WHO WE ARE

The College of Family Physicians of Canada (CFPC) is the leading professional organization, responsible for the standards of education, certification, and training of family physicians across Canada. We advocate for the specialty of family medicine, family physicians and their patients. Our mission and vision are simple; advance family medicine to improve lives and the health of all people in Canada.

WHAT WE DO

Family Medicine Forum FMF brings together more family medicine professionals than any other conference in Canada! In a fully virtual format, FMF will continue to offer all of the incredible opportunities attendees have come to expect, and more, such as:

- World-class keynote presentations
- Cutting-edge certified education
- Ample networking opportunities
- Inspiring exhibitors and partners

WHAT TO EXPECT

- Direct access to dedicated family doctors
- A highly engaged demographic of attendees
- Attendees that value the FMF experience
- A new look and feel in a virtual world
- Opportunities for branding and connection
- An interactive portal to convey information
- Direct chat and Q&A with attendees
- Tutorials, guidance and ongoing support
- Analytics and ROI on your participation
- Reduced costs and overall expenses
- Easy and efficient access to the portal
- A forum to engage with family doctors
- The opportunity to show your support for family doctors during this crucial time!
