opportunity to present their poster and have an interactive discussion with participants.

**1028 No Need to Pass Out: It's only syncope!**16:15–17:15 *Vukiet Tran, MD, CCFP(EM), Richmond Hill, ON***ROOM / SALLE : 516d - Palais des congrès***At the end of this session, participants will be able to:*

1. recognize the more dangerous etiologies of syncope (aborted sudden cardiac death)
2. risk stratify patients presenting with syncope
3. elaborate an appropriate investigation plan for these patients in the emergency department or office settings
4. be able to plan for judicious referral

**1093 It's Overgrown Toeskin, NOT Ingrown Toenail!**16:15–17:15 *Henry H. Chapeskie, MD, CCFP, FCFP, Thorndale, ON***ROOM / SALLE : 511b,c,e,f - Palais des congrès**

This is an innovative approach to an old problem. The term "ingrown toenail" incriminates the nail as the causative factor; however, there is excellent evidence-based research demonstrating that there is no nail abnormality and that the problem is due to an excessive amount of soft tissue. Removal of this tissue results in less bulging over the nail with weight bearing and eliminates the problem. The nail is not touched! The technique is technically simple and can easily be performed in the family physicians' office. The result is cosmetically excellent and the problem will never recur!

**1137 How to Use Magic in a Clinical Setting**16:15–17:15 *Lalit Kumar Chawla, MD, CCFP, Chatham, ON***ROOM / SALLE : 519a - Palais des congrès**

*In this workshop, the clinician will explore the many ways in which magic and illusion can be used in a clinical setting. Primarily in three keys areas:*

1. in helping build rapport with patients in a unique and fun manner
2. as a form of rehabilitation (whether it be a physical or a mental disability)
3. as a way to demonstrate a medical principle (pathophysiology of a disease, medication, medical therapy, etc.)

**1159 Succession Planning for Your Family Practice: The case for preparing for practice retirement**16:15–17:15 *Ieva M. Neimanis, MD, CCFP, FCFP, Hamilton, ON; Jane Walker, BComm, BEd, Hamilton, ON***ROOM / SALLE : 513f - Palais des congrès***At the end of the session, physicians will be able to:*

1. create a personalized plan that reflects their goals in succession planning and outlines the steps and time frame to achieve them
2. critically assess their practice to identify desirable practice attributes, identify practice barriers to recruitment, and explore ways to make the practice more attractive for new physician needs
3. develop a "to-do" list and time frame for legal, financial, and practice issues that will need to be addressed to ensure continuity of care for your patients and smooth transition for the physicians and staff

**1270 Prévention des fractures ostéoporotiques: Les bonnes interventions aux bonnes personnes**16:15–17:15 *Stéphane Groulx, CCMF, FCMF, Longueuil, QC; Sylvie Dodin, MD, MSc, Québec, QC; Denis Poirier, BSc, Québec, QC***ROOM / SALLE : 519b - Palais des congrès***À la fin de cet atelier, les participants seront capables de :*

- 1) recommander des habitudes de vie favorables à la santé osseuse et adaptées à chaque groupe d'âge
- 2) dépister toute personne à risque de fracture ostéoporotique par l'anamnèse, l'examen physique et les examens complémentaires appropriés, rechercher les causes secondaires et stratifier le risque
- 3) proposer un ensemble de mesures visant à prévenir les fractures, incluant la prévention des chutes chez les personnes âgées, la recommandation de suppléments de calcium et de vitamine D et, lorsque indiquée, la prescription d'une médication préventive et son suivi.

**1277 Disasters Are Not Just Storylines From Other Countries: Are Canadian physicians prepared for local events?**16:15–17:15 *Graham Dodd, MSc, MD, CCFP(EM), MaDEM, Kamloops, BC***ROOM / SALLE : 524c - Palais des congrès***Learning objectives:*

1. define disasters as well as the potential and relative nature of such events when they occur within Canada and therefore the expectations that will be placed upon family and emergency physicians practicing in Canadian communities
2. introduce physicians to the field of disaster medicine; what is it and why does it exist in other countries but not yet in Canada?

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>1331 16:15–17:15</b>	<b>The Developmentally Delayed Adult in the Family Physician's Office: Challenges and opportunities</b> <i>Donna Lougheed, MD, CCFP, FRCPC, Ottawa, ON; Dale Dewar, MD, CCFP, FCFP, Wynyard, SK</i>
<b>ROOM / SALLE : 524b - Palais des congrès</b>	

*At the end of this session, participants will:*

1. be able to appreciate and identify intellectual delay in adults, including capacity to consent to treatment
2. using group activities, develop interview techniques to work with these sometimes challenging individuals
3. understand the limitations of, and engage in, exercises to increase compliance

<b>1022 16:15–17:15</b>	<b>The Therapeutic Relationship: The importance of the therapeutic relationship in psychotherapy and family practice, with a focus on healthy boundaries and the new neuroscience of human relationships</b> <i>Victoria Winterton, CCFP, FCFP, Owen Sound, ON</i>
<b>ROOM / SALLE : 524a - Palais des congrès</b>	

#### ■ Medical-GP Psychotherapy

*At the end of this session, participants will be able to:*

1. identify key factors that contribute to an effective therapeutic relationship both in family practice and psychotherapy
2. develop a way of assessing boundary issues that is adaptable to both types of practice
3. use self-reflection to enhance self-awareness and improve therapeutic outcomes

<b>1025 16:15–17:15</b>	<b>Protocols for Best Practices Care for Dementia Patients in Emergency Departments and Acute Care</b> <i>Martha Donnelly, MD, CCFP, FRCPC, Vancouver, BC</i>
<b>ROOM / SALLE : 511a - Palais des congrès:</b>	

#### ■ Care of the Elderly

*Other information:*

This project was funded from a grant from the BC Mental Health Foundation. The report of the work went back to an integrated Dementia Standing Committee for the Provincial Government.

*At the end of this session, participants will:*

1. be informed about emergency and acute care issues in care for patients with dementia from a literature review
2. be aware of barriers to good care in Emergency and acute care beds for dementia patients
3. be able to use protocols for best practice of dementia care in acute care beds

<b>1111 16:15–16:45</b>	<b>L'adolescent qui révèle une consommation de drogues</b> <i>The adolescent who admits taking drugs</i>
	<i>Olivier Jamouline, MD, Montréal, QC</i>
 Séance générale / General Session	
<b>ROOM / SALLE : 517b - Palais des congrès</b>	

#### ■ Child & Adolescent Health / Santé des enfants et des adolescents

*Objectifs d'apprentissage :*

- 1) approcher la situation actuelle des différents types de consommations de substances chez les adolescents avec un focus particulier sur le pot
- 2) fournir aux participants des astuces pour aborder le sujet de la consommation de substances lors de l'entrevue médicale
- 3) expliquer les différentes approches envers les situations de consommation à l'adolescence.

*Learning objectives:*

1. to approach the current situation with respect to different forms of substance abuse by adolescents, with a particular emphasis on pot
2. to provide participants with tips on how to raise the topic of substance abuse during the medical interview
3. to explain the different approaches to adolescent substance abuse

<b>1112 16:45–17:15</b>	<b>Exciting New Advances in Primary Care Pediatrics</b> <i>Progrès intéressants en soins primaires pédiatriques</i>
	<i>Michael Dickinson, MD, FRCP, Miramichi, NB</i>
 General Session / Séance générale	
<b>ROOM / SALLE : 517b - Palais des congrès</b>	

#### ■ Child & Adolescent Health / Santé des enfants et des adolescents

*Learning objective:*

Upon completion of this talk, attendees will have a better understanding of some of the new developments in pediatrics and how to implement these changes in the primary care setting.

*Objectif d'apprentissage :*

À la fin de ces discussions, les participants comprendront mieux certains des nouveaux progrès en pédiatrie et comment mettre en œuvre ces changements dans le contexte des soins primaires.

<b>1165SS</b>	<b>Gut to the Chase: The need for movement in chronic constipation</b>
<b>17:30–18:30</b>	<b>ROOM / SALLE : 710a - Palais des congrès</b>
	Pre-registration required.
<b>1137SS</b>	<b>The Management of Influenza in Primary Care: A review of current recommendations</b>
<b>17:30–18:30</b>	<b>ROOM / SALLE : 520a,b,d,e - Palais des congrès</b>
	Pre-registration required.
<b>1391SS</b>	<b>Treating Eczema Beyond the Flare: Applying the new maintenance therapeutic paradigm to your practice</b>
<b>17:30–18:30</b>	<b>ROOM / SALLE : 710b - Palais des congrès</b>
	Pre-registration required.

The language of the session title indicates the language in which the session will be presented. For those sessions with simultaneous interpretation, the title will be bilingual with the simultaneous interpretation symbol appearing beside that title. 

*Les séances seront présentées dans la langue du titre mentionné. Un titre bilingue, marqué du symbole des écouteurs indique que l'interprétation simultanée sera offerte.*

# SCIENTIFIC PROGRAM — FRIDAY 4 VENDREDI — PROGRAMME SCIENTIFIQUE

---

## **2334      Special Interest Program in Developmental Disabilities Medicine Networking Breakfast**

*Elizabeth Grier, MD, CCFP, Kingston, ON; Brian K. E. Hennen, MD, CCFP, FCFP, Dartmouth, NS*

**ROOM / SALLE : 513e - Palais des congrès**

**Learning objective:**

to network with colleagues regarding common issues in providing primary care for children and adults with developmental disabilities

---

## **2006      Respiratory Medicine Networking Breakfast**

*Alan Kaplan, MD, CCFP (EM) FCFP, Richmond Hill, ON*

**ROOM / SALLE : 513a - Palais des congrès**

**■ Respiratory Medicine**

The Respiratory Medicine Section of The College of Family Physicians of Canada is a group dedicated to improving respiratory care in Canada. We will be the voice working with the CFPC to improve models of care and promote tools and new concepts in respiratory medicine in Canada. Please come out for breakfast to learn how we can help your practice improve in respiratory care!

**Learning objectives:**

1. introduce the Section of Respiratory Medicine to interested CFPC members at FMF 2011
  2. review opportunities, tools and future strategies
- 

## **2008      Maternity Care Teachers Networking Breakfast**

*Andrée Gagnon, MD, CCFM, Blainville, QC*

**ROOM / SALLE : 514a,b,c - Palais des congrès**

**■ Maternity Care Day**

All participants from medical student to experienced practitioner are welcome to join this networking breakfast for maternity care teachers. This breakfast will present an opportunity for sharing successful strategies for undergraduate and postgraduate teaching.

\* This session would be of interest to family medicine teachers.

---

## **2009      Sport and Exercise Medicine Networking Breakfast**

*Lisa Fischer, MD, CCFP, Dip Sport Med, London, ON*

**ROOM / SALLE : 513d - Palais des congrès**

**■ Sport & Exercise Medicine**

We would like to invite all physicians who have an interest in SEM, to come to the meeting to share ideas and take advantage of the opportunity to meet others with similar interests. We hope to get direction from the members on future goals and projects for the SEM committee.

---

## **2010      Medical GP Psychotherapy Networking Breakfast**

*Victoria Winterton, MD, CCFP, FCFP, Owen Sound, ON*

**ROOM / SALLE : 513c - Palais des congrès**

**■ Medical-GP Psychotherapy**

The GP Psychotherapy/Medical Psychotherapy Special Interests or Focused Practices (SIFP) Sub-Committee invites you to attend our inaugural networking session. Please join us to connect with like-minded physicians and contribute to the development of this new sub-section of the CFPC.

---

## **2011      Prison Health Breakfast Networking Session**

*Ruth Elwood Martin, MD, MPH, CCFP, FCFP, Vancouver, BC*

**ROOM / SALLE : 512f - Palais des congrès**

The Prison Health Breakfast Networking Session is intended for all CFPC members (students, residents, clinicians, teachers and researchers) who have an interest in the health of incarcerated men and women, their families and communities. The breakfast networking session will provide participants with the opportunity to learn about the newly formed Prison Health Program within the Section of Family Physicians with Special Interests or Focused Practices (SIFP), and to invite their input into shaping future directions and priorities for the program.

---

## **2007      The Geriatric Book Club: Medical humanities and care of the elderly – Networking Breakfast**

*Chris Frank, MD, CCFP FCFP, Kingston, ON*

**ROOM / SALLE : 513b - Palais des congrès**

**■ Care of the Elderly**

The session will offer participants the opportunity to meet and network with other family physicians sharing an interest in geriatric care.

The session will be structured around a discussion of medical humanities and how the humanities can affect the way we care for older patients.

**2001 Chronic Non-Cancer Pain - Networking Breakfast****07:00–08:00 ROOM / SALLE : 513f - Palais des congrès**

If you are a family physician with a special interest in chronic non-cancer pain; one who finds this group of patients particularly challenging and wishes to learn more; or someone who trains medical students or residents, your presence at this formative meeting of the CFPC CNCP SIFP networking meeting would be welcomed.

**2200SS Prevention of HPV-Related Diseases: Not just a women's issue****07:00–08:00 ROOM / SALLE : 520a,b,d,e - Palais des congrès****Pre-registration required.****2246SS Canadian Approaches to Stroke Prevention in Atrial Arrhythmias****07:00–08:00 ROOM / SALLE : 710a - Palais des congrès****Pre-registration required.****2383SS GOUT: sUA lowering therapies: The why, the when, the how****07:00–08:00 ROOM / SALLE : 710b - Palais des congrès****Pre-registration required.****2051MC Musculoskeletal Injuries in Adults and Children in the Emergency Department****08:00–16:30 ROOM / SALLE : Maisonneuve - Intercontinental Hotel****Pre-registered delegates only.****2104 Urgences ophtalmiques*****Ophthalmic emergencies***

Patricia-Ann Laughrea, MD, FRCS(C), Québec, QC

Séance générale / General Session

**ROOM / SALLE : 517b - Palais des congrès****Objectifs d'apprentissage :**

- 1) établir un diagnostic différentiel plausible pour les présentations ophtalmiques aigües suivantes :
  - Les pertes de vision et les autres phénomènes visuels
  - Les lésions cornéennes
  - Les douleurs oculaires
- 2) identifier les questions-clés et les indices critiques
- 3) appliquer la conduite appropriée, dans un délai adéquat. Le médecin de famille est exposé fréquemment à des patients de tout âge se présentant pour un problème oculaire subit, douloureux ou affectant la vision.

**Learning objectives:**

1. to make a plausible diagnosis for patients presenting with the following acute ophthalmological conditions:
  - Loss of vision and other visual phenomena
  - Corneal damage
  - Ocular pain
2. to identify key questions and crucial indicators
3. to apply the appropriate course of treatment, in a timely manner

**2110 Le pour et le contre des probiotiques**

Valérie Marchand, MD, FRCPC, Montréal, QC

**ROOM / SALLE : 511d - Palais des congrès****Objectifs d'apprentissage :**

- 1) revoir la composition, le développement et le rôle de la microflore intestinale, ainsi que son interaction avec l'hôte
- 2) comprendre ce qu'est un probiotique, connaître les caractéristiques et les qualités d'un bon probiotique
- 3) revoir les conditions pour lesquelles les probiotiques ont une efficacité clinique prouvée et les conditions pour lesquelles ils pourraient potentiellement être efficaces.

**LEGEND/LÉGENDE**

---

**2141      08:15–09:15      The Care Gap in the Diagnosis and Management of Fibromyalgia for Canadian Family Physicians**

*Mary-Ann Fitzcharles, MB, ChB, MRCP(UK), FRCP, Pointe-Claire, QC*

**ROOM / SALLE : 524a - Palais des congrès**

*At the end of this session, participants will be able to:*

1. understand current concepts of neurophysiological mechanisms in FM
  2. develop an approach to the clinical diagnosis of FM
  3. harmonize mechanisms with rational treatments which will include both non pharmacologic and pharmacologic options
- 

**2135      08:15–09:15      Dépistage du cancer de la prostate: comment intégrer la prise de décision**

*Michel Labrecque, MD, CCMF, FCMF, Québec, QC; Michel Cauchon, MD, CCMF, FCMF, Québec, QC*

**ROOM / SALLE : 524c - Palais des congrès**

*Objectifs d'apprentissage :*

- 1) poser un regard critique sur le bien-fondé du dépistage du cancer de la prostate et les recommandations des différents groupes d'intérêt
  - 2) conseiller leurs patients sur les enjeux du dépistage dans une perspective de prise de décision partagée
- 

**2146D      08:15–09:15      L'insertion de stérilet et biopsie de l'endomètre (1)**

*Théâtre de démonstration*

*Délégués préinscrits seulement.*

---

**2019      08:15–08:45      Newborn orthopedics: What is seen in the first few weeks?**

*Julie Dubé, MD, Montréal, QC*

**ROOM / SALLE : 514a,b,c - Palais des congrès**

**■ Maternity Care Day**

*After this session, the participants will be able to:*

1. describe common newborn orthopedic problems
  2. understand treatment and referral for newborns
- 

**2014      08:15–08:35      Spirometry: Why should you do it?**

*Alan Kaplan, MD, CCFP(EM), FCFP, Richmond Hill, ON*

**ROOM / SALLE : 520a,b,d,e - Palais des congrès**

**■ Respiratory Medicine**

*During this session, participants will learn:*

1. who should have spirometry
  2. how to use spirometry to actively diagnose your patients
  3. how to use spirometry to guide your therapy
  4. how to use spirometry to improve your practice
- 

**2017      08:15–09:15      Your Practice Website: Is it time now?**

*Jonathan Marcus, MD, CCFP, Toronto, ON*

**ROOM / SALLE : 520c - Palais des congrès**

*During this session, participants will:*

1. understand reasons to have a website
  2. choose website component options and steps to set up a website
  3. learn how to use your website to increase office efficiency
- 

**2030      08:15–09:15      Deadly ECGs in the Office You Should Not Miss!**

*Vukiet Tran, MD, CCFP(EM), Richmond Hill, ON*

**ROOM / SALLE : 511b,c,e,f - Palais des congrès**

*At the end of this session, participants will be able to:*

1. use ECGs in the office to stratify patients presenting with palpitation, dizziness, or syncope
  2. recognize the ECGs that reveal fatal diagnoses
  3. recognize the need for urgent versus non-urgent referrals based on ECG interpretation
- 

**2078      08:15–11:50      Medical Student and Family Medicine Resident Leadership Workshop (By invitation only)**

*Carol P. Herbert, MD, CCFP, FCFP, London, ON; Louise L. Nasmith, MD, CCFP, FCFP, Vancouver, BC;*

*Ian Scott, MD, CCFP, FCFP, Vancouver, BC*

**ROOM / SALLE : 513d - Palais des congrès**

This workshop is designed for the recipients of the Family Medicine Resident and Medical Student Leadership Awards and deals with leadership skills and knowledge acquisition for new family physicians.

By invitation only.

**2116** **How Are Your Residents Treating your Patients? Tips and tricks for resident clinical supervision and video reviews**

*Karen Shklnka, MD, CCFP, Vancouver, BC; Douglas Cave, MSW, RSW, PhD, RPsych, MA, AMP, Vancouver, BC*

**ROOM / SALLE : 513a - Palais des congrès**

*During this session, participants will:*

1. learn and practice a technique for individual resident video-reviews and clinical supervision that can be tailored for your program/site
2. develop and practice the skills necessary to support residents and build physician resilience, during clinical supervision
3. learn to build empathy skills in residents for both themselves and their patients

\* This session would be of interest to family medicine teachers.

**2024** **Residents as Scholars – A Joint Symposium of the Sections of Researchers and Teachers**

**08:15–10:20** **Les résidents en tant qu'érudits : Symposium conjoint des Sections des chercheurs et des enseignants**

**ROOM / SALLE : 510 - Palais des congrès**

*By the end of the symposium participants will:*

1. have a good understanding of the CanMEDS-FM Scholar Role competencies
2. be able to describe behavioural indicators demonstrating progressive attainment of the scholar role competencies
3. share learning activities that enable residents to achieve the scholar role competencies
4. consider benchmarks for learners by end of the 2nd year of residency that reflects attainment of scholar role competencies ready for unsupervised practice

*Au terme du symposium, les participants :*

- 1) Auront une bonne compréhension des compétences associées au rôle d'érudit de CanMEDS-FM
- 2) Saauront décrire les indicateurs comportementaux démontrant l'atteinte progressive des compétences du rôle d'érudit
- 3) Auront discuté d'activités d'apprentissage permettant aux résidents d'acquérir les compétences du rôle d'érudit
- 4) Auront envisagé des jalons que devraient avoir atteints les apprenants au terme de leur deuxième année de résidence qui reflètent l'acquisition des compétences du rôle d'érudit nécessaires pour la pratique autonome.

\* This session would be of interest to family medicine teachers. / Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

◎ This session would be of interest to family medicine researchers. / Cette séance est susceptible d'intéresser les chercheurs en médecine familiale.

**2120** **Pill Popping...By Prescription**

**08:15–09:15** *David Luckow, MDCM, CCFP, CCSAM, DABAM, CMRO, Montréal, QC*

**ROOM / SALLE : 516d - Palais des congrès**

*At the end of this session, participants will be able to:*

1. identify and understand the problem of prescription drug abuse
2. gain confidence in using risk-reduction techniques in prescribing practices
3. identify patients who are at higher-than-average risk of prescription drug abuse

**2158D** **Ankle Brachial Index (ABI): Key to diagnosing PAD workshop (Course 1)**

**08:15–09:15** **Demonstration Theatre**

**Pre-registered delegates only.**

**2132** **Étudiants et résidents en difficulté : Outils pratiques**

**08:15–11:50** *Miriam Lacasse, MD, MSc, CCMF, Québec, QC; Johanne Théoret, MD, CCMF, FCMF, Québec, QC*

**ROOM / SALLE : 513e - Palais des congrès**

*À la fin de cette présentation, les participants seront en mesure de :*

- 1) reconnaître les signes et symptômes d'un apprenant en difficulté
- 2) poser un diagnostic pédagogique précis
- 3) prendre en charge un apprenant en difficulté en développant un plan d'intervention adapté à ses besoins.

\* Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>2178 08:15–11:50</b>	<b>Superviser l'apprentissage de gestes techniques en médecine familiale et en médecine d'urgence</b> <i>Anne-Josée Flynn, MD, CCMF, FCFM, Québec, QC</i>
<b>ROOM / SALLE : 513c - Palais des congrès</b>	

**Objectifs d'apprentissage :**

- 1) appliquer les grands principes d'apprentissage dans l'enseignement de gestes techniques
- 2) démontrer différentes séquences de procédure dans la supervision de gestes techniques
- 3) apprendre à gérer les difficultés inhérentes à l'enseignement de gestes techniques (habiletés/contraintes/ médicolégal)
- 4) élaborer et pratiquer une séquence de procédure dans la supervision de gestes techniques.

\* Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

<b>2185 08:15–09:15</b>	<b>Insuffisance cardiaque pour le médecin de famille : Une revue pratique et clinique des stratégies de traitement pour améliorer les résultats et la qualité de vie de vos patients</b> <i>Anique Ducharme, MD, FRCPC, Montréal, QC</i>
<b>ROOM / SALLE : 520f - Palais des congrès</b>	

**Objectifs d'apprentissage :**

- 1) revoir et évaluer les diagnostiques et gérer l'insuffisance cardiaque dans leur milieu clinique
- 2) mettre à jour les connaissances et la prise de décision pour la gestion optimale des symptômes de leurs patients avec une insuffisance cardiaque
- 3) adapter leur pratique clinique aux lignes directrices canadiennes d'insuffisance cardiaque fondées sur des preuves, aux recommandations et conseils pratiques.

<b>2206 08:15–10:20</b>	<b>Integrating Communication Supports into Your Practice: Interpreters, cultural brokers, and Google Translate</b> <i>Kevin Pottie, MD, CCFP, FCFP, MD, MCISc, Ottawa, ON; Doug Gruner, MD, CCFP, FCFP, Ottawa, ON; Gurdeeshpal Randhawa, BSc, Ottawa, ON; Mariella Ferreyra, MD, Ottawa, ON</i>
<b>Computer Learning Centre Session</b> <b>ROOM / SALLE : 523a,b - Palais des congrès</b>	

*During this session, participants will:*

1. discuss new guidelines to support effective and efficient communication with patients using interpreters and cultural brokers
2. apply the communication guidelines during the workshop using role play with interpreters and web based Google Translate
3. receive practical resources to facilitate care of culturally and linguistically diverse patients, including a summary of the new CMAJ CCIRH Clinical Guidelines for Immigrants and Refugees

<b>2209 08:15–11:50</b>	<b>The Practical Management of Low Back Pain: What the practice guidelines don't say</b> <i>Raja Rampersaud, MD, FRCSC, Toronto, ON; Hamilton Hall, MD, FRCSC, Markdale, ON</i>
<b>ROOM / SALLE : 512c,d,g,h - Palais des congrès</b>	

*During this session, participants will:*

1. describe and perform a focused screening history and examination
2. discuss the timing of Investigations (including interpretation) and specialist Referral
3. discuss the initial and long term management strategies for difficult LBP patients.

<b>2214 08:15–9:15</b>	<b>Effective Care of the Refugee Patient</b> <i>Michael Stephenson, MD, CCFP, Toronto, ON</i>
<b>ROOM / SALLE : 524b - Palais des congrès</b>	

*At the end of this session, participants will be able to:*

1. understand how the health care system for refugees differs from that of Canadian citizens, and to be able to effectively navigate this system
2. understand the judicial process that refugees and refugee claimants face, and how this presents opportunities for specific advocacy
3. reduce the stress associated with the care of refugee and refugee claimant patients through practical tips and advice

- 2253      08:15–10:20      Implementation of a Triple C Curriculum: Process and Evaluation 2006-2010  
Implantation d'un Cursus Triple C : Processus et Évaluation 2006-2010**
- Louise Authier, MD, CCMF, FCMF, Montréal, QC; Isabel Rodrigues, MD, CCMF, FCMF, Vimont, QC; Caroline Beique, MDCM, CCMF, Montréal, QC; Virginie Deslauriers, MD, CCMF, Montréal, QC; Rejean Duplain, MD, CCMF, Trois-Rivières, QC; Isabelle Hébert, MD, CCMF, Montréal, QC; Anne-Patricia Prévost, MD, CCMF, Longueuil, QC; Marie Authier, Montréal, QC

**ROOM / SALLE : 513b - Palais des congrès**

**Objective:**

Share the experience of the department of family medicine of the University of Montréal, with the modification of its curriculum towards a Triple C curriculum.

**Objectif :**

Partager l'expérience du programme de médecine familiale de l'Université de Montréal, dans la transformation de son curriculum vers un curriculum Triple C.

**This session will be delivered in English but will have slides available in both English and French.**

**Cette séance sera présentée en anglais, mais les diapositives seront en anglais et en français.**

\* This session would be of interest to family medicine teachers. / Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

- 2286      08:15–10:20      How Clinicians are Using Pan-Canadian PHC Indicators to Improve Quality in Family Medicine**
- Patricia Sullivan-Taylor, BSN, MPA, PMP, Toronto, ON
- ROOM / SALLE : 512a - Palais des congrès**

*During this session, participants will:*

1. understand how survey tools can be used to measure important aspects of Primary Health Care (PHC)
2. learn how surveys can be used to populate pan-Canadian PHC indicators
3. learn about and provide feedback on the content of surveys under development, including:
  - population surveys to better understand population health and the impact of PHC
  - patient surveys to better understand the responsiveness of PHC to patient needs
  - provider surveys to better understand resources available to and capacities of PHC providers
  - practice surveys to better understand the structure of PHC practise in jurisdictions and Canada
4. discuss the benefits and risks of public reporting of survey results

◎ This session would be of interest to family medicine researchers.

- 2310      08:15–10:20      Developing Practical Strategic Plans that Help you Achieve Outcomes**
- David Keegan, MD, CCFP(EM), FCFP, Calgary, AB
- ROOM / SALLE : 513f - Palais des congrès**

*By the end of this workshop, participants will be able to*

1. describe the key steps to develop a useful strategic plan
2. develop an inclusive list of planning participants
3. develop and administer a survey that “kick-starts” the process
4. lead a strategic planning event that will result in a clear strategic plan

\* This session would be of interest to family medicine teachers.

- 2350      08:15–09:15      Lessons from the Evolution of Primary Care**
- Rick Ward, MD, CCFP, FCFP, Calgary, AB; Lorraine Bucholtz, BScN, Calgary, AB
- ROOM / SALLE : 516b - Palais des congrès**

*During this session, participants will:*

1. identify current issues in primary care reform
2. share and be exposed to best practice and innovations that have been products of primary care organizations
3. network with primary care leaders engaged in primary care reform initiatives

<b>■ Respiratory Medicine</b>	
Using the clinical based PODS system, the participant will learn to make the diagnosis of Acute Bacterial Rhinosinusitis (ABRS) in a medical office setting.	
The accompanying algorithm will indicate the ABRS severity and direct the appropriate treatment. Intranasal corticosteroids are encouraged and without clear clinical indication, antibiotics are discouraged.	
<b>2020 08:45–09:15</b>	<b>Gestational Diabetes</b> <i>Presenter to be Confirmed</i> <b>ROOM / SALLE : 514a,b,c - Palais des congrès</b>
<b>■ Maternity Care Day</b>	
<i>During this session, participants will:</i>	
1. describe current Canadian guidelines for the management for gestational diabetes 2. discuss the identification of Type 2 Diabetes in pregnancy	

- 2100** **Troubles thyroïdiens fréquents en médecine familiale**  
**08:45–09:15** **Common thyroid disorders in family medicine**  
*Andrée Boucher, MD, FRCPC, Montréal, QC*  
 Séance générale / General Session  
**ROOM / SALLE : 517b - Palais des congrès**

**Objectifs d'apprentissage :**

- 1) établir un diagnostic différentiel des troubles thyroïdiens (hypo vs. hyperthyroïdie)
- 2) déterminer qui dépister et procéder à l'investigation pertinente
- 3) traiter et assurer le suivi des patients avec troubles thyroïdiens
- 4) identifier les conditions nécessitant une référence en spécialité.

*Learning objectives:*

1. to make a differential diagnosis of thyroid disorders (hypo vs. hyperthyroidism)
2. to determine who should be screened and to conduct the relevant investigation
3. to provide treatment and follow-up to patients with thyroid disorders
4. to identify conditions that require a referral to a specialist

- 2016** **Will You Recognize that Case of TB?**  
**08:55–09:15** *Alan Kaplan, MD, CCFP(EM), FCFP, Richmond Hill, ON*  
**ROOM / SALLE : 520a,b,d,e - Palais des congrès**

**■ Respiratory Medicine***During this session, participants will learn:*

1. how to recognize TB in your practice
2. what tests you should do when you suspect TB
3. how to differentiate Active TB from a latent TB infection

- 2388MC** **The Impact of Attachment and Parenting on Child Behaviour: What you should know**  
**09:00–15:00** **ROOM / SALLE : Ville-Marie B - Le Westin Hotel**  
**Pre-registered delegates only.**

- 2025** **Adult Asthma: Pearls to change your management**  
**09:20–09:50** *Christopher Fotti, MD, CCFP, RRT, East St. Paul, MB*  
**ROOM / SALLE : 520a,b,d,e - Palais des congrès**

**■ Respiratory Medicine***Learning objective:*

to review and apply the Canadian Consensus Guidelines in the Management of Adult Asthma

- 2133** **Pediatric Ophthalmology: Pearls for the family physician**  
**09:20–10:20** *Rosanne Superstein, MD, FRCSC, Montréal, QC*  
**ROOM / SALLE : 524c - Palais des congrès**

*Learning objective:*

1. to review common problems in pediatric ophthalmology and discuss the approach towards them
2. to review which patients should be referred and how urgently they should be seen

- 2147D** **L'insertion de stérilet et biopsie de l'endomètre (Cours 2 – répétition)**  
**09:20–10:20** **Théâtre de démonstration**  
**Délégués préinscrits seulement.**

- 2031** **A Practical Guide to Prenatal Genetics**  
**09:20–9:50** *Teresa Rudkin, MD, CCFP, Outremont, QC*  
**ROOM / SALLE : 514a,b,c - Palais des congrès**

**■ Maternity Care Day***Learning objectives:*

1. to understand 'integrated' prenatal screen
2. to know how to manage the most common "abnormal" fetal ultrasound findings reported on the routine 2nd trimester ultrasound
3. to dispel the common misconceptions about amniocentesis

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>2027 09:20–10:20</b>	<b>Practical Care in the Office Setting</b> <i>Sidney Feldman, MD, CCFP, FCFP, Toronto, ON; Chris Frank, MD, CCFP, FCFP, Kingston, ON</i> <b>ROOM / SALLE : 519a - Palais des congrès</b>
	<i>At the end of this session, participants will be able to:</i>
	1. recognize changes in elderly patients that signify high risk situations 2. be familiar with practical tools to aid the busy practitioner in the office 3. improve office systems to reduce frustration in dealing with our older patients
<b>2028 09:20–09:50</b>	<b>Toxic Status Epilepticus</b> <i>Martin Laliberté, MD, FRCPC, Montréal, QC</i> <b>ROOM / SALLE : 524a - Palais des congrès</b>
	<b>■ Emergency Medicine</b>
	<i>At the end of this session, participants will:</i>
	1. know which toxins cause seizures 2. have an approach to toxin seizure management
<b>2005 09:20–11:50</b>	<b>Office Emergencies Workshop: An interprofessional scenario-based approach to common office emergencies</b> <i>Jo Jo Leung, MD, Hamilton, ON; Nick Minos, MD, Ancaster, ON; Peter Anderson, MD, Milton, ON</i> <b>ROOM / SALLE : 520c - Palais des congrès</b>
	<i>During this session, participants will:</i>
	1. understand how both clinical and non-clinical office staff can participate in handling an office-based patient emergency 2. discuss several office-based patient emergencies and how to handle them quickly and easily 3. discuss what equipment and medications primary care offices need to have on hand to deal with common patient emergencies
<b>2023 09:20–10:20</b>	<b>Chronic Pain and Addiction: Safe opioid prescribing</b> <b>Douleur chronique et dépendance : Prescrire des opioïdes de manière sécuritaire</b> <i>Lisa Bromley, MD, CCFP, FCFP, Ottawa, ON</i>  General Session / Séance générale <b>ROOM / SALLE : 517b - Palais des congrès</b>
	<i>Learning objectives:</i>
	1. review the Canadian Guideline for the Safe and Effective Use of Opioids for Chronic Non-Cancer Pain 2. recognize and manage opioid misuse and dependence within your practice 3. manage the patient doing poorly on high dose opioids
	<i>Objectifs d'apprentissage :</i>
	1) passer en revue le guide de pratique clinique canadien sur l'utilisation sûre et efficace des opioïdes pour la douleur chronique non cancéreuse 2) reconnaître et prendre en charge l'utilisation abusive des opioïdes et la dépendance dans le cadre de votre pratique 3) prendre en charge le patient qui ne répond pas bien à de fortes doses d'opioïdes.
<b>2040 09:20–10:20</b>	<b>Clinical Decision-Making about Patients and Work: Practical stuff they didn't teach us in med school</b> <i>Jennifer Christian, MD, MPH, Wayland, Massachusetts</i> <b>ROOM / SALLE : 516a - Palais des congrès</b>
	<i>As a result of participating in this session, clinicians will be able to:</i>
	1. employ a logical conceptual framework and set of clinical tools in formulating clinical opinions in the stay at work and return to work process 2. use the One Minute Return to Work Screening Test and other methods of obtaining needed information and data upon which to base their opinions
<b>2067 09:20–10:20</b>	<b>Test Your Contraception I.Q.: An interactive modern contraception challenges workshop</b> <i>SESSION CANCELLED</i>
<b>2134 09:20–10:20</b>	<b>Motivational Interviewing to Encourage Patient Self-Management in Chronic Disease</b> <i>Anne Barber, PHC-NP, MScN, Hamilton, ON; Inge Schabot, MB, ChB, CCFP, Hamilton, ON; Michele MacDonald Werstuck, RD, MSc, CDE, Hamilton, ON; Shelly House, RPh, BScPharm, CDE, Hamilton, ON</i> <b>ROOM / SALLE : 516e - Palais des congrès</b>
	<i>At the end of this session, participants will be able to:</i>
	1. define motivational interviewing as one strategy for self-management in chronic disease 2. describe and practice situations where motivational interviewing techniques can be applied in a busy family practice 3. access and use motivational interviewing and self-management resources and tools

**2201      Préparation du voyageur de dernière minute****09:20–10:20** *Dominique Tessier, MD, CCMF, FCMF, Montréal, QC***ROOM / SALLE : 511d - Palais des congrès****Objectifs d'apprentissage :**

- 1) identifier les interventions les plus utiles en médecine des voyages
- 2) recommander les médicaments pour la trousse du voyageur de dernière minute
- 3) prioriser les immunisations pour les voyageurs de dernière minute

**2263      Borderline Personality Disorder: Effective management strategies for both patient and physician****09:20–10:20** *James Goertzen, MD, CCFP, MCISc, FCFP, Thunder Bay, ON***ROOM / SALLE : 516d - Palais des congrès****Participants will:**

1. acquire strategies for the effective management of patients with a borderline personality disorder
2. learn approaches to increase their resilience and reduce the frequency of burnout when engaged in therapeutic relationships with patients with a borderline personality disorder
3. develop physician/patient relationships which encourage borderline personality disorder patients to increase their self-management skills

**2298      What's New? Our top ten picks of research findings that improve practice for family physicians****09:20–10:20** *Jeannie Haggerty, Montréal, QC; Martin G. Dawes, MD, MCFP, Vancouver, BC; Valerie Gilchrist, MD, Madison, WI***ROOM / SALLE : 511b,c,e,f - Palais des congrès****Learning objectives:**

1. to synthesize clinically relevant research presented at the primary care annual research meeting (NAPCRG)
2. to stimulate the interest of practicing family physicians in primary care research

**• This session would be of interest to family medicine researchers.****2300      How to Say I'm Sorry: The impact of apology legislation on family practice****09:20–10:20** *Florin Tudor Padeanu, BSc (Hons), LLB, MD, CCFP, Winnipeg, Manitoba***ROOM / SALLE : 524b - Palais des congrès****Learning objectives:**

1. review the ethical, legal and social impetus for Apology Legislation
2. understand the elements of Apology Legislation and its current application in Canada
3. communicate appropriately with patients following an adverse event

**2322      CONNECTED: Communicating and computing in the exam room****09:20–10:20** *W. Wayne Weston, MD, CCFP, FCFP, London, ON***ROOM / SALLE : 519b - Palais des congrès****At the end of this session, participants will:**

1. develop increased skills and greater confidence in their ability to communicate effectively while using exam room computers
2. identify techniques that enhance shared decision making and patient satisfaction through the use of exam room computing
3. identify techniques that communicate to patients, "We know you"

**2351      Réfléchir pour agir: Utiliser la rétroaction pour améliorer la prise en charge des maladies chroniques****09:20–10:20** *Jean Rodrigue, MD, Montréal, QC; Michel Camirand, MD, Cowansville, QC; Julie Lajeunesse, MD, CCFP, FCFP, Longueuil, QC; Brigitte Vachon, PhD, Ste-Julie, QC***ROOM / SALLE : 520f - Palais des congrès****Objectifs :**

- 1) analyser les données provenant de banques administratives du système de santé québécois
- 2) expérimenter la réflexion critique sur sa pratique en utilisant les données de banques administratives
- 3) sensibiliser les professionnels de la 1re ligne à l'importance de leur engagement dans la démarche d'amélioration continue des services.

**2026      Paediatric Asthma: Pearls to change your management****09:50–10:20** *Alan Kaplan, MD, CCFP(EM) FCFP, Richmond Hill, ON***ROOM / SALLE : 520a,b,d,e - Palais des congrès****■ Respiratory Medicine****Learning objective:**

to learn which preschooler with wheeze will have persistent asthma vs. those who are transient viral wheezers and guide your therapy and follow up accordingly

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>2032 09:50–10:20</b>	<b>Preterm Labour</b> <i>Presenter to be Confirmed</i> <b>ROOM / SALLE : 514a,b,c - Palais des congrès</b>
	<b>■ Maternity Care Day</b> Preterm birth represents a significant source of morbidity and mortality for infants. <i>At the end of this session, participants will be able to:</i> 1. describe the risk factors for preterm labour 2. understand the capacity for prediction of preterm birth
<b>2526D 09:20–10:20</b>	<b>Ankle Brachial Index (ABI): Key to Diagnosing PAD Workshop - (Course 2 – Repeat)</b> <b>Demonstration Theatre</b> <b>Pre-registered delegates only.</b>
<b>2029 09:50–10:20</b>	<b>Acute Back Pain: When to worry</b> <i>Penny-Jane Baylis, MD, MBBS, CCFP, Dip Sport Med, Montréal, QC</i> <b>ROOM / SALLE : 524a - Palais des congrès</b>
	<b>■ Emergency Medicine</b> <i>At the end of this session, participants will be able to:</i> 1. use a systematic approach to back pain presentations 2. recognize red flags relating to back pain 3. use ancillary evaluations judiciously considering risk of radiation exposure
<b>2035 10:50–11:50</b>	<b>Why You May Be Missing Elder Abuse in Your Patients</b> <i>Mark Yaffe, MD, CCFP, FCFP, Montréal, QC; Katie Fagen, BSW, Montréal, QC</i> <b>ROOM / SALLE : 519a - Palais des congrès</b>
	<i>By the end of this session, participants will be able to:</i> 1) identify what elder abuse might look like in office, emergency room, or institutionally-based practices 2) identify barriers to detection of elder mistreatment and tools that might overcome such obstacles 3) explore what may done by doctors once abuse is identified, including the nature of community agency response
<b>2139 10:50–11:50</b>	<b>Best of 2010: Patient Oriented Evidence that Matters (POEMs)</b> <i>Roland Grad, MDCM, MSc, CCFP, FCFP, Montréal, QC</i> <b>ROOM / SALLE : 524c - Palais des congrès</b>
	<i>During this session, participants will be able to:</i> 1. learn about the value of reading synopses of original research delivered on email 2. understand the potential benefits of sharing free-text comments about specific email alerts
	<b>● This session would be of interest to family medicine researchers.</b>
<b>2141D 10:50–11:50</b>	<b>L'examen musculosquelettique efficient pour les médecins de famille : genou (Cours 2 – répétition)</b> <b>Théâtre de démonstration</b> <b>Délégués préinscrits seulement.</b>
<b>2135D 10:50–11:50</b>	<b>IUD Insertion and Endometrial Biopsy (Course 1)</b> <b>Demonstration Theatre</b> <b>Pre-registered delegates only.</b>
<b>2068 10:50–11:50</b>	<b>PubMed/Medline Search Clinic (Course 1)</b> <i>Lynn Dunikowski, MLS, London, ON</i> Computer Learning Centre Session <b>ROOM / SALLE : 523a,b - Palais des congrès</b>
	<i>During this session, participants will:</i> 1. review the basics of good search techniques 2. learn about and practice several newer PubMed/Medline features 3. learn some timesaving tips and tricks from a search expert 4. get answers to your questions about literature searching
<b>2069 10:50–11:50</b>	<b>Mettez à l'épreuve votre « quotient contraceptif » : Un atelier interactif sur les défis de la contraception moderne</b> <b>SÉANCE ANNULÉE</b>

<b>2090</b>	<b>Critical Drug Interactions That Family Doctors Should Know About</b>
<b>10:50–11:50</b>	<b>Interactions médicamenteuses critiques que devraient connaître les médecins de famille</b>
•	Suzanne Singh, BScPhm, PharmD, RPh, Toronto, ON
	General Session / Séance générale

ROOM / SALLE : 517b - Palais des congrès

**Learning objectives:**

1. learn the magnitude of the burden of preventable drug interactions on the Canadian healthcare system
2. discuss common mechanisms associated with clinically significant drug interactions and debate the level of evidence needed to justify whether a drug interaction is of concern
3. identify clinically significant drug interactions in practice and suggest appropriate management strategies to avoid undesired adverse effects

**Objectifs d'apprentissage :**

- 1) se renseigner sur l'ampleur du fardeau des interactions médicamenteuses évitables pour le système de santé canadien
- 2) discuter des mécanismes courants associés avec les interactions médicamenteuses cliniquement significatives et discuter du niveau de données probantes nécessaires pour justifier si une interaction médicamenteuse est préoccupante
- 3) identifier les interactions médicamenteuses cliniquement significatives dans la pratique et suggérer des stratégies de prise en charge appropriées pour éviter les effets secondaires indésirables.

<b>2127</b>	<b>Identifying the Acute MI in the Primary Care Office Practice</b>
<b>10:50–11:50</b>	Sheldon Permack, MD, CCFP, Winnipeg, MB
	ROOM / SALLE : 524a - Palais des congrès

**During this session, participants will:**

1. review the frequency and seriousness of missed diagnosis of acute cardiac disease in the primary care setting
2. review pitfalls in the diagnosis of coronary disease in the primary care setting
3. review tools that would help practitioners assess this condition

<b>2184</b>	<b>Taking the Sting Out of Immunizations for New Arrivals to Canada</b>
<b>10:50–11:50</b>	Meb Rashid, MD, CCFP, FCFP, Toronto, ON; Carol Geller, MD, CCFP, FCFP, Ottawa, ON; Alison Eyre, MD, CCFP, Ottawa, ON
	ROOM / SALLE : 516a - Palais des congrès

**Learning objectives:**

1. to provide an overview of the research outlining the need for immunizations in newly-arrived immigrants and refugees
2. to discuss immunizations strategies for MMR, tetanus based vaccines, varicella and hepatitis B in newly-arrived immigrants and refugees
3. to discuss the factors that affect the uptake of immunizations in newly-arrived immigrants and refugees

<b>2198</b>	<b>Preparation for Last-Minute Travellers</b>
<b>10:50–11:50</b>	Dominique Tessier, MD, CCFP, FCFP, Montréal, QC
	ROOM / SALLE : 511d - Palais des congrès

**Learning objectives:**

1. identify key interventions for last minute travellers
2. recommend key medications for last minute travellers
3. prioritize immunizations for last minute travellers

<b>2212</b>	<b>Application of the Four-Dimensional Symptom Questionnaire (4DSQ): A self-report questionnaire to detect and assess distress, depression, anxiety and somatization in family medicine</b>
<b>10:50–11:50</b>	Berend Terluin, MD, PhD, Amsterdam, NH; Baukje Miedema, PhD, Fredericton, NB
	ROOM / SALLE : 516d - Palais des congrès

**During this session, participants will learn:**

1. what the 4DSQ actually measures
2. how and when to use the 4DSQ in everyday practice
3. how to interpret the 4DSQ-scores and how to communicate the findings to the patients

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

<b>2225 10:50–11:50</b>	<b>Interpreting the Canadian Task Force on Preventive Health Care Evidence Grading System</b> <i>Richard V. Birtwhistle, MD, MSc, CCFP, FCFP, Kingston, ON; Neil R. Bell, MD, CCFP, FCFP, Edmonton, AB; Kevin Pottie, MD, CCFP, FCFP, MSc, Ottawa, ON; Marcello Tonelli, MD, SM, FRCPC, Edmonton, AB</i> <b>ROOM / SALLE : 511b,c,e,f - Palais des congrès</b>
<i>At the end of this session, participants will have an increased:</i>	
1. knowledge of the Task Force's grading system for rating evidence and the strength of recommendations 2. understanding of what "quality of evidence" is and why it is important 3. understanding of what makes a good grading system, what "strength of recommendation" is and why it is important	
<b>2033 10:50–11:20</b>	<b>Inhaler Devices: Do you know how to use them?</b> <i>Christopher Fotti, MD, CCFP(EM), FCFP, East St. Paul, MB</i> <b>ROOM / SALLE : 520a,b,d,e - Palais des congrès</b>
<b>■ Respiratory Medicine</b>	
<i>At the end of this session, participants will:</i>	
1. understand how to properly utilize inhaler devices 2. understand proper inhaler techniques 3. have a better understanding of the significance of poor inhaler technique on asthma control	
<b>2036 10:50–11:20</b>	<b>Fertility: More than just having a baby</b> <i>Presenter to be Confirmed</i> <b>ROOM / SALLE : 514a,b,c - Palais des congrès</b>
<b>■ Maternity Care Day</b>	
<i>During this session, participants will:</i>	
1. describe common issues related to fertility 2. understand outcomes of fertility treatment for women and their children 3. discuss the role of singleton versus multiple pregnancies 4. understand the role of aging in fertility	
<b>2226 10:50–11:50</b>	<b>Everything's Relative: A different way to provide feedback on strengths and weaknesses</b> <i>Milena Forte, MD, CCFP, Etobicoke, ON; Perle Feldman, MD, CCFP, FCFP, North York, ON; June C. Carroll, MD, CCFP, FCFP, Toronto, ON; Andrew Sparrow, MD, CCFP, Toronto, ON</i> <b>ROOM / SALLE : 513b - Palais des congrès</b>
In this session, participants will be introduced to the Relative Ranking Scale (RRS) and its potential use as a tool to enrich feedback between teachers and residents. This talk will build on previous work presented at FMF, and will add new insights gleaned from a second phase of our project. Participants do not need to have familiarity with the RRS tool, but those who have worked with it are especially welcomed!	
<b>* This session would be of interest to family medicine teachers.</b>	
<b>❶ This session would be of interest to family medicine researchers.</b>	
<b>2228 10:50–11:50</b>	<b>Envisioning a Longitudinal Residency Training Program: Transforming plans into practice</b> <i>Betty Calam, MD, MSc, CCFP, FCFP, Vancouver, BC; Douglas Cave, MSW, RSW, PhD, RPysch, MA, AMP, Vancouver, BC; Colleen Kirkham, MD, CCFP, FCFP, Vancouver, BC; Lisa Twardowska Jeans, BA, MLIS, Vancouver, BC</i> <b>ROOM / SALLE : 513a - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. share resident, faculty, preceptor and staff experiences amassed over 11 years of running a longitudinal family practice training site 2. explore strategic learning related to strengths and weaknesses identified by participants at the St. Paul's Site 3. begin networking and organizing with other Canadian residency sites interested in establishing, studying and advocating for longitudinal training programs	
<b>* This session would be of interest to family medicine teachers.</b>	
<b>❶ This session would be of interest to family medicine researchers.</b>	
<b>2236 10:50–11:50</b>	<b>La médecine familiale vue par des jeunes omnipraticiens : Rejet de la vocation et de la continuité des soins</b> <i>Philippe Karazivan, MD MA(Ed), Montréal, QC; Marie-Dominique Beaulieu, MD, CCMF, FCMF, Brossard, QC; Claudio Del Grande, MSc, Montréal, QC</i> <b>ROOM / SALLE : 512a - Palais des congrès</b>
<i>Objectifs d'apprentissage :</i>	
1) envisager une nouvelle perspective, basée sur les valeurs des jeunes médecins comme déterminant principal de leurs choix de carrière, pour mieux comprendre le phénomène du désintérêt envers la médecine familiale chez les jeunes médecins de famille 2) comprendre pourquoi les efforts actuels de valorisation de la continuité de soins sont inefficaces 3) apprécier l'apport des sciences sociales, de la méthodologie qualitative et de la théorisation ancrée ('grounded theory') dans le domaine de la recherche en éducation médicale.	
<b>❶ Cette séance est susceptible d'intéresser les chercheurs en médecine familiale.</b>	

**2260 Effective Use of Opioids in Palliative Care**

10:50–11:50 Cornelius J. Woelk, MD, CCFP, FCFP, Winkler, MB

ROOM / SALLE : 519b - Palais des congrès

*At the end of this session, participants will:*

1. appreciate the complexity of providing symptom control in palliative care
2. understand the potential for serious but reversible side effects related to opioids
3. have a practical and rational approach to increasing doses and changing opioids

**2092 Grief Counselling (moved from Saturday)**

10:50–11:50 Mel Borins, MD, CCFP, FCFP, Toronto, ON

ROOM / SALLE : 520f - Palais des congrès

*During this session, participants will learn:*

1. to identify grief in clinical practice and help patients go through the stages of grieving
2. which patients do so poorly and go on to depression
3. specific techniques to help patients work through the grieving process

**2034 Action Plans: How to use them (Respiratory Medicine)**

11:20–11:50 Alan Kaplan, MD, CCFP(EM), FCFP, Richmond Hill, ON

ROOM / SALLE : 520a,b,d,e - Palais des congrès

**■ Respiratory Medicine**

During this session, participants will learn how to maximize self-management plans for our patients with respiratory illness.

How do you organize your respiratory practice? We will review flow sheets for review of your patients with Asthma and COPD and review self-management.

**2037 Fever in Mother and Baby: What to do when both are hot**

11:20–11:50 Lisa Graves, MD, CCFP, Sudbury, ON

ROOM / SALLE : 514a,b,c - Palais des congrès

**■ Maternity Care Day***During this session, participants will:*

1. describe intrapartum fever
2. elaborate a management plan for the mother and newborn when the mother is febrile in labour

 12:00–13:00	<b>CFPC Annual General Meeting and All Members Forum</b> <i>Assemblée générale annuelle du CMFC et Forum pour tous les membres du CMFC</i>
ROOM / SALLE : 510 - Palais des congrès	

**2330 Lunch-time Networking Session: History, narrative and the humanities in family medicine**

12:00–13:00 Ruth Elwood Martin, MD, MPH, CCFP, FCFP, Vancouver, BC

ROOM / SALLE : *Humanities Theatre - Exhibit Hall**At the end of his session, participants will:*

1. have the opportunity to explore various topics in family medicine and the humanities and learn where to find information about narrative, history and the humanities in medicine
2. discover how their colleagues are incorporating the humanities into education and practice
3. find inspiration that can help them put their ideas on paper

**2055SS Is Your Postmenopausal Patient at Risk of Fracture? What you need to know**

12:00–13:00 ROOM / SALLE : 710b - Palais des congrès

Pre-registration required.

**2136SS Achieving Broad Protection Against Serogroup B: On the cusp of the first broadly protective Meningitis B vaccine**

12:00–13:00 ROOM / SALLE : 710a - Palais des congrès

Pre-registration required.

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

D = Demonstration theatre / Théâtre de démonstration

2172MC 13:00–15:30	<b>Healthy Child Development: Nutrition and child development</b> <b>ROOM / SALLE :</b> Ste-Hélène - Le Westin Hotel Pre-registered delegates only.
2048MC 13:00–15:30	<b>Cannabinoids in Clinical Practice: Synergies</b> <b>ROOM / SALLE :</b> Ville-Marie A - Le Westin Hotel Pre-registered delegates only.
2045 13:10–13:40	<b>Skin to Skin: A neurobehavioural rationale</b> <i>Anjana Srinivasan, MD, CCFP, Mont-Royal, QC</i> <b>ROOM / SALLE :</b> 514a,b,c - Palais des congrès
<b>■ Maternity Care Day / Journée des soins de maternité</b>	
<i>At the end of this session, participants will be able to:</i>	
1. describe the neurobehavioural basis for skin to skin 2. understand the importance of skin to skin in the newborn period	
2043 13:10–13:40	<b>Fever in Children</b> <i>David McGillivray, MD, Montréal, QC</i> <b>ROOM / SALLE :</b> 524a - Palais des congrès
<b>■ Emergency Medicine / Médecine d'urgence</b>	
<i>At the end of this session, participants will be able to:</i>	
1. use most current evidence for the work-up and treatment of this group of children 2. recognize the differences between age groups	
2041 13:10–13:40	<b>What is a Sport Concussion? (diagnosis, assessment, epidemiology)</b> <i>Renata Frankovich, BMATH, MD, CCFP, FCFP, DipSportMed, Kanata, ON</i> <b>ROOM / SALLE :</b> 511a - Palais des congrès
<b>■ Sport &amp; Exercise Medicine / Médecine du sport et de l'exercice</b>	
<i>At the end of this session, participants will be able to:</i>	
1. define concussion and be able to recognize and diagnose it 2. perform initial evaluation including using the SCAT2 assessment tool 3. know what to advise your patients at the first visit regarding initial management and investigations	
2022 13:10–14:10	<b>Achieving Better Adherence in Youth with Type 1 Diabetes</b> <i>Stephen Feder, MDCM, MPH, CCFP, Ottawa, ON</i> <b>ROOM / SALLE :</b> 524c - Palais des congrès
<i>Learning objectives:</i>	
1. to develop a developmental conceptualization of issues pertaining to adolescent decision-making as it relates to their diabetes 2. to empathize with challenges to the youth's adjustment to chronic illness 3. to derive recommendations for improving the success and the effectiveness of provider intervention	
2084 13:10–15:15	<b>Finding Answers to Clinical Questions with e-Therapeutics+®</b> <i>Roland Grad, MDCM, MSC, CCFP, FCFP, Montréal, QC; Pierre Pluye, MD, PhD, Montréal, QC; Carol Repchinsky, Ottawa, ON</i> Computer Learning Centre Session <b>ROOM / SALLE :</b> 523a,b - Palais des congrès
<i>During this session, participants will:</i>	
1. learn how to search e-Therapeutics+® for answers to clinical questions 2. examine how retrieved clinical information is applied to problems in practice 3. discover the Information Assessment Method, a tool that can promote reflective learning	
2109 13:10–14:10	<b>How Your Practice Can Save Medicare</b> <i>Danielle A.S. Martin, MD, CCFP, Toronto, ON; Ryan Meili, MD, CCFP, Saskatoon, SK; Margaret McGregor, MD, CCFP, Vancouver, BC; Saideh Khadir, MD, CCFP, St Lambert, QC</i> <b>ROOM / SALLE :</b> 520c - Palais des congrès
<i>Learning objectives:</i>	
1. to demonstrate the evidence surrounding the debate over the sustainability of Canadian Medicare 2. to identify and discuss concrete ways in which family physicians can improve the sustainability of the system 3. to reflect on the role physicians and physician organizations play in ensuring health system sustainability	

**2140 Approach to Psychotherapy in Primary Care**

13:10–15:15 Jon Davine, MD, CCFP, FRCP, Hamilton, ON

ROOM / SALLE : 511b,c,e,f - Palais des congrès

*During this session, participants will:*

1. gain exposure to models of supportive and cognitive behavioural psychotherapy
2. learn how to decide when to use specific forms of psychotherapy
3. learn the principles of applied cognitive behavioural therapy

**2148 Au-delà de l'hormonothérapie : Un programme pédagogique interactif sur la ménopause**

13:10–14:10 Pascal Croteau, MD, CCFP, Quyon, QC

ROOM / SALLE : 519b - Palais des congrès

*Objectifs d'apprentissage :*

- 1) identifier les symptômes clés et les systèmes organiques qui sont affectés par la ménopause
- 2) discuter avec les patientes du recours à des stratégies hormonales, non hormonales et liées au mode de vie pour la prise en charge des symptômes ménopausiques
- 3) appliquer les recommandations des directives cliniques pour la prise en charge de la ménopause.

**2191 Doctor, Should I be Screened for Cancer....or Not?**

13:10–15:15 Verna Mai, MD, MHSc, FRCPC, Toronto, ON; Walter W. Rosser, MD, CCFP, FCFP, Kingston, ON; Michael F. Evans, MD, CCFP, Toronto, ON

ROOM / SALLE : 512c,d,g,h - Palais des congrès

*At the end of this session, participants will:*

1. know the latest 2011 evidence-based guidelines for key cancer sites and why they have changed
2. understand concepts of the "pro's and con's" of screening
3. share best practices with colleagues dealing with challenging patient scenarios and increase awareness of office tools to support best practices in screening

**2210 From Research to Practice: Exploring and developing CME curriculum and best practice guidelines for Aboriginal health diabetes care**

13:10–15:15 SESSION CANCELLED / SÉANCE ANNULÉE

**2285 Mieux diagnostiquer et mieux traiter les infections aiguës des voies respiratoires!**

13:10–15:15 Michel Labrecque, MD, CCMF, FCFM, Québec, QC; France Légaré, MD, CCMF, FCFM, Québec, QC; Michel Cauchon, MD, CCMF, FCFM, Québec, QC

ROOM / SALLE : 520f - Palais des congrès

*Au terme de cet atelier, le participant pourra:*

- 1) estimer le plus justement possible les probabilités diagnostiques des infections aiguës des voies respiratoires (IAVR)
- 2) décrire les bénéfices et les risques associés à l'utilisation ou non des antibiotiques pour traiter les IAVR
- 3) utiliser des outils pour favoriser la participation des patients à la décision d'utiliser ou non les antibiotiques pour traiter les IAVR.

**2294 Multidisciplinary Teams Improving Communication in the Process of Choosing Care**

13:10–14:10 Julia Sohi, MD, Rouyn-Noranda, QC; Manon Champagne, PhD; Professeur UQAT, Rouyn-Noranda, QC

ROOM / SALLE : 512a - Palais des congrès

*At the end of this session, participants will:*

1. recognize the communication roles played by different health care professionals in the decision-making process in order to appreciate them and optimize their impact
2. know which information is relevant to the process of end-of-life decision-making in order to improve the communication between patients, their loved ones and health care professionals
3. understand the components of an action research project as a way to rigorously explore a problem and develop appropriate interventions

**⌚ This session would be of interest to family medicine researchers.****LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

**2299**      **Examen médical périodique de l'adulte**  
**13:10–14:10**    *Carl Fournier, MD, MCMF, Rosemère, QC*  
**ROOM / SALLE :** 516a - Palais des congrès

*Objectifs d'apprentissage :*

- 1) intégrer, lors de la consultation médicale et du suivi d'un patient adulte, les éléments du questionnaire, de l'examen physique, de l'investigation et de la conduite à tenir permettant d'appliquer les recommandations pertinentes aux pratiques cliniques préventives
- 2) soutenir le patient dans sa démarche préventive en faisant appel à sa motivation comme moteur efficace de changement
- 3) identifier les changements organisationnels nécessaires à la réalisation d'un suivi préventif optimal
- 4) utiliser, au dossier du patient, un outil de suivi facilitant l'application des meilleures pratiques cliniques préventives.

**2308**      **How to Write Multiple Choice Questions (MCQs) at a Gold-Standard Level**  
**13:10–15:15**    *Susan Hauch, MD, CCFP, Winnipeg, MB; Scott M. Moffatt, MD, CCFP, FCFP, St. John's, NL;  
Norah A. T. Duggan, MD, CCFP, St. John's, NL*  
**ROOM / SALLE :** 513a - Palais des congrès

*During this session, participants will learn how to:*

1. incorporate CanMEDS-FMU competencies into the content of a multiple choice question (MCQ)
2. incorporate core clinical family medicine objectives into the development of the MCQ
3. construct a high quality MCQ

\* This session would be of interest to family medicine teachers.

**2309**      **Cursus Triple C 101 : Les défis de son implantation au quotidien**  
**13:10–15:15**    *Danielle Saucier, MD, CCMF, FCMF, MA(Ed), Québec, QC; Louise Authier, MD, CCMF, FCMF, Montréal, QC*  
**ROOM / SALLE :** 513e - Palais des congrès

*Objectifs d'apprentissage :*

- 1) décrire les caractéristiques d'un « cursus Triple C axé sur les compétences »
- 2) explorer les stratégies, défis et ressources pour appliquer au quotidien dans les éléments spécifiques d'un programme les recommandations « Triple C »
- 3) discuter des stratégies et réussites présentées par des collègues d'autres programmes.

\* Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

**2313**      **Getting Off on the Right Foot: A workshop for new teachers**  
**13:10–15:15**    *Allyn E. Walsh, MD, CCFP, FCFP, Hamilton, ON; Eric Wong, MD, CCFP, London, ON;  
Diane Clavet, MD, CCFP, FCFP, Saint-Denis-de-Brompton, QC; Ian Waters, Toronto, ON;  
Joanna Zed, MD, CCFP, Halifax, NS; Miriam Boillat, MD, CCFP, FCFP, Montréal, QC*  
**ROOM / SALLE :** 513f - Palais des congrès

*At the end of this session, participants will be able to:*

1. identify the key teaching skills required of family medicine teachers in Canada
2. access resources which will provide support to them in their role
3. understand the role of the Section of Teachers of the CFPC and how it can help them

\* This session would be of interest to family medicine teachers.

**2329**      **Medical Error Adverse Events and Physician Resilience: Maintaining integrity in the unpacking**  
**13:10–15:15**    *Douglas Cave, MSW, RSW, PhD, RPysch, MA, AMP, Vancouver, BC; Karen Shklanka, MD, CCFP, Vancouver, BC*  
**ROOM / SALLE :** 516b - Palais des congrès

*During this session, participants will:*

1. understand how physician integrity is jeopardized in both the short and long-term during the unpacking of adverse events
2. learn how to apply an innovative technique to maintain physician resilience
3. practice and debrief the use of the innovative technique to maintain physician resilience

**2354**      **Ethical Issues in the Primary Care of Persons with Intellectual and Developmental Disabilities**  
**13:10–15:15**    *William F. Sullivan, MD, PhD, CCFP, Thornhill, ON; Susan E. MacDonald, MD, CCFP, FCFP, Kingston, ON;  
Michael Yeo, PhD, Sudbury, ON*  
**ROOM / SALLE :** 513c - Palais des congrès

*During this session, participants will learn to:*

1. identify and address a range of common ethical issues connected with medical decision making involving people with IDD and obtaining informed consent for care
2. apply relevant ethical concepts and approaches outlined in the CFPC's Committee on Ethics' family medicine ethics curriculum, and about helpful resources that supplement this curriculum

\* This session would be of interest to family medicine teachers.

**2131      Biologic Agents in Rheumatology**  
**13:10–14:10** *Michael Stein, BA MD FRCP(C), Montréal, QC*  
**ROOM / SALLE :** 516d - Palais des congrès

**Learning objectives:**

1. to become familiar with the current biologic agents available for rheumatic diseases
2. to discuss the indications for use of biologic agents in rheumatic diseases
3. to recognize the possible risks and side effect profiles of different biologic agents

**2142D      L'examen musculosquelettique efficient pour les médecins de famille : poignet (Cours 2 – répétition)**  
**13:10–14:10** *Théâtre de démonstration*  
*Délégués préinscrits seulement.*

**2144D      IUD Insertion and Endometrial Biopsy (Course 2 - Repeat)**  
**13:10–14:10** *Demonstration Theatre*  
*Pre-registered delegates only.*

**2369      Is the Family Physician a Primary Accomplice to Broadening Care Gaps? An exercise in professional introspection**  
**13:10–14:10** *Anthony D'Urzo, MD, CCFP, FCFP, Toronto, ON*  
**ROOM / SALLE :** 519a - Palais des congrès

**This session will explore:**

1. the role of the family physician as a major driver of health care costs
2. the implications of the expanding role of the family physician in drug prescriptions
3. the limited role of the family physician in drug research and guidelines development
4. the role of the family physician as leader in (community-based) comparative effectiveness and outcomes research
5. the role of the family physician in both promoting and minimizing care gaps

**⌚ This session would be of interest to family medicine researchers.**

**2381      Body Piercing: The 'hole' story**  
*SESSION CANCELLED / SÉANCE ANNULÉE*

**2046      Newborn Rashes**  
**13:40–14:10** *Catherine McCuaig, MD*  
**ROOM / SALLE :** 514a,b,c - Palais des congrès

**■ Maternity Care Day****At the end of this session, participants will be able to:**

1. describe the common benign rashes of the newborn
2. identify rashes of concern in the newborn

**2044      Infection control in the E.D.**  
**13:40–14:10** *Fred Dankoff, MD, CCFP, Montréal, QC*  
**ROOM / SALLE :** 524a - Palais des congrès

**■ Emergency Medicine****At the end of this session, participants will be able to:**

1. recognize the importance of infection control for patients in the ED
2. be aware of infection control measures to reduce the risk of contagion for staff
3. identify reportable diseases

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

**2042**      **Return to Play Decisions after Concussion**  
**13:40–14:10**      *Lisa Fischer, MD, BScPT, CCFP, Dip SportMed, London, ON*

**ROOM / SALLE : 511a - Palais des congrès**

**■ Sport & Exercise Medicine**

*At the end of this session, participants will:*

1. be able to recognize and diagnose concussion
2. be able to effectively manage the majority of concussions based on the November 2008 3rd International Conference on Concussion in Sport Consensus Statement
3. understand the role of neuropsychological testing in the management of concussion
4. understand what options are available for neuropsychological testing
5. be appreciative of some of the research that is currently undertaken in concussion and the issues that still need to be addressed in concussion management

**2051**      **The Crying Baby**  
**14:15–15:15**      *Martin St. Andrée, MD, Montréal, QC*  
**ROOM / SALLE : 514a,b,c - Palais des congrès**

**■ Maternity Care Day**

*At the end of this session, participants will be able to:*

1. identify strategies to assist parents
2. describe educational strategies for parents to distinguish between types of crying

**2050**      **Anaphylaxis**  
**14:15–14:45**      *Simon Pulfrey, MD, CCFP(EM), Vancouver, BC*  
**ROOM / SALLE : 524a - Palais des congrès**

**■ Emergency Medicine**

*At the end of this session, participants will be able to:*

1. use up-to-date knowledge in the diagnosis and management of anaphylaxis
2. recognize indicators of serious illness in anaphylaxis
3. use best evidence in the therapeutic management of anaphylaxis

**2047**      **Role of Neuropsychological Testing in Concussion**  
**14:15–14:45**      *Janice A. Harvey, BSc, MD, CCFP, FCFP, Dip.Sports Med, Hamilton, ON*  
**ROOM / SALLE : 511a - Palais des congrès**

**■ Sport & Exercise Medicine**

*At the end of this session, participants will:*

1. be able to recognize and diagnose concussion
2. be able to effectively manage the majority of concussions based on the November 2008 3rd International Conference on Concussion in Sport Consensus Statement
3. understand the role of neuropsychological testing in the management of concussion
4. understand what options are available for neuropsychological testing
5. be appreciative of some of the research that is currently undertaken in concussion and the issues that still need to be addressed in concussion management

**2003**      **Canadian Cardiovascular Society Guidelines on the Use of Antiplatelet Therapy in the Outpatient Setting**  
**14:15–15:15**      *Alan Bell, MD, CCFP, North York, ON*  
**ROOM / SALLE : 519a - Palais des congrès**

**Learning objectives:**

1. to ensure all health care professionals understand the new Canadian Cardiovascular Society Guidelines on the use of antiplatelet therapy in primary and secondary prevention
2. to ensure all health care professionals understand the new Canadian Cardiovascular Society Guidelines on the use of antiplatelet drugs in special situations including diabetes, heart failure, chronic kidney disease, pregnancy/lactation and perioperative management
3. to ensure all health care professionals understand the new Canadian Cardiovascular Society Guidelines on the drug interactions associated with antiplatelet drugs including warfarin, proton-pump inhibitors, or NSAID

**2013 Transexuality in Youth: Urging providers to open up their hearts, minds and practices**

**14:15–15:15** *Stephen Feder, MDCM, MPH, CCFP, Ottawa, ON; Lawson Margaret, MD, FRCP, Ottawa, ON;  
Helma Seidl, PhD, MSW, RSW, CCC, Ottawa, ON*

**ROOM / SALLE : 524c - Palais des congrès**

*Learning objectives:*

1. to increase awareness of transexuality in children and youth and to heighten sensitivity to the serious threats to their healthy development and adjustment
2. to become cognizant of the role and timing of hormonal intervention
3. to provide a framework for guiding young people and their families through the many challenges of transexuality as they strive to optimize outcome

**2047 Beyond HT: An interactive menopause education program**

**14:15–15:15** *Pascal Croteau, MD, CCFP, Quyon, QC*

**ROOM / SALLE : 519b - Palais des congrès**

*Learning objectives:*

1. to identify key symptoms and body systems which are affected during menopause
2. to discuss with patients the use of hormonal, non-hormonal and lifestyle strategies for managing menopausal symptoms
3. to apply guideline recommendations for the management of menopause

**2095 Planifier sa retraite : Les aspects psychosociaux**

**14:15–15:15** *Roger Ladouceur, MD, CCMF, FCMF, Montréal, QC*

**ROOM / SALLE : 516a - Palais des congrès**

*Objectifs d'apprentissage :*

- 1) apprivoiser le deuil de la reconnaissance des patients
- 2) reconnaître l'impact de son départ à la retraite sur le fonctionnement du service/de la clinique
- 3) reconnaître l'impact de son départ à la retraite sur son couple et son entourage
- 4) surmonter son insécurité financière
- 5) s'adapter à la réduction de sa charge de travail ou à la modification de son secteur d'activités
- 6) maximiser l'utilisation des moyens pour maintenir un équilibre de vie.

**2129 Pearls, Pitfalls and Practice: Prescribing the Pill**

**14:15–15:15** *Vivien Brown, MDCM, CCFP, FCNP, NCMP, Toronto, ON*

**ROOM / SALLE : 516d - Palais des congrès**

*During this session, participants will:*

1. discuss the evolution of the pill with regard to thrombogenic risk - understand and interpret the current conflicting data
2. discuss appropriate patient selection for the pill and how to counsel a patient, maintaining the standard of care in prescribing

**2292 Améliorer la communication dans le processus de choix de soins en équipe multidisciplinaire**

**14:15–15:15** *Julia Sohi, MD, Rouyn-Noranda, QC; Manon Champagne, PhD, Rouyn-Noranda, QC*

**ROOM / SALLE : 512a - Palais des congrès**

*Objectifs d'apprentissage:*

- 1) reconnaître les rôles de communication joués par différents professionnels de la santé dans le processus de choix de soins afin de mieux les apprécier et optimiser leurs impacts
- 2) connaître les informations pertinentes au processus de choix de soins, comme la perception de qualité de vie et les objectifs prioritaires de soins du patient, afin de favoriser une communication optimale entre le patient, ses proches et les professionnels de la santé
- 3) comprendre comment les différentes composantes d'un projet de recherche-action permettent d'explorer de façon rigoureuse et scientifique une problématique et de concevoir, à la lumière des résultats, une ou plusieurs interventions appropriées.

● Cette séance est susceptible d'intéresser les chercheurs en médecine familiale.

**2123 Les probiotics : Plus qu'hier et moins que demain**

**14:15–15:15** *Louise Poirier, MD, Montréal, QC*

**ROOM / SALLE : 520c - Palais des congrès**

*Objectifs d'apprentissage:*

- 1) démystifier ce que ce sont les probiotiques
- 2) comprendre de quelles façons ils peuvent être bénéfiques pour la santé
- 3) savoir dans quelles situations cliniques ils peuvent être utiles pour pouvoir conseiller judicieusement nos patients.

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

**2127 Les céphalées réfractaires**

**Refractory headaches**

Stéphane Ledoux, MD, Laval, QC

Séance générale / General Session

**ROOM / SALLE : 517b - Palais des congrès**

*À la fin de cette session, le participant(e) sera en mesure de:*

- 1) déterminer les questions appropriées à poser aux patients souffrant de céphalées en apparence réfractaires
- 2) utiliser les outils et les examens diagnostiques appropriés
- 3) identifier les éléments de non-réponse à l'administration d'un traitement en apparence adéquat

*At the end of this session, participants will be able to:*

1. determine the appropriate questions to ask patients who are experiencing refractory headaches
2. use the appropriate diagnostic and examination tools
3. identify the signs that an apparently adequate treatment is not working

**2145D IUD Insertion and Endometrial Biopsy (Course 3 - Repeat)**

**14:15–15:15 Demonstration Theatre**

**Pre-registered delegates only.**

**2143D L'examen musculosquelettique efficient pour les médecins de famille : épaule**

**14:15–15:15 Théâtre de démonstration**

**Délégués préinscrits seulement.**

**2396 Stress and Distress in Medicine**

**14:15–15:15 Stress et détresse en médecine**

Rachel Gough, MD, Montréal, QC

**ROOM / SALLE : 510 - Palais des congrès**

*During this session, participants will:*

1. stimulate a discussion among Canadian medical professionals and trainees about stress and distress in medicine
2. identify sources of stress and distress in medicine and the impacts on the health care system
3. discuss potential pathways to change

*Objectifs d'apprentissage :*

- 1) susciter une discussion entre des professionnels et des étudiants en médecine canadiens au sujet du stress et de la détresse en médecine
- 2) identifier les sources de stress et de détresse en médecine et les répercussions sur le système de santé
- 3) discuter de cheminements possibles pour apporter des changements.

**2049 Sport and Exercise Medicine: Future directions**

**14:45–15:15 Presenter to be confirmed**

**ROOM / SALLE : 511a - Palais des congrès**

**■ Sport & Exercise Medicine**

**2154 Dermatology Pearls**

**14:45–15:15 Perles en dermatologie**

David Knox, MD, CCFP, FCFP, Orangeville, ON

General Session / Séance générale

**ROOM / SALLE : 517b - Palais des congrès**

*Learning objectives:*

1. to review diagnostic and management pearls for family medicine dermatology
2. to review 5-10 pearls in 30 minutes
3. MCQ and then 3-5 minute review

*Objectifs d'apprentissage :*

- 1) passer en revue le diagnostic et la prise en charge en médecine familiale de perles en dermatologie
- 2) passer en revue de 5 à 10 perles en 30 minutes
- 3) des questions à choix multiples puis une récapitulation de 3 à 5 minutes.

<b>3385SS</b>	<b>Optimizing Asthma Management: Achieving current control and preventing future risk</b>
<b>07:00–08:00</b>	<b>ROOM / SALLE : 710a - Palais des congrès</b>
	Pre-registered required.

<b>3416SS</b>	<b>Raising the Bar In Optimal GERD Management</b>
<b>07:00–08:00</b>	<b>ROOM / SALLE : 520a,b,d,e - Palais des congrès</b>
	Pre-registered required.

<b>3442SS</b>	<b>Is HRT Right for Considering: VTE, breast cancer and genetics</b>
<b>07:00–08:00</b>	<b>ROOM / SALLE : 710b - Palais des congrès</b>
	Pre-registered required.

<b>3426MC</b>	<b>CASTED: The 'hands-on' ED orthopedics course (Course 2 – Repeat)</b>
<b>08:00–18:00</b>	<b>ROOM / SALLE : Cartier A/B - Delta Centre-Ville Hotel</b>
	Pre-registered delegates only.

<b>3003</b>	<b>Chronic Cough: A quick overview for family physicians</b>
<b>08:30–09:00</b>	<i>Robert Hauptman, BMSc, MD, CCFP, St. Albert, AB</i>
	<b>ROOM / SALLE : 511a - Palais des congrès</b>

### ■ Respiratory Medicine

*During this session, participants will discuss:*

1. the causes of chronic cough in family medicine
2. the work-up of chronic cough
3. when to refer a patient with a chronic cough to a respirologist

<b>3002</b>	<b>Hands-on Workshop on Internet Resources and Basic Search Techniques</b>
<b>08:30–10:35</b>	<i>David H. Chan, MSc, MD, CCFP, FCFP, Ancaster, ON</i>
	Computer Learning Centre Session
	<b>ROOM / SALLE : 523a,b - Palais des congrès</b>

*During this session, participants will be able to:*

1. learn to assess the quality of the data sources available on the Internet
2. learn the different search engines specific to each of the data sources you want to use
3. learn and sign onto at least one free web-based book-marking or content management system

<b>3027</b>	<b>Useless Interventions in the ED</b>
<b>08:30–10:35</b>	<i>Vukiet Tran, MD, CCFP(EM), Richmond Hill, ON</i>
	<b>ROOM / SALLE : 524c - Palais des congrès</b>

*At the end of this session, participants will:*

1. have an evidence-based critique of each intervention
2. be able to assess the usefulness of certain interventions performed in the emergency department
3. be able to assess whether these interventions should still be performed in the ED

<b>3005</b>	<b>The ABCs of Anti-Doping for the Family Physician</b>
<b>08:30–09:00</b>	<i>Alan Verne, MD, MCFP, Dip. Sport Med., Montréal, QC</i>
	<b>ROOM / SALLE : 524b - Palais des congrès</b>

### ■ Sport & Exercise Medicine

*Following this session, the participant will:*

1. have a general understanding of the international and national structures that help athletes compete in a drug-free environment
2. be familiar with reliable sources of information regarding doping rules for athletes
3. be able to explain the principles behind supplement use in sport

<b>3060</b>	<b>National Section of Medical Students (SOMS) FMIG Forum</b>
<b>08:30–15:30</b>	<i>By invitation only</i>
	<b>ROOM / SALLE : 514a,b,c - Palais des congrès</b>

This forum provides an opportunity for Family Medicine Interest Group (FMIG) Representatives from across Canada to network and share resources.

### LEGEND / LÉGENDE

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>3070D</b> <b>08:30–09:30</b>	<b>Diagnosis and Treatment of Common Shoulder Pathologies: An interactive case workshop (1)</b> Demonstration Theatre Pre-registered delegates only.
<b>3102</b> <b>08:30–09:30</b>	<b>The Power of Groups: Organizing group visits to improve access, efficiency and patient support in your practice</b> <i>Lora Cruise, MD, CCFP, Toronto, ON; Shailla Vaidya, MD, MPH, CCFP(EM), Toronto, ON</i> <b>ROOM / SALLE : 516a - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. understand the benefits and formats of Medical Group Visits for Chronic Disease Management, Preventative and Routine Care 2. review a step-by-step process for implementing group visits 3. utilize a toolkit to start the process of organizing a group visit in your busy medical practice	
<b>3007</b> <b>08:30–15:30</b>	<b>An Organized Targeted Approach to your Patients with Mental Health Problems: All in realistic time</b> <i>Helen Campbell, BSc, MD, FRCPC, Victoria, BC; Jan Stretch, RPN, Victoria, BC; Bruce Hobson, MD, Powell River, BC; Dan Blisker, PhD, Vancouver, BC; Rivian Weinerman, BSc(med), MD, FRCPC, Victoria, BC; Garey Mazowita, MD, CCFP, FCFP, Vancouver, BC</i> <b>ROOM / SALLE : 516d - Palais des congrès</b>
<b>Mental Health</b>	
<i>At the end of this session, participants will be able to:</i>	
1. recognize the goals of the GPSC Adult Mental Health module and how in “realistic time and fitting with fee codes” it can support clinical care which will improve patient engagement, patient/doctor satisfaction, and treatment 2. identify the key components of the BC Adult Mental Health Module 3. navigate through CBUIS and the ASW (offered electronically and paper based) 4. enhance expertise in mental health assessment and problem list care plans 5. improve skills in Cognitive Behavioural Therapy that are consistent with practice in the primary care setting	
<b>3187</b> <b>08:30–15:30</b>	<b>Social Networking: The National OSCAR EMR User Group Meeting</b> <i>Colleen Kirkham, MD, CCFP, FCFP, Vancouver, BC; David H. Chan, MSc, MD, CCFP, FCFP, Ancaster, ON; Tracy Monk, MD, MCFP, Burnaby, BC; Martin G. Dawes, MD, MCFP, Vancouver, BC; Tomislav Svoboda, CCFP, Toronto, ON; Jay Gallagher, Hamilton, ON; Cameron Ross, MD, CCFP, Chilliwack, BC</i> <b>ROOM / SALLE : Ste-Hélène - Le Westin Hotel</b>
<i>During this interactive working meeting:</i>	
1. OSCAR users will plan future development and growth of the EMR. Users will also learn new features and functions of the EMR. 2. potential new users will be introduced to the EMRs features and the open source community 3. academic projects including multi province audits will be shared	
<b>3190</b> <b>08:30–09:30</b>	<b>Consommation d'alcool et grossesse : Quel est le problème?</b> <i>Pascal Croteau, MD, Quyon, QC</i> <b>ROOM / SALLE : 520c - Palais des congrès</b>
<i>Objectifs d'apprentissage :</i>	
1) fournir des fondements rationnels qui permettront aux professionnels de la santé d'évaluer et, au besoin, de conseiller et d'intervenir dans le domaine de la consommation d'alcool par des femmes 2) se centrer sur la consommation chez les femmes enceintes et celles qui pourraient le devenir 3) faciliter l'offre d'un message uniforme.	
<b>3148D</b> <b>08:30–09:30</b>	<b>Ultrasound in Family Medicine (Course 1)</b> Demonstration Theatre Pre-registered delegates only.
<b>3218</b> <b>8:30–9:30</b>	<b>Elder Mediation: How to respond when families do not agree on the care of a family member</b> <i>K Lynn Dykeman, MTS, MTh, MSW, Hamilton, ON; Joy White, BScN, NP, MN, Hamilton, ON; Ainsley Moore, MD, CCFP, Hamilton, ON</i> <b>ROOM / SALLE : 513b - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. discuss the implementation of mediation concepts and techniques in complex family structures where there is conflict about the care of an elderly family member 2. explore the place of Elder Mediation in a comprehensive plan of geriatric care. The experience of one interdisciplinary health team will be explored 3. work together to develop a hypothetical complex family situation and then discuss how to implement the skills discussed	

**3223 08:30–09:30 Electronic Medical Record Implementation in Academic Practice: Identifying and overcoming the hurdles**

Sharon B. Domb, MD, CCFP, FCFP, Toronto, ON

**ROOM / SALLE : 513c - Palais des congrès***During this session, participants will:*

1. understand the unique issues affecting electronic medical record (EMR) implementation in academic practices
2. learn strategies to effectively implement an EMR in a teaching setting
3. understand the benefits of an EMR in academic practice, and how it can enhance both teaching and learning

**\* This session would be of interest to family medicine teachers.****3230 08:30–09:30 Soins en fin de vie - Soins proportionnés dans le cadre des soins de longue durée**

Serge Gingras, MD, Montréal, QC

**ROOM / SALLE : 516e - Palais des congrès***À la suite de cette activité, le participant sera :*

- 1) en mesure de se fonder sur des signes cliniques objectifs pour assurer des soins proportionnés dans un milieu de soins de longue durée
- 2) au fait des risques associés au transfert inapproprié vers un établissement de soins actifs.

**3257 08:30–09:30 Preventive Care Visits for School Age Children and Teens: Where is the evidence?**

Anita Greig, MD, CCFP, FCFP, Toronto, ON; Patricia A. Mousmanis, MD, CCFP, FCFP, Toronto, ON

**ROOM / SALLE : 511b,c,e,f - Palais des congrès***Learning objectives:*

1. participant awareness of the evidence basis for the Greig Health Record
2. participant ability to use this evidence-based tool in primary practice
3. participant awareness of strategies for preventive care in children 6 to 17 years

**3271 08:30–09:30 Help Your Patients Get Heart Smart: A nutrition primer for family physicians**

Michele Macdonald Werstuck, RD, MSc., CDE, Hamilton, ON; Tara Currie, RN,CDE, Hamilton, ON

**ROOM / SALLE : 516b - Palais des congrès***During this workshop, participants will:*

1. become familiar with the latest evidence on heart healthy dietary patterns and compare popular heart healthy diets including the Mediterranean diet and the DASH eating plan (Dietary Approaches to Stop Hypertension)
2. describe nutrition therapy to lower LDL cholesterol and triglycerides and improve hypertension
  - a) use case studies to practice selecting heart healthy foods and modifying meals to replace foods with unhealthy fats (saturated and trans fats) with heart healthy fats (monounsaturated and omega-3 fatty acid sources)
  - b) identify the Super Foods of Heart Health including: alcohol, fatty fish, fruits and vegetables, herbs, nuts and seeds, soluble fibre foods, soy products, and foods fortified with plant sterols
  - c) use nutrition labels to select heart healthy lower sodium foods
3. be equipped with a variety of nutrition tips and tools that will help you feel more confident discussing heart healthy eating with your patients

The language of the session title indicates the language in which the session will be presented. For those sessions with simultaneous interpretation, the title will be bilingual with the simultaneous interpretation symbol appearing beside that title. 

*Les séances seront présentées dans la langue du titre mentionné. Un titre bilingue, marqué du symbole des écouteurs indique que l'interprétation simultanée sera offerte.*

<b>3279</b>	<b>Practical Patient Education</b>
<b>08:30–09:30</b>	<b>Éducation pratique des patients</b>
●	Michael F. Evans, MD, CCFP, Toronto, ON General Session / Séance générale

**ROOM / SALLE : 517b - Palais des congrès**

**Learning objectives:**

- Participants will get an overview of how patients are changing the way they solve health problems
- Participants will learn strategies for understanding how to help their patients do better self-care and self-management
- Participants will learn about the best self-management resources from around the world for common health problems and will walk away with access to a website with all these tools.

**Objectifs d'apprentissage :**

- On présentera aux participants un aperçu des changements dans les façons dont les patients cherchent une solution à leurs problèmes de santé*
- Les participants apprendront des stratégies pour comprendre comment aider leurs patients à mieux se soigner et se prendre en charge eux-mêmes*
- Les participants apprendront quelles sont les meilleures ressources au monde sur la prise en charge autonome des problèmes de santé courants et partiront en ayant à leur disposition un site web donnant accès à tous ces outils.*

---

<b>3280</b>	<b>To Err is Human - To Teach, Divine: Teaching about cognitive medical error</b>
<b>08:30–10:35</b>	<b>Merrilee G. Brown, MD, CCFP, Port Perry, ON; Hugh Ross Hindle, MD, CCFP(EM), FCFP, Red Deer County, AB; Keith Wycliffe-Jones, MD, MCFP, Calgary, AB</b>

**ROOM / SALLE : 513e - Palais des congrès**

**Learning objectives:**

- to define types of medical error and models of error prevention
- to help preceptors create a learning environment conducive to learners revealing and reporting medical errors
- to introduce types of cognitive errors, biases and traps to foster self-awareness in one own clinical judgment and help learners recognize and prevent errors in clinical judgment
- to apply recognition of cognitive error to teaching situations and to model the thinking process and self-reflection to learners
- to review the process of reporting medical error and reducing harm to patients
- to model self-reflection on medical error through the applications of the Significant Event Audit (SEA) process
- to learn ways to help learners deal with the emotional fallout of medical error
- to provide reference for ongoing inquiry into teaching cognitive medical error

\* This session would be of interest to family medicine teachers.

---

<b>3289</b>	<b>The Value of Survey Tools in Primary Health Care Performance Measurement</b>
<b>08:30–10:35</b>	<b>Brenda Tipper, MHSc, Toronto, ON; William E. Hogg, Hons BSc, MSc, MCISc, MD, CCFP, FCFP, Ottawa, ON</b>

**ROOM / SALLE : 512a - Palais des congrès**

**During this session, participants will:**

- understand how survey tools can be used to measure important aspects of Primary Health Care (PHC)
- learn how surveys can be used to populate pan-Canadian PHC indicators
- learn about and provide feedback on the content of surveys under development including:
  - population surveys to better understand population health and the impact of PHC
  - patient surveys to better understand the responsiveness of PHC to patient needs
  - provider surveys to better understand resources available to and capacities of PHC providers
  - practice surveys to better understand the structure of PHC practices in jurisdictions and Canada
- discuss benefits and risks of public reporting of survey results

✿ This session would be of interest to family medicine researchers.

---

<b>3290</b>	<b>History and Narrative: Stories in family medicine</b>
<b>08:30–10:35</b>	<b>Histoire et narration: Récits en médecine familiale</b>
●	Robert J. Wedel, MD, CCFP, FCFP, Taber, AB

**ROOM / SALLE : 510 - Palais des congrès**

**Participants will learn about:**

- the significance of narrative in the education, practice and professional development of family physicians
- narrative's value as a key to understanding patients' experience of illness
- the CFPC's History and Narrative in Family Medicine project, the Stories in Family Medicine Database, and how to submit their stories to the project

*Les participants apprendront au sujet :*

- de l'importance de la narration dans l'éducation, la pratique et le développement professionnel des médecins de famille*
- de la valeur de la narration comme étant un moyen-clé pour comprendre l'expérience de la maladie vécue par les patients*
- du projet Histoire et narration en médecine familiale du CMFC, de la base de données des récits en médecine familiale et des modalités pour présenter leurs récits aux responsables du projet.*

\* This session would be of interest to family medicine teachers. / Cette séance est susceptible d'intéresser les enseignants en médecine familiale.

**3303**      **Programme impact-diabète**  
**08:30–09:30**      *Carl Fournier, MD, MCMF, Rosemère, QC*

**ROOM / SALLE : 524a - Palais des congrès**

**Objectifs d'apprentissage :**

- 1) dresser la liste des bénéfits d'un meilleur contrôle glycémique (ceci est un énoncé habilitant qui ouvre la voie à des changements)
- 2) identifier les patients et les prendre en charge de manière optimale pour éviter l'hypoglycémie
- 3) personnaliser la sélection des agents antihyperglycémiques pour atteindre un niveau A1c approprié (ou ... atteindre A1c avec un régime pharmacologique approprié)
- 4) discuter de la place du contrôle glycémique dans la prise en charge globale du diabète.

**3323**      **Medicine for Behaviours: The omnivalence of relationships in family practice**  
**08:30–12:05**      *Douglas Cave, MSW, RSW, PhD, RPysch, MA, AMP, Vancouver, BC*

**ROOM / SALLE : 513d - Palais des congrès**

**Learning objectives:**

1. participants will have an opportunity to network and develop national relationships with Behavioural Medicine colleagues
2. Behavioural Medicine faculty will have the opportunity to share teaching tools and strategies
3. participants will be invited to engage in a discussion about strengths and challenges in teaching Behavioural Medicine

\* This session would be of interest to family medicine teachers.

**3355**      **Teaching Behavioural Sciences to Family Medicine Residents: The shared care approach**  
**08:30–10:35**      *Jon Davine, MD, CCFP, FRCP, Hamilton, ON; Ainsley Moore, MD, CCFP, Hamilton, ON*

**ROOM / SALLE : 513f - Palais des congrès**

**Learning objectives:**

1. to understand how the shared care approach to teaching behavioural sciences to family medicine residents is relevant to the demands facing family physicians in clinical practice
2. to understand how the use of video, case presentations, role play, invited speakers and visits to community centres are used to enhance interprofessional, collaborative, communication and interpersonal skills of learners as well as their ability to detect, diagnose and treat mental health conditions that are commonly encountered in primary care
3. to experience the use of video as a teaching modality in behavioural sciences to illustrate key aspect of the program

\* This session would be of interest to family medicine teachers.

**3373**      **What's a LARC? Contraceptive counselling and Long-Acting Reversible Contraceptives**  
**08:30–09:30**      *Julia Carter, MD, CCFP, Calgary, AB*

**ROOM / SALLE : 512c,d,g,h - Palais des congrès**

**During this session, participants will:**

1. learn a simple, time-efficient framework for contraceptive counselling that allows clinicians to comprehensively review a variety of contraceptive methods, and to counsel patients regarding sexual preparedness
2. learn the indications, contraindications and side effects of LARCs (long-acting reversible contraceptives), including injectables, implants, IUDs and IUSs

**3014**      **Formation de formateurs : Traitement de l'hypertension artérielle**  
**08:30–12:05**      *Denis Drouin, MD, Québec, QC; Guy Tremblay, MD, FRCP, FBIM, Québec, QC; Lise Gaudet, IA C-NEPHC, Ottawa, ON; Luc Poirier, BPharm, MSc, Québec, QC*

**ROOM / SALLE : 512f - Palais des congrès**

Cette activité de formation continue a été conçue pour répondre aux besoins éducatifs des professionnels de la santé (médecins, infirmières, pharmaciens, et autres professionnels de la santé) qui travaillent avec des personnes pré-hypertendus et hypertendus.

- 1) former les professionnels de la santé à utiliser les lignes directrices et les outils éducatifs du
- 2) programme éducatif canadien sur l'hypertension PECH dans leur pratique
- 3) utiliser les ressources de Hypertension Canada lors de consultation avec les patients atteints d'hypertension artérielle
- 4) éduquer les patients à contrôler et gérer leur pression artérielle.

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

## SCIENTIFIC PROGRAM — SATURDAY 5 SAMEDI — PROGRAMME SCIENTIFIQUE

<b>3420MC</b>	<b>Advanced Life Support in Obstetrics (ALSO) Instructor Course</b>
<b>08:30–16:30</b>	<b>ROOM / SALLE : St-Gabriel - Intercontinental Hotel</b>
	Pre-registered delegates only.
<b>3430MC</b>	<b>Cours avancé de réanimation obstétricale destiné aux instructeurs</b>
<b>08:30–16:30</b>	<b>ROOM / SALLE : St-Pierre - Hôtel Intercontinental</b>
	Pre-registered delegates only.
<b>3188MC</b>	<b>Emergency Medicine Primer for Family Physicians II</b>
<b>08:30–18:00</b>	<b>ROOM / SALLE : Viger - Le Westin Hotel</b>
	Pre-registered delegates only.
<b>3088MC</b>	<b>Moving Forward After Cancer: Caring for patients in primary care after cancer treatments are done</b>
<b>08:30–12:00</b>	<b>ROOM / SALLE : St-Antoine B - Le Westin Hotel</b>
	Pre-registered delegates only.
<b>3346MC</b>	<b>CBT for Depression</b>
<b>08:30–15:30</b>	<b>ROOM / SALLE : Ramezay - Le Westin Hotel</b>
	Pre-registered delegates only.
<b>3004</b>	<b>Dyspnea Management</b>
<b>09:00–09:30</b>	<i>Andrew Cave, MD, CCFP, FCFP, Edmonton, AB</i>
	<b>ROOM / SALLE : 511a - Palais des congrès</b>
<b>■ Respiratory Medicine</b>	
Attendees will be able to apply updated guidelines on management of dyspnea of respiratory origin.	
<b>3006</b>	<b>Paralympic Athletes</b>
<b>09:00–09:30</b>	<i>Suzanne Labrecque, MD, CCFP, Fleurimont, QC</i>
	<b>ROOM / SALLE : 524b - Palais des congrès</b>
<b>■ Sport &amp; Exercise Medicine</b>	
<i>Learning objective:</i>	
to introduce family physicians to the unique needs of a disabled athlete and increase their comfort in dealing with this population	
<b>3167MC</b>	<b>Approche sur les plans du comportement, de l'alimentation et de l'activité physique pour les enfants obèses</b>
<b>09:00–15:00</b>	<b>ROOM / SALLE : St-Antoine A - Hôtel Le Westin</b>
	Délégués préinscrits seulement.
<b>3044</b>	<b>Alcohol Use in Pregnancy: What is the issue?</b>
<b>09:35–10:35</b>	<i>Pascal Croteau, MD, Quyon, QC</i>
	<b>ROOM / SALLE : 520c - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. highlight the issues in gestational drinking	
2. review methods for identification of maternal alcohol dependence	
3. discuss the issues and controversies around mild drinking	
<b>3104</b>	<b>Interdisciplinarité : Périnatalité sociale, empowerment et portage</b>
<b>09:35–10:35</b>	<i>Vania Jimenez, MD, CCMF, Montréal, Québec; Marion Dove, MD, CCMF, Montréal, QC; Anne-Marie Bellemare, MSC, Montréal, Québec; Bernadette Thibaudeau, BSc, Montréal, Québec; Isabelle Brabant, SF (midwife), Montréal, QC; Fanny Hersson-Edery, MD, CCMF, Montréal, QC; Hélène Rousseau, MD, CCMF, FCMF, Montréal, QC; Carlo Sterlin, MD, Montréal, Québec</i>
	<b>ROOM / SALLE : 513b - Palais des congrès</b>
<i>Objectifs d'apprentissage :</i>	
1) déterminer les avantages et les défis du travail interdisciplinaire	
2) identifier des stratégies d'intervention auprès des femmes enceintes qui vivent des situations de vulnérabilité	
3) savoir mettre en œuvre des interventions pour faciliter le portage et/ou l'empowerment.	
<b>3161</b>	<b>Physician - Heal Thyself</b>
<b>09:35–10:35</b>	<i>Carol D. Connick, MD, CCFP, Edmonton, AB</i>
	<b>ROOM / SALLE : 513a - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. identify the three most important aspects of well-being and where you rank	
2. identify the three ROOT feelings of well-being	
3. learn the four principles of successful behavioural modification	

**3010** Primary Care Approach to Ankle Injuries  
**09:35–10:05** Lisa Fischer, MD, BScPT, CCFP, DipSportMed, London, ON

ROOM / SALLE : 524b - Palais des congrès

■ Sport & Exercise Medicine

*At the end of this session, participants will:*

1. understand basic anatomy of the ankle joint and surrounding structures
2. be able to recognize simple vs. complex injury
3. know when to image beyond x-rays
4. understand when to refer an injury for further management

**3149D** L'utilisation de l'échographie  
**09:35–10:35** Théâtre de démonstration  
 Délégués préinscrits seulement.

**3233** Les infections transmissibles sexuellement et par le sang (ITSS): Mieux prévenir et mieux traiter  
**09:35–12:05** Anne Bruneau, MD, MCMF, Laval, QC; Animatrice : Françoise Gendron, MD, CCMF, Sherbrooke, QC

ROOM / SALLE : 520f - Palais des congrès

Actualiser les connaissances cliniques sur l'herpès génital et le virus du papillome humain (VPH) en vue d'améliorer la prise en charge des personnes atteintes et la prévention de la transmission de ces infections.

*Objectifs d'apprentissage :*

- 1) reconnaître les différents tableaux cliniques d'herpès génital et de condylomes
- 2) sélectionner les tests diagnostiques pertinents et en interpréter les résultats
- 3) prescrire les traitements appropriés aux personnes atteintes de ces infections
- 4) offrir un counseling aux personnes infectées et à leurs partenaires
- 5) identifier les situations nécessitant le recours à des ressources spécialisées
- 6) offrir un counseling pré-test personnalisé selon les facteurs de risque décelés

**3120** Natural Health Products and Medications: A dangerous combination?  
**09:35–10:05** Produits de santé naturels et médicaments : Une combinaison dangereuse  
 Mark Berner, MD, Dip Epid, CCFP(EM), FCFP, Montréal, QC

General Session / Séance générale

ROOM / SALLE : 517b - Palais des congrès

*Learning objectives:*

1. Explore clinically-important interactions between NHPs and prescription medications
2. Be able to counsel patients with reliable information

*Objectifs d'apprentissage :*

- 1) Les interactions cliniquement significatives entre les PSN et les médicaments d'ordonnance
- 2) Les conseils à nos patients fondés sur des renseignements fiables.

**3250** A Model for an Educational Strategy to Promote Management Reasoning in Family Medicine  
**09:35–12:05** Melissa Nutik, MD, CCFP, Toronto, ON; Jessica Munro, NP, Toronto, ON; Lisa Vesik, RD, MEd, Toronto, ON; Yves Talbot, MD, FRCPC, Toronto, ON

ROOM / SALLE : 513c - Palais des congrès

*Learning objectives:*

1. discuss the challenges of teaching patient management skills to learners
2. apply the management reasoning model to case scenarios to develop an understanding of how the model can be used to teach and evaluate learners' reasoning in the management domain

**3126** The Office Management of a Patient with Irritable Bowel Syndrome  
**09:35–10:35** Gad Friedman, MDCM, FRCPC, Montréal, QC

ROOM / SALLE : 511b,c,e,f - Palais des congrès

*During this session, participants will:*

1. learn to recognize and assess the severity of IBD and a patient's future risk for complications
2. understand the data supporting the use of immunomodulators and biologic treatments in IBD and how to discuss these options with your patient
3. learn how to minimize a patient's risks during treatment for IBD and the value of a vaccination protocol

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

## SCIENTIFIC PROGRAM — SATURDAY 5 SAMEDI — PROGRAMME SCIENTIFIQUE

<b>3261</b>	<b>Exercise For All Ages - Family Doctor Advice: How to avoid risks and get the benefits</b>
<b>09:35–12:05</b>	Ivan Rohan, MD, CCFP, Montréal, QC

**ROOM / SALLE : 516b - Palais des congrès**

*During this session, participants will:*

1. be familiarized with the benefits and risks (musculoskeletal, cardiac) of exercise
2. review the recommendations and guidelines for different age groups
3. learn strategies to improve the compliance

<b>3272</b>	<b>Answering Your Diabetic Patients' Questions about Carbohydrate Counting: The basics</b>
<b>09:35–10:35</b>	Michele Macdonald Werstuck, RD, MSc., CDE, Hamilton, ON; Anne Barber, PHC-NP, MScN, Hamilton, ON; Inge Schabot, MB, ChB, CCFP, Hamilton, ON

**ROOM / SALLE : 524a - Palais des congrès**

*At the end of the session, participants will:*

1. be able to describe carbohydrate counting as a tool to improve glycemic control
2. be able to identify patients who might benefit from carbohydrate counting
3. be aware of the carbohydrate value of common foods and meals
4. use case studies to practice estimating carbohydrate intakes and setting carbohydrate goals for meals and snacks
5. understand the carbohydrate counting rules for fibre, sugar alcohols, and alcohol
6. be able to identify patients with diabetes who might benefit from carbohydrate counting
7. be able to explain an approach to matching insulin dose with carbohydrate intake
8. be able to access a library of patient resources for teaching carbohydrate counting to their patients

<b>3357</b>	<b>Indigenous Health: Pearls for practice</b>
<b>09:35–10:35</b>	Fatima Uddin, MD, CCFP, Toronto, ON; Chandrakant Shah, MD, Toronto, ON; Yoella Teplitsky, MD, CCFP, Toronto, ON; Difat Jakubovicz, MSc, MD, CCFP, FCFP, Toronto, ON

**ROOM / SALLE : 516e - Palais des congrès**

*The following Core Competencies will be addressed:*

1. Medical Expert – Physicians will demonstrate knowledge, skills, and behaviours necessary to providing compassionate, culturally safe care for this population
2. Communicator – Physicians will demonstrate effective and culturally safe communication with indigenous patients
3. Collaborator – Physicians will demonstrate the skills of effective collaboration with Aboriginal and non-Aboriginal health care professionals
4. Manager – Physicians will demonstrate an approach to optimizing the health of Indigenous communities through a just allocation of resources, employing evidence-based and Indigenous best practices

*During this session, participants will:*

1. address the core competencies of family medicine with respect to Indigenous populations
2. address the historical context and social determinants of health informing current Indigenous health status and health care
3. elaborate on Indigenous views of health, communication styles, and healing practices

<b>3013</b>	<b>“Back to the Future”: Family physicians of today meet the family doctors of tomorrow</b>
<b>09:35–12:05</b>	« Retour vers le futur » Les médecins de famille d'aujourd'hui rencontrent les médecins de famille de demain

**ROOM / SALLE : 515a,b,c - Palais des congrès**

An exclusive opportunity for family medicine residents and medical students to meet with Canada's Family Physicians of the Year, the recipients of the 2011 Reg L. Perkin Award, to discuss the ins and outs and ups and downs of practicing – and living – family medicine.

*Une occasion unique pour les résidents en médecine familiale et les étudiants en médecine de rencontrer les Médecins de famille canadiens de l'année, les lauréats du Prix Reg L. Perkin en 2011, pour discuter des hauts et des bas et des divers aspects d'exercer – et de vivre – la médecine familiale.*

<b>3361</b>	<b>Adolescent Suicide Prevention</b>
<b>09:35–10:35</b>	Marcia Anne Kostenuik, MD, CCFP, Barrie, ON

**ROOM / SALLE : 519a - Palais des congrès**

*At the end of this session, participants will be able to:*

1. identify and screen youth at risk for suicide and mental illness
2. begin assessment and treatment of youth at risk for suicide
3. recognize and utilize available resources to ensure appropriate triage, disposition, and follow-up of youth at risk for suicide

<b>3530D</b>	<b>Diagnosis and treatment of common shoulder pathologies: An interactive case workshop (Course 2 – Repeat)</b>
<b>09:35–10:35</b>	Demonstration Theatre
	Pre-registered delegates only.

**3008 Case Study: Does it matter? (Respiratory Medicine)**

**09:35–10:05** Andrew Cave, MD, CCFP, FCFP, Edmonton, AB; John Li, MD, CCFP, Moncton, NB;  
*Moderator: Anthony Ciavarella, MD, MCFP, Aldergrove, BC*

**ROOM / SALLE : 511a - Palais des congrès:**

**■ Respiratory Medicine**

In a debate format, Dr. Li and Dr. Cave will discuss a case presentation of a middle-aged man with respiratory symptoms suggestive of asthma. They will argue that accurate diagnosis matters or does not matter in respect to management. This is a common presentation in family practice office care and relevant to conference members. Attendees will be invited to join in the debate and the session will conclude with a vote on whether the diagnosis matters. Attendees will revise the diagnostic criteria for asthma and COPD in adults.

At the end of this session, attendees will appreciate the problems of diagnosis of asthma in the middle-aged adult and how this may or may not affect management.

**3009 COPD: A different disease than you thought - from diagnosis to management**

**10:05–10:35** Suzanne Levitz, MDCM, CCFP, Montréal-Ouest, QC; Alan Kaplan, MD, CCFP(EM), FCFP, Richmond Hill, ON

**ROOM / SALLE : 511a - Palais des congrès**

**■ Respiratory Medicine**

In this session, the COPD algorithm will be reviewed as well as other aspects of COPD management, including anxiety control, smoking cessation, and pulmonary rehabilitation.

**Learning objective:**

review treatment and management of the COPD patient

**3011 Non-surgical Management of Osteoarthritis**

**10:05–10:35** Renata Frankovich, BMath, MD, CCFP, FCFP, DipSportMed, Kanata, ON

**ROOM / SALLE : 524b - Palais des congrès**

**■ Sport & Exercise Medicine**

*At the end of this session, participants will:*

1. be able to broaden scope of pain management – OTCs, prescription meds, topicals and beyond
2. know the indications and evidence for steroid, hyaluronic acid and PRP intra-articular injections
3. understand the role of bracing and orthotics
4. utilize physical therapy, exercise, and weight loss to reduce pain and improve function

**3129 Les céphalées: Morceaux choisis****10:05–10:35 Headaches: Selected topics**

 Michel Aubé, MD, FRCPC, Montréal, QC  
*Séance générale / General session*

**ROOM / SALLE : 517b - Palais des congrès**

**Objectifs d'apprentissage :**

- 1) revoir les signes et symptômes de céphalées suspectes
- 2) quelques céphalées mal reconnues mais bien présentes dans vos cliniques.
- 3) en particulier, les céphalées reliées à l'activité sexuelle.
- 4) la céphalée chronique quotidienne, quoi en faire?

**Learning objectives:**

1. to review the signs and symptoms of headaches suggestive of a more serious problem
2. a few hard-to-diagnose but generally overlooked types of headaches commonly seen in a clinical setting
3. specifically, headaches related to sexual activity
4. how to treat chronic daily headaches

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>3012</b>	<b>An Approach to the Management of Suspected Rabies Exposures</b>
<b>11:05–12:05</b>	<b>Une approche à un cas de rage suspecté</b>
	Allan Grill, MD, CCFP, MPH, North York, ON
	General Session / Séance générale
	<b>ROOM / SALLE : 517b - Palais des congrès</b>
<i>During this session, participants will</i>	
1. review the current guidelines concerning the administration of rabies post-exposure prophylaxis (PEP) vaccination to victims of animal bites	
2. review the role of family physicians and their allied health professionals (e.g. nurse practitioners) in collaboration with local public health in the management of animal-to-human exposures	
3. highlight emerging international aspects of rabies pertaining to travelers whose exposures occur outside of Canada	
<b>Objectifs d'apprentissage :</b>	
1) passer en revue les lignes directrices actuelles concernant l'administration du vaccin prophylactique post-exposition à la rage aux victimes de morsures d'animaux	
2) examiner le rôle des médecins de famille et des autres professionnels de la santé (p. ex. infirmières praticiennes) en collaboration avec les autorités locales de la santé publique dans la prise en charge des expositions entre animaux et humains	
3) mettre en évidence les aspects internationaux de la rage en ce qui a trait aux voyageurs dont de telles expositions se produisent à l'étranger.	
<b>3029</b>	<b>Why are you Dyspneic? Beyond the asthma, COPD, CHF and CAD!</b>
<b>11:05–12:05</b>	Vukiet Tran, MD, CCFP(EM), Richmond Hill, ON
	<b>ROOM / SALLE : 511a - Palais des congrès</b>
<b>■ Respiratory Medicine</b>	
<b>Learning objectives:</b>	
1. Recognize other not-as-common etiologies of dyspnea that present to our office	
2. Recognize the pitfalls that prevents us from recognizing these obscure etiologies	
3. Learn about an efficient and cost-effective approach to the investigation of these more obscure etiologies	
<b>3092</b>	<b>Grief Counselling</b>
<b>11:05–12:05</b>	<i>This session has been moved to Friday</i>
<b>3138</b>	<b>Les statines pour tous?: Critique et décision</b>
<b>11:05–12:05</b>	Michel Cauchon, MD, CCMF, FCMF, Québec, QC; Michel Labrecque, CCMF, FCMF, Québec, QC
	<b>ROOM / SALLE : 524a - Palais des congrès</b>
<i>Cet atelier se déroulera en deux parties :</i>	
1) présentation d'une analyse critique des lignes directrices canadiennes à la lumière des données scientifiques les plus récentes	
2) utilisation d'un outil d'aide à la décision favorisant la prise de décision partagée selon différents contextes cliniques	
<b>Objectifs d'apprentissage :</b>	
1) poser un regard critique sur les lignes directrices canadiennes pour le traitement de la dyslipidémie	
2) apprécier les données scientifiques concernant l'utilisation des statines en prévention primaire et secondaire	
3) communiquer efficacement les bénéfices, les inconvénients et l'incertitude associés à la prescription de statines en prévention primaire dans une perspective de prise de décision partagée	
<b>3152</b>	<b>Heart Failure for the Family Physician: A practical review of treatment strategies for improving patient outcomes and quality of life</b>
<b>11:05–12:05</b>	Adam G. Z. Grzeslo, MD, CCFP, FCFP, Burlington, ON; Justin A. Ezekowitz, MBBCh, MSc, FRCPC, Edmonton, AB
	<b>ROOM / SALLE : 519b - Palais des congrès</b>
<b>Learning objectives:</b>	
1. update knowledge and decision making for optimal symptom and medication management of patients with heart failure	
2. integrate Canadian evidence-based heart failure practice guidelines, recommendations and practical tips, for the diagnosis and management of their elderly patients	
<b>3156</b>	<b>Guideline MythBusters: Exploring the limitations, pitfalls, and appropriate application of clinical practice guidelines</b>
<b>11:05–12:05</b>	Clayton Hugh Dyck, MD, CCFP, FCFP, Winnipeg, MB; Jamie Falk, PharmD, Winnipeg, MB
	<b>ROOM / SALLE : 520c - Palais des congrès</b>
<b>Learning objectives:</b>	
1. identify the limitations and barriers to good practice that exist with clinical practice guidelines	
2. enhance the abilities of participants to efficiently assess the quality of guideline recommendations	
3. enhance the abilities of participants to determine when and how to translate and apply guideline recommendations to the individual patient	

**3235 11:05–12:05 Teaching in the Nursing Home***Sidney Feldman, MD, CCFP, FCFP, Toronto, ON; Paul Katz, MD, CMD; Patrick Quail, MD, CCFP, FCFP, Calgary, AB***ROOM / SALLE : 513e - Palais des congrès***At the end of this session, participants will be able to:*

1. identify and overcome barriers to teaching in the nursing home setting
2. develop practical techniques and strategies for nursing home teaching

**\* This session would be of interest to family medicine teachers.****3247 11:05–12:05 Developing Knowledge Translation Strategies in Primary Care: Reflections from the CIHR's Summer Institute on Primary Healthcare Research***Kathleen Clouston, PhD, Winnipeg, MB; Matthew Menear, PhD (cand.), Montréal, QC;**Kelly Grindrod, BScPharm, PharmD, MSc, Kitchener, ON; Peter G. Norton, CCFP, FCFP, Creemore, ON;**France Légaré, CCFP, FCFP, Québec, QC***ROOM / SALLE : 512a - Palais des congrès***During this session, participants will:*

1. learn about the content and emerging themes of the Canadian Institutes of Health Research Summer Institute entitled "Revisiting the Foundations of Primary Healthcare Research" which was hosted in June, 2010 (Alliston, ON) for primary healthcare research trainees
2. learn about and discuss the distinct strategies to improve the effectiveness of knowledge translation in primary healthcare settings

**◎ This session would be of interest to family medicine researchers.****3249 11:05–12:05 How to be an Effective Leader in a Primary Care Setting***Michael Malus, MDCM, CCFP, FCFP, M. Management, Montréal, QC***ROOM / SALLE : 513a - Palais des congrès***During this session, participants will learn how to:*

1. be reflective rather than reactive in the context of daily leadership and managerial challenges
2. create a culture of continuous improvement in your workplace
3. incorporate patient perspectives into management decisions

**3130 11:05–12:05 Désordre elliptique***André Gouguoux, MD, FRCP, Montréal, QC***ROOM / SALLE : 516e - Palais des congrès***Objectifs d'apprentissage :*

- 1) comprendre la physiopathologie de l'hypernatrémie, de l'hyponatrémie, de l'hyperkaliémie et de l'hypokaliémie
- 2) connaître les principales causes de ces 4 désordres électrolytiques
- 3) traiter adéquatement ces patients au bureau et à l'hôpital.

**3269 11:05–12:05 Primary Care Transformation: Using process improvement and lean thinking to optimize multidisciplinary roles and quality of care***Paul A. Woods, MD, CCFP, Cochrane, AB; Michael Thompson, BSc Pharm, Calgary, AB***ROOM / SALLE : 513f - Palais des congrès***Learning objectives:*

1. to demonstrate simple process improvement in optimizing workflows in an everyday primary care process, INR management
2. to demonstrate how a lean approach can improve efficient utilization of multidisciplinary health providers and improve job satisfaction of team members
3. to discuss the use of an algorithm to allow safe performance of clinical work previously done by physicians by other team members and allow physicians to do work only they can do

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>3274</b>	<b>You Again? The resurgence of syphilis in Canada</b>
<b>11:05–12:05</b>	Sudha Koppula, BSc, MD, MCISc, CCFP, Edmonton, AB; Sonya Lee, BSc MD, CCFP, MHSc, FCFP, Calgary, AB

**ROOM / SALLE : 512c,d,g,h - Palais des congrès**

*During this session, participants will:*

1. learn about the increasing rates of syphilis diagnosis across Canada
2. understand how syphilis is acquired, its disease process and options for testing in the primary care setting
3. review the recommendations for treatment and prevention

<b>3016</b>	<b>Des causes fréquentes de douleur à la région de la hanche et de l'aine chez les sportifs</b>
<b>11:05–11:35</b>	André Roy, MD, FRCPC, MSc, Dipl. méd. sport (ACMSE), Montréal, QC

**ROOM / SALLE : 524b - Palais des congrès**

#### ■ Médecine du sport et de l'exercice

*Suite à cette session les participants :*

- 1) connaîtront des causes fréquentes de douleur à la région de la hanche et de l'aine chez les sportifs
- 2) sauront rechercher les signes et symptômes typiques des diagnostics les plus fréquemment associés à ce type de plainte
- 3) sauront développer un plan d'action pertinent aux lésions les plus fréquentes.

<b>3335</b>	<b>Breaking Free From Your Addictions</b>
<b>11:05–11:35</b>	Carol D. Connick, MD, CCFP, Edmonton, AB; Tiffany Oddo, LADC, Edmonton, AB

**ROOM / SALLE : 524c - Palais des congrès**

#### ■ Addiction Medicine

*During this session, participants will learn:*

1. what is at the core of all addictions and how all addictions are created
2. the 5 myths of addictions that keep addicts stuck and what you can do to support them
3. how to eliminate and break free of bad habits

<b>3015</b>	<b>PubMed/Medline Search Clinic (Course 2 – Repeat)</b>
<b>11:05–12:05</b>	Lynn Dunikowski, MLS, London, ON Computer Learning Centre Session

**ROOM / SALLE : 523a,b - Palais des congrès**

*During this session, participants will:*

1. review the basics of good search techniques
2. learn about and practice several newer PubMed/Medline features
3. learn some timesaving tips and tricks from a search expert
4. get answers to your questions about literature searching

<b>3358</b>	<b>Teen Moms: How to support mother and baby using an innovative model of care</b>
<b>11:05–12:05</b>	Megan Harrison, MD, FRCPC, Ottawa, ON; Nathalie Fleming, MD, FRCPC, Ottawa, ON

**ROOM / SALLE : 513b - Palais des congrès**

*During this session, participants will:*

1. discuss obstetrical risk factors specific to adolescent mothers and to review obstetrical outcomes in this population
2. review the impact that service delivery and specific programming aimed at pregnant adolescents and young mothers have on outcomes for both parent and child

<b>3153D</b>	<b>Introduction to Wound Care - (Course 2 – Repeat)</b>
<b>11:05–12:05</b>	Demonstration Theatre Pre-registered delegates only.

<b>3150D</b>	<b>Ultrasound in Family Medicine (Course 2 – Repeat)</b>
<b>11:05–12:05</b>	Demonstration Theatre Pre-registered delegates only.

<b>3347</b>	<b>Talking about Addiction with our Patients: When and how?</b>
<b>11:35–12:05</b>	Ginetta Salvalaggio, MD, CCFP, Edmonton, AB; Difat Jakubovicz, MSC, MD, CCFP, FCFP, Toronto, ON

**ROOM / SALLE : 524c - Palais des congrès**

#### ■ Addiction Medicine

*During this session, participants will:*

1. develop an approach to preventative care and health screening in the context of addiction
2. discuss common complications and comorbidities associated with addiction
3. develop an awareness of unique cultural, social, and interpersonal issues involved in the care of people suffering from addiction

**3017 La douleur antérieure non-traumatique au genou au bureau***Pierre Frémont, MD, PhD, CMFC, Dip Sport Med (ACMSE), Québec, QC***ROOM / SALLE : 524b - Palais des congrès****■ Médecine du sport et de l'exercice***Suite à cette session, le participant sera en mesure de:*

- 1) évaluer un patient sur la base des causes les plus fréquentes de douleur antérieure non-traumatique au genou
- 2) utiliser de façon appropriée les modalités d'investigation pour les patients présentant une douleur antérieure non-traumatique au genou
- 3) proposer un plan de traitement pour des causes communes de douleur antérieure non-traumatique au genou

Note: This session will be given in French but with a bilingual speaker and bilingual visual materials.

*Following this session, participants will be able to:*

1. assess a patient based on a differential diagnosis of the most common causes of non-traumatic anterior knee pain
2. make adequate use of investigation modalities for non-traumatic anterior knee pain investigation
3. propose a treatment plan for common causes of non-traumatic anterior knee pain

<b>12:15–13:15</b>	<b>Québec College of Family Physicians (QCFP) Annual General Meeting Assemblée générale annuelle du Collège Québécois des médecins de famille (CQMF)</b>
	<b>ROOM / SALLE : 510 - Palais des congrès</b>

**3055 Fiction writing for the medical professional: Bringing your stories to life***Ruth Elwood Martin, MD, CCFP, FCFP, MPH, Vancouver, BC;**Peter Duffy (nom de plume Peter Clement) MD, CCFP (EM), Kingston, ON; Marshall Godwin, MD, CCFP, FCFP, St. John's, NL***ROOM / SALLE : Humanities Theatre - Exhibit Hall***Participants will learn:*

1. techniques for generating story ideas and weaving them into compelling stories
2. how to inject life-anticipation, tension, resolution-into your story-telling
3. how authors manage their lives to indulge in their passion for writing fiction

**12:15–13:15 Medical Student and Family Medicine Resident Luncheon****ROOM / SALLE : 511b,c,e,f - Palais des congrès****TICKETS REQUIRED / BILLETS REQUIS****3386SS Individualizing Care for Patients with Depression: Diagnosing and treating patients with MDD****12:15–13:15 ROOM / SALLE : 710b - Palais des congrès****Pre-registration required.****3399SS Dermatology Update: Non-melanoma skin cancer and the emerging role of the family physician****12:15–13:15 ROOM / SALLE : 710a - Palais des congrès****Pre-registration required****3052 The Joy of Intersects: Embedding psychologists into primary care***Julie Beaulac, PhD, Winnipeg, MB; Tunji Fatoye, MD, CCFP, Winnipeg, MB; Jason Ediger, PhD, Winnipeg, MB;**Andrea Piotrowski, PhD, Winnipeg, MB***ROOM / SALLE : 516e - Palais des congrès***Learning objectives:*

1. review the literature on how psychologists can make a positive impact in the practice of primary care
2. outline a variety of possible models for integrating psychology into primary care
3. discuss obstacles to integration and possible solutions to those obstacles

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

<b>3075</b>	<b>Patient-Centred Solutions for Chronic Pain Challenges</b>
<b>13:25–15:30</b>	<i>Lori Montgomery, MD, CCFP, Calgary, AB; Todd Hill, PhD RPsych, Calgary, AB; Chris Spanswick, MB, ChB, FRCA, FFFMRCA, Calgary, AB</i>
	<b>ROOM / SALLE : 519b - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. acquire a vocabulary for discovering the patient's pain experience and telling a patient what they need to know about chronic pain 2. identify how challenging patient encounters could be made less stressful by applying behavioural medicine concepts 3. develop a personalized plan for approaching chronic pain consultations differently when you return to your office	
<b>3018</b>	<b>AIT à haut risque</b>
<b>13:25–13:00</b>	<i>Robert Côté, MD, FRPC, Montréal, QC</i>
	<b>ROOM / SALLE : 516b - Palais des congrès</b>
<b>■ Médecine d'urgence</b>	
<i>Objectifs d'apprentissage :</i>	
1) utiliser des critères de stratification du risque d'un AIT à l'urgence 2) utiliser judicieusement les évaluations auxiliaires dans les cas d'AIT 3) assurer une prise en charge appropriée de l'AIT	
<b>3122</b>	<b>The Pediatric Immunization Update: The most recent NACI recommendations</b>
<b>13:25–14:25</b>	<i>John Yaremko, MDCM, FRCPC, Montréal, QC</i>
	<b>ROOM / SALLE : 512c,d,g,h - Palais des congrès</b>
<i>Learning objectives:</i>	
1. review some of the new vaccines and their indications in the pediatric immunization schedule 2. discuss new indications for some of our older vaccines 3. present the most recent NACI recommendations and their application in your daily practice	
<b>3076</b>	<b>TLC for LTC: A guide to providing best care for your geriatric patients in long-term care facilities</b>
<b>13:25–15:30</b>	<i>Eric Cadesky, MD, CM, CCFP, Vancouver, BC</i>
	<b>ROOM / SALLE : 520c - Palais des congrès</b>
<i>Learning objectives:</i>	
1. increase awareness of the importance of continuous primary care of the elderly 2. assess constipation treatments and their effectiveness 3. review use of urine dipstick testing and how to handle positive results 4. evaluate the evidence on commonly-prescribed medications and their effects in the elderly 5. discuss billing and remuneration of LTC	
<b>3133</b>	<b>Building an Interprofessional Approach to Health Literacy in Clinical Practice</b>
<b>13:25–15:30</b>	<i>Brent Kvern, MD, CCFP, FCFP, Winnipeg, MB; Andrea Swajcer, MLIS, Winnipeg, MB</i> Computer Learning Centre Session
	<b>ROOM / SALLE : 523a,b - Palais des congrès</b>
<i>Learning objectives:</i>	
1. to heighten awareness of the impact that health literacy levels have on all of our patients' health outcomes 2. to critically reflect on communication styles and to incorporate strategies which enhance shared decision making and patients' participation in their own health care within the context of patients' health literacy levels 3. to utilize social and mobile technologies in order to create a 'virtual' team designed to support the practitioner with information management of patient education resources	
<b>3173</b>	<b>La patiente enceinte qui consomme: Une approche clinique centrée sur la femme</b>
<b>13:25–14:25</b>	<i>Samuel Harper, MD, CCFM, Montréal, QC; Anne-Marie Mecteau, Montréal, QC</i>
	<b>ROOM / SALLE : 524a - Palais des congrès</b>
<i>Objectifs d'apprentissage :</i>	
1) connaître les moyens de dépistage de l'usage problématique de substances en grossesse et décrire l'approche centrée sur la femme 2) décrire les soins prénataux, à l'accouchement et en post-partum pour les femmes toxicomanes 3) décrire les effets des substances les plus communes sur la grossesse et le nouveau-né 4) connaître des mesures innovatrices de lien avec les services de protection de l'enfance et de gestion du syndrome d'abstinence néonatale.	
<b>3202</b>	<b>Management of Hepatitis C in Primary Care: Practice pearls, tools and guidelines</b>
<b>13:25–15:30</b>	<i>Susan Woolhouse, MD, MCISc, CCFP, Toronto, ON; Sharon Gazeley, MD, CCFP, Toronto, ON</i>
	<b>ROOM / SALLE : 520f - Palais des congrès</b>
<i>During this session, participants will:</i>	
1. be given a basic approach and tools to monitor patients with chronic Hepatitis C, including before, during and after treatment 2. learn how to monitor patients with cirrhosis 3. learn about a collaborative model where chronic Hepatitis C is treated in the primary care setting	

**3020 Identification and Management of Prescription Opioid Misuse and Addiction**

13:25–13:55 Karine Meador, MD, CCFP, (D)ABAM, Edmonton, AB

ROOM / SALLE : 524c - Palais des congrès

**■ Addiction Medicine***During this session, participants will:*

1. describe the clinical features of prescription opioid misuse and addiction, and list screening strategies
2. discuss the indications for opioid tapering, and outline a clinical protocol
3. discuss the indications for structured opioid therapy, and outline its key components
4. discuss the treatment options for opioid addiction including detoxification and opioid agonist treatment

**3103 Hypertension artérielle réfractaire*****Refractory arterial hypertension***

13:25–13:55 Pierre Laroche, MD, PhD, FRCPC, FACP, FAHA, Montréal, QC

 Séance générale / General session

ROOM / SALLE : 517b - Palais des congrès

*Objectifs d'apprentissage :*

- 1) investiguer une hypertension artérielle réfractaire
- 2) prendre en charge une hypertension artérielle réfractaire
- 3) pourra ajuster le traitement d'une hypertension artérielle réfractaire.

*Objectives:*

1. to investigate refractory arterial hypertension
2. to treat refractory arterial hypertension
3. to be able to adjust the treatment of refractory arterial hypertension

**3244 Enhancing Clinical Practice Through Family Physician-Primary Care Research Partnerships**

13:25–15:30 Kathleen Clouston, PhD, Winnipeg, MB; Duane M. Hartley, MD, CCFP, FCFP, Winnipeg, MB;

Janet Ritchie, MD, Winnipeg, MB; Katherine Kearns, MD, CCFP, Winnipeg, MB; Yatish Kotacha, MD, MCFP, Winnipeg, MB;

Claire P. Jaeger, MD, CCFP, FCFP, Winnipeg, MB; Andrew G. Jowett, MD, MCFP, Winnipeg, MB;

Candace Bradshaw, MD, CCFP, Winnipeg, MB; Richard J. McCommon, MD, CCFP, Winnipeg, MB;

Karen L. Klym, MD, CCFP, FCFP, Winnipeg, MB; Christina Raimondi, MD, CCFP, Winnipeg, MB;

Karen Braun, MD, CCFP, FCFP, Winnipeg, MB; Melanie Shell, MD, CCFP, Winnipeg, MB;

Nadine S. Lecuyer, MD, CCFP, Winnipeg, MB; Alan Katz, MBChB, MSc, CCFP, FCFP, Winnipeg, MB

ROOM / SALLE : 512a - Palais des congrès

*During this session, participants will:*

1. learn about practice-based research as well as the benefits and challenges involved
2. discuss the benefits of forming multi-disciplinary networks between family physicians and primary care researchers for clinical practice, patient health, and health care policy development

 **This session would be of interest to family medicine researchers.****3273 Preventive Health Care: NOT the annual physical**

13:25–14:25 James A. Dickinson, MD, CCFP, PhD, Calgary, AB

ROOM / SALLE : 519a - Palais des congrès

*During this session, participants will:*

1. learn current evidence-based recommendations for clinical preventive activities, and a priority order for their value to patients
2. reflect on how to apply clinical prevention in practice
3. learn about resources to update and maintain their preventive care approach

**LEGEND/LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

**3333 13:25–14:25 From First Date to Long-Term Commitment: Steps to developing mutually rewarding educational partnerships**

*Katherine Rouleau, MDCM, CCFP, MHSc, Toronto, ON; Kevin Bezanson, MD, CCFP, Toronto, ON;  
Jane Philpott, MD, CCFP, Toronto, ON; Andrew David Pinto, MD, CCFP, Toronto, ON*

**ROOM / SALLE : 513e - Palais des congrès**

*At the end of the session participants will:*

1. have reviewed a roadmap for the development of effective educational partnerships
2. have identified the common challenges and pitfalls of educational partnerships
3. have tested the roadmap against a number of real and fictitious partnerships to assess its usefulness in various contexts

\* This session would be of interest to family medicine teachers.

**3334 13:25–15:30 Giving Birth to a Successful Maternity Care Practice: A primer for new graduates, residents and medical students**

*Kaitlin Dupuis, MD, Nanaimo, BC; Heather Baxter, MD, CCFP, FCFP, Calgary, AB;  
Anne Biringer, MD, CCFP, FCFP, Toronto, ON; William Ehman, MD, MCFP, Nanaimo, BC;  
Shanna Fenton, MD, CCFP, Saskatoon, SK; Andrée Gagnon, MD, CCFP, Blainville, QC; Lisa Graves, MD, CCFP, Sudbury, ON*

**ROOM / SALLE : 516a - Palais des congrès**

*Participants will:*

1. learn about the practical implications of different models of maternity care
2. network with colleagues at similar stages of their careers regarding maternity care
3. understand current recommended updates for normal birth such as skin to skin contact, delayed cord clamping, upright positions for pushing, position changes with epidural, etc.

**3034MC 13:30–17:00 Breastfeeding Basics for the Practicing Physician**

**ROOM / SALLE : Ville-Marie A/B - Le Westin Hotel**

**Pre-registered delegates only.**

**3007MC 13:30–17:00 Diagnosis and Management of Patients with MCI and Dementia: Tips for the family physician**

**ROOM / SALLE : McGill - Le Westin Hotel**

**Pre-registered delegates only.**

**3019 13:55–14:25 Lipid Emulsion Therapy**

*Nancy Murphy, MD, CCFP(EM), Halifax, NS*

**ROOM / SALLE : 516b - Palais des congrès**

**■ Emergency Medicine**

*At the end of this session, participants will be able to:*

1. use the principles and evidence for lipid emulsion therapy
2. use lipid emulsion therapy when medically indicated

**3121 13:55–14:25 Common Ocular Emergencies*****Urgences oculaires courantes***

*Marino Discepola, MD, FRCSC, DABO, Montréal, QC  
General session / Séance générale*

**ROOM / SALLE : 517b - Palais des congrès**

*Learning objectives:*

1. review the most common forms of ocular emergencies
2. learn to treat common ocular emergencies
3. know when to refer patients to ophthalmology

*Objectifs d'apprentissage :*

- 1) passer en revue les formes les plus courantes des urgences oculaires
- 2) apprendre comment traiter les urgences oculaires les plus communes
- 3) savoir quand demander une consultation en ophtalmologie.

**3021 13:55–14:25 Marijuana: Myths and misconceptions**

*Kingsley Watts, MD, CCFP, FCFP, Toronto, ON*

**ROOM / SALLE : 524c - Palais des congrès**

**■ Addiction Medicine**

*Learning objectives:*

1. describe common ways that marijuana problems may present in your practice
2. list questions that may help to identify at-risk marijuana use, marijuana abuse, and marijuana dependence in the primary care setting
3. outline an approach to assisting patients with marijuana problems
4. identify resources for patients with marijuana problems

**3155 Extreme Family Practice: Case histories from Nunavut**14:30–15:30 *W. Alexander Macdonald, MD, CCFP, FCFP, Iqaluit, NU***ROOM / SALLE : 513a - Palais des congrès***During this session, participants will:*

1. review management of severe respiratory distress in a young child in a remote health centre
2. gain an understanding of logistical challenges relevant to providing appropriate clinical care in remote communities

**3098 Le syndrome des ovaires polykystiques: Êtes-vous polyvalent ?**14:30–15:00 *Polycystic ovary syndrome: How versatile are you?**Jocelyn Bérubé, MD, MSc, Montréal, QC* Séance générale / General session**ROOM / SALLE : 517b - Palais des congrès****Objectifs d'apprentissage :**

- 1) définir les critères diagnostiques du SOPK
- 2) reconnaître les diverses présentations cliniques du SOPK
- 3) proposer le traitement de base de l'infertilité associée au SOPK.

**Learning objectives:**

1. define the diagnostic criteria for PCOS
2. recognize the different clinical presentations of PCOS
3. suggest basic treatment for infertility associated with PCOS

**3022 Acetaminophen Ingestions**14:30–15:00 *Constance Leblanc, MD, CCFP(EM), FCFP, Halifax, NS***ROOM / SALLE : 516b - Palais des congrès****■ Emergency Medicine***At the end of this session, participants will be able to:*

1. recognize the different formulations of acetaminophen available to patients
2. have an organized approach to acute, staggered and late presentations of acetaminophen ingestions

**3237 Active Transportation = Cycling and Walking = Better Health**14:30–15:30 *Jennifer M. Zelin, MD, CCFP, Charlottetown, PE***ROOM / SALLE : 524a - Palais des congrès****Learning objectives:**

1. define Active Transportation (AT)
2. evidence for personal and public health benefits of AT 3 - how to motivate self, patients and communities to embrace AT
3. incentives to promote ActiveTransportation (that is, any human-powered form of transportation, such as cycling or walking) can improve the health of Canadians

**3245 Preventing Chronic Diseases: A new initiative!**14:30–15:30 *Andy Wielgosz, MD, PhD, FACC, Ottawa, ON***ROOM / SALLE : 513b - Palais des congrès****Objectives of Workshop:**

- Review the environmental scan “Role of Primary Care Providers in Preventing Chronic Diseases”
- Review survey conducted by the College on preventive practices initiated by family physicians
- Present the status of the development of the Kit
- Discuss how family physicians connect patients with information for behaviour change
- Discuss dissemination ideas/social media options
- Discuss further developments for the Kit

*During this session, family physicians will:*

1. learn about the Chronic Disease Prevention Kit: an innovative, electronic, evidence based and multi-disciplinary approach including motivational interviewing
2. share their knowledge regarding methods of behaviour change in their patients through interactive small group discussion
3. look into the future and brainstorm regarding electronic medical records: reminders, use of lab graphs, updates, interactive portals, apps, etc.

**LEGEND / LÉGENDE**

Simultaneous Interpretation / Interprétation simultanée

MC = Mainpro-C

SS = Satellite symposium / Symposium satellite

D = Demonstration theatre / Théâtre de démonstration

---

**3023      Buprenorphine Prescribing: A primer for family physicians**

*Mel Kahan, MD, CCFP, FCFP, Toronto, ON*

**ROOM / SALLE : 524c - Palais des congrès**

**■ Addiction Medicine**

Buprenorphine is an effective treatment for opioid dependence. It is considerably safer than methadone, and does not require a special licence to prescribe. The session will consist of a brief presentation with questions, handouts and on-line resources.

---

**3265      Screening Newly Arrived Immigrants and Refugees: The evidence is in!**

*Meb Rashid, MD, CCFP, FCFP, Toronto, ON; Kevin Pottie, MD, CCFP, FCFP, MSc, Ottawa, ON;  
Chris Greenaway, MD, CCFP, FCFP, Montréal, QC; Laurence Kirmayer, MD, FRCPC, Montréal, QC;  
Lavanya Narasiah, MSc, MD, Montréal, QC*

**ROOM / SALLE : 524b - Palais des congrès**

**Learning objectives:**

1. familiarize participants with the Canadian Collaboration on Immigrant and Refugee Health (CCIRH) guidelines for the screening and management of critical issues in newly arrived Canadians
  2. understand the evidence relating to screening newly arrived immigrants and refugees for infectious diseases, chronic diseases and mental health issues
  3. provide a framework for primary care clinicians to appropriately identify and manage key issues in newly arrived immigrant and refugees
- 

**3291      Doctors, Patients and Stress: Twelve key solutions**

*David Rainham, MD, CCFP, Waterloo, ON*

**ROOM / SALLE : 512c,d,g,h - Palais des congrès**

**Learning objectives:**

1. to review the influence of 'stress' on patient presentation and illness and be able to readily access and teach tools for patients to take more control
  2. to encourage physicians to remember the 12 Keys and apply them in their own professional and personal lives
  3. to review the use of multi-media teaching aids in this area
- 

**3024      Office Management of At-Risk Drinking and Alcohol**

*Mel Kahan, MD, CCFP, FCFP, Toronto, ON*

**ROOM / SALLE : 524c - Palais des congrès**

**■ Addiction Medicine / Médecine de la toxicomanie**

**At the end of this session, participants will be able to:**

1. describe simple screening strategies for alcohol problems in your practice
2. safely prescribe medications to reduce alcohol consumption (baclofen, gabapentin and other anticonvulsants, disulfiram, naltrexone, acamprosate)
3. provide practical advice to the at-risk drinker and alcohol-dependent patient
4. describe an office-based protocol for treating alcohol withdrawal

**Abbott Laboratories****BOOTH: 612****PASSPORT POINTS: Level 1**

Biaxin XL is a once-a-day macrolide to treat AECB & Sinusitis. Pediatric Biaxin is for acute otitis media, pharyngitis & pneumonia.

*Biaxin XL est un macrolide à prise uniquotidienne indiqué dans le traitement de la SBBC et de la sinusite. Biaxin pour enfants est indiqué dans le traitement de l'otite moyenne aiguë, de la pharyngite et de la pneumonie.*

**Alcoholics Anonymous****BOOTH: 1208****PASSPORT POINTS: Level 1**

Alcoholics Anonymous: A worldwide fellowship of sober alcoholics, whose recovery is based on Twelve Steps; no dues or fees, self-supporting through voluntary, small contributions of members, accepts no outside funds; not affiliated with any other organization; our primary purpose: to carry the A.A. message to alcoholics who still suffer. [www.aa.org](http://www.aa.org)

*Alcooliques anonymes est une organisation mondiale d'entraide qui regroupe des alcooliques devenus sobres. Le retour à la sobriété s'appuie sur douze principes, dont l'absence de frais ou d'honoraires, l'autosuffisance grâce à de petites contributions volontaires des membres. Elle n'accepte aucune subvention de l'extérieur, n'est affiliée à aucune autre organisation. Son but principal, c'est de transmettre le message des AA aux alcooliques qui souffrent encore. [www.aa.org](http://www.aa.org)*

**Alzheimer Society of Canada****BOOTH: 1213****PASSPORT POINTS: Level 1**

The Alzheimer Society works nationwide to improve the quality of life for Canadians affected by Alzheimer's disease, and to advance the search for treatment, prevention and a cure. It develops and provides support and educational programs for people with the disease, their families, caregivers, and members of the health-care team. The Society is a leading funder of Alzheimer research and training in Canada. [www.alzheimer.ca](http://www.alzheimer.ca)

*La Société Alzheimer est un organisme national dont la mission est d'améliorer la qualité de vie des Canadiennes et Canadiens touchés par la maladie d'Alzheimer et d'appuyer la recherche pour trouver un traitement curatif et déterminer les moyens de prévention. Il développe et offre le soutien et les programmes éducatifs nécessaires aux personnes qui vivent avec cette maladie, aux membres de leur famille et à leurs aidants, ainsi qu'aux professionnels de la santé. La Société est la principale source de financement pour la formation et la recherche sur la maladie d'Alzheimer au Canada. [www.alzheimer.ca](http://www.alzheimer.ca)*

[www.celiac.ca](http://www.celiac.ca)

*L'Association canadienne de la maladie cœliaque est un organisme de bienfaisance dirigé par des bénévoles qui a pour mission la sensibilisation du public, la représentation des intérêts, l'éducation et la recherche. Fondée en 1972, l'organisme a été le premier groupe d'entraide pour ceux atteints de la maladie cœliaque en Amérique du Nord et, aujourd'hui, avec nos 29 filiales, nous formons le plus grand et le seul groupe national de soutien au Canada pour cette maladie.*

### Canadian Consortium for the Investigation of Cannabinoids

BOOTH: 824  
PASSPORT POINTS: Level 1

The CCIC is a nonprofit organization of basic and clinical researchers and healthcare professionals established to promote evidence-based research and education concerning the endocannabinoid system and therapeutic applications of endocannabinoids and cannabinoids. This is done by networking, supporting and informing healthcare professionals of current research and therapeutic options. [www.ccic.net](http://www.ccic.net)

*Le Consortium canadien pour l'investigation des canabinoïdes est un organisme sans but lucratif composé de chercheurs fondamentaux et cliniques ainsi que de professionnels de la santé, qui a été établi pour promouvoir la recherche factuelle et l'éducation sur le système endocannabinoïde et les applications thérapeutiques des endocannabinoïdes et des cannabinoïdes. Pour ce faire, le consortium travaille en réseau, appuie et renseigne les professionnels de la santé sur les recherches et les options thérapeutiques actuelles. [www.ccic.net](http://www.ccic.net)*

**Canadian Family Practice Nurses Association BOOTH: P1  
PASSPORT POINTS: Level 1**

Canadian Family Practice Nurses Association, CFPNA, was established in June 2008 in response to the need to connect the growing number of nurses working in family practice/primary care in Canada. The non-profit association provides an important opportunity to network, share resources and advance the roles of nurses in family practice/primary care. [www.cfpna.ca](http://www.cfpna.ca)

L'Association canadienne des infirmières en médecine familiale a été fondée en juin 2008 afin de rassembler le nombre grandissant d'infirmières travaillant dans les pratiques de médecine familiale et de soins primaires au Canada. Cette association sans but lucratif offre d'importantes possibilités de réseautage, de partage de ressources et de faire valoir le rôle des infirmières dans la pratique de la médecine familiale et des soins primaires. [www.cfpna.ca](http://www.cfpna.ca)

**Canadian Forces Health Services**      **BOOTH: 1219**  
**PASSPORT POINTS: Level 1**

Medical Officers are commissioned members of the Canadian Forces. In many ways, Canadian Forces Medical Officers do work that is very similar to that of civilian family physicians that provide medical care and advice to patients. Military medicine does, however, place a significant emphasis on some particular areas of primary health care, such as health maintenance and education, health promotion and disease prevention, occupational health and safety and sports medicine. [www.forces.ca](http://www.forces.ca)

Les médecins militaires sont des membres commissionnés des Forces canadiennes. Le travail des médecins militaires est, à bien des égards, similaire à celui des médecins de familles civils qui prodiguent soins et conseils à leurs patients. Toutefois, la médecine militaire est principalement axée sur les soins de santé primaires tel que le maintien de la santé, l'éducation, la promotion de la santé, la prévention des maladies, la santé et la sécurité au travail, ainsi que la médecine sportive.

**Canadian Forces Quality of Life–Military Family Health Care /  
Qualité de vie des Forces canadiennes—Soins de santé  
pour les familles des militaires**      **BOOTH: 1217**

The national shortage of family physicians, compounded by the frequent relocation of Canadian Forces (CF) personnel, has adversely affected CF families' access to healthcare. 25-27% of CF families do not have a family physician, compared to 14% of the general Canadian population. Learn how you can help! [www.cfpsa.com](http://www.cfpsa.com)

*La pénurie nationale de médecins de famille, en plus des déménagements fréquents des militaires, a créé un delta dans les soins de santé, qui nuit aux familles des militaires. 25 à 27 % des répondants indiquent qu'ils n'ont pas de médecin, comparativement à 14 % de la population générale canadienne. Renseignez-vous comment vous pouvez aider!*

**[www.aspfc.com](http://www.aspfc.com)**

## Canadian Task Force on Preventive Health Care

**BOOTH: 606**  
**PASSPORT POINTS: Level 1**

The Canadian Task Force on Preventive Health Care booth will create awareness among primary care health professionals and researchers and provide an overview of its purpose, operating structure, evidence review and synthesis centre, priority setting and guideline development processes, along with key stakeholders to support coordination, dissemination, implementation and evaluation.

*Le stand du Groupe d'étude canadien sur les soins de santé préventifs a pour but de sensibiliser les professionnels et les chercheurs en soins de santé primaires et de donner un aperçu de son mandat, de sa structure de fonctionnement, ainsi que du centre d'examen et de synthèse des données factuelles. On y présentera aussi les processus d'établissement des priorités et d'élaboration des lignes directrices, ainsi que les principaux partenariats formés à l'appui de la coordination, de la diffusion, de la mise en œuvre et de l'évaluation.*

## Canadian Virtual Hospice

**BOOTH: 807**  
**PASSPORT POINTS: Level 1**

The Canadian Virtual Hospice is an award-winning website providing information and support on life-limiting illness, loss and grief for patients, families and health professionals. The website is staffed by experts in palliative care and is ranked as one of Canada's best health websites by the Canadian Health Libraries Association. [www.virtualhospice.ca](http://www.virtualhospice.ca)

*Le Portail canadien en soins palliatifs est un site web primé, qui fournit des renseignements et du soutien sur les maladies mortelles, la perte et le deuil destiné aux patients, aux familles et aux professionnels de la santé. Ce site est alimenté par une équipe d'experts en soins palliatifs et se classe parmi les meilleurs sites web en matière de santé au Canada selon l'Association des bibliothèques de la santé du Canada. [www.portailpalliatif.ca](http://www.portailpalliatif.ca)*

## CBOM/OEMAC

**BOOTH: 502**  
**PASSPORT POINTS: Level 1**

Canadian Board of Occupational Medicine's mandate is to encourage the study, improve the practice and elevate the standards of occupational medicine throughout Canada. The exams are held every year.

*Le mandat de la Commission canadienne de la médecine du travail est d'encourager l'étude, d'améliorer la pratique et de hausser les normes de la médecine du travail à travers le Canada. Les examens sont tenu à chaque année*

## Central Community Health Centre

**BOOTH: 1215**  
**PASSPORT POINTS: Level 3**

### Contest Contribution: Cash

 Minutes away from the beaches of Port Stanley and the cities of London, Hamilton and Windsor, Central Community Health Centre is seeking physicians and nurse practitioners who are interested in client-centred healthcare and working with a dedicated and energetic interprofessional team. We offer full practice or locum opportunities with salary, vacation and pension/benefits.

*À quelques minutes seulement des plages de Port Stanley et des villes de London, Hamilton et Windsor, le Central Community Health Centre est à la recherche de médecins et d'infirmières praticiennes intéressés à dispenser des soins de santé centrés sur le client et à travailler avec une équipe interprofessionnelle engagée et dynamique. Nous offrons des pratiques complètes ainsi que des possibilités de remplacement avec salaire, vacances, régime de retraite et d'avantages sociaux.*

## City of Thunder Bay

**BOOTH: 513**  
**PASSPORT POINTS: Level 1**

Thunder Bay offers the benefits of a major centre set in the unspoiled beauty of the north. Teaching, research and continuing professional development opportunities for physicians are offered through the Northern Ontario School of Medicine, Thunder Bay Regional Health Sciences Centre, St Joseph's Care Group and various other options.

*Thunder Bay vous offre les avantages d'un grand centre et la nature intacte du Nord. Des possibilités d'enseignement, de recherche et de développement professionnel continu sont offertes aux médecins par le biais de la Faculté de médecine du Nord de l'Ontario, du Centre régional des sciences de la santé de Thunder Bay, du St Joseph's Care Group, ainsi que différentes autres options.*

## College of Family Physicians of Canada

**BOOTH: College Square**  
**PASSPORT POINTS: Level 18**

Please drop by College Square in the Exhibit Hall and meet with CFPC staff who will be pleased to answer your questions and update you on our latest initiatives including

the Patient's Medical Home, Triple C, CPD online reporting, and the new Section of Family Physicians with Special Interests or Focused Practices! There are also other College departments represented, and of course the REF and Silent Auction!

*Passez au Square du Collège dans le Hall d'exposition et rencontrez les employés du CMFC qui seront heureux de répondre à vos questions et vous renseigner sur toutes les nouvelles initiatives du Collège, dont le Centre de médecine de famille, le cursus Triple C, la soumission de crédits de DPC en ligne ainsi que sur la toute nouvelle Section des médecins de famille avec intérêts particuliers ou pratiques ciblées. D'autres départements du Collège y seront également, dont la FRÉ et son fameux Encan silencieux.*

## Research and Education Foundation    BOOTH: College Square

Be sure to check out the Research and Education Foundation's exhibit at College Square. Sign up for the Walk for the Docs, or support a participant. Browse the Silent Auction – twice the size of last year with items closing each day of FMF. Learn about the awards program supporting family medicine learners and practitioners. See you there!

*Ne manquez pas de visiter la Fondation pour la recherche en éducation au Square du Collège. Inscrivez-vous à la Marche pour les médecins de demain ou appuyez un participant. Voyez les articles offerts à l'encaissement silencieux (clôtures des enchères sur certains articles tous les soirs) - deux fois plus d'articles qu'en 2010! Renseignez-vous sur notre programme de prix et bourses et appuyez nos étudiants et praticiens. Au plaisir de vous y voir!*

## Collège Québécois des médecins de famille /    BOOTH: College Square Quebec College of Family Physicians

Take advantage of this great opportunity and visit the QCFM booth to find out our latest in continuing medical education (scientific and pedagogical assemblies), networking (new Web site), CPD programs (PBSG, Self-learning, and others), and more. **Eli Lilly Canada****BOOTH: 912/914**  
**PASSPORT POINTS: Level 2**

Cymbalta (duloxetine), manufactured by Lilly, a leader in neuroscience, has two separate indication categories. It is approved for use in Major Depressive Disorder and Generalized Anxiety Disorder. It is also an analgesic for use in Chronic Low Back Pain, Diabetic Peripheral Neuropathic Pain and Fibromyalgia. Website: [www.lilly.ca](http://www.lilly.ca)

Cymbalta (duloxétine), fabriqué par Lilly, un chef de file en neurosciences, a deux catégories d'indications distinctes. Il est approuvé pour le trouble dépressif majeur et le trouble d'anxiété généralisée. Il est également un analgésique utilisé pour la lombalgie chronique, la neuropathie diabétique périphérique et la fibromyalgie. [www.lilly.ca](http://www.lilly.ca)

**Enhanced 18-Month Well-Baby Visit****BOOTH: P10**  
**PASSPORT POINTS: Level 1**

Ontario has introduced an enhanced 18-month visit, switching the focus from a well-baby check to a pivotal assessment of developmental health. Standardized tools are recommended to facilitate physicians to have a broader discussion with families on development, parenting, literacy, and connection to local community services. To support physicians, an educational webportal [www.18monthvisit.ca](http://www.18monthvisit.ca) has been developed.

L'Ontario a instauré une consultation à l'âge de 18 mois comportant de nouveaux éléments qui ne se limitent plus au bilan de santé du bébé, mais portent aussi sur une évaluation centrale de la santé développementale. Des outils standardisés sont recommandés pour faciliter le travail des médecins dans leurs discussions plus larges avec la famille sur le développement, le rôle parental, la littératie et la connexion avec les services communautaires locaux. Un portail web éducatif [www.18monthvisit.ca](http://www.18monthvisit.ca) a été élaboré à l'intention des médecins.

## Wonca/AAFP

**BOOTH: 1212**  
**PASSPORT POINTS: Level 2**

**Contest Contribution: Computer Bags**

Learn about the AAFP Scientific Assembly to be held October 17-20, 2012 in Philadelphia, PA. Hear about AAFP international membership, the American Family Physician journal

and information on other resources valued by family doctors around the world. Learn about the World Organization of Family Doctors (Wonca), its working groups, membership options, conferences, publications and internet resources.

Renseignez-vous sur l'Assemblée scientifique de l'AAFP qui aura lieu du 17 au 20 octobre 2012 à Philadelphie, PA. Informez-vous au sujet de l'adhésion à l'AAFP, de l'abonnement à la revue des médecins de famille américains et des autres ressources valorisées par les médecins de famille dans le monde entier. Vous trouverez aussi des renseignements sur Wonca (World Organization of Family Doctors), ses groupes de travail, les options d'adhésion, ses conférences, ses publications et ses ressources sur Internet.

## Your Health Explained

**BOOTH: 302**  
**PASSPORT POINTS: Level 1**

Innovative patient education programs created through a perfect marriage of "clean",Canadian medical school content and Canada's leading television and movie industry experts. One hundred timely topics in mini-movie format, layman's language, real physicians, nurses and pharmacists and medical school trained actor/patients. Improves patient compliance and treatment outcomes.

*Des programmes éducatifs novateurs pour des patients créés en combinant un contenu « propre » provenant de facultés de médecine canadiennes à l'expertise de l'industrie de la télévision et du cinéma. Cent sujets « chauds » sont présentés sous forme de mini-films, en langage simple et mettant en vedette de vrais médecins, infirmières et pharmaciens et des acteurs/patients formés par des facultés de médecine. Ces programmes améliorent l'observance par les patients et les résultats thérapeutiques.*
