Welcome to FMF 2025!

On behalf of the College of Family Physicians of Canada (CFPC)'s Family Medicine Forum (FMF) Committee, we are thrilled to extend a warm welcome to FMF 2025 in Winnipeg, Manitoba!

We've been working hard behind the scenes to craft a scientific program that offers the gold standard in educational content. With a focus on delivering the highest quality of evidence-based education, our extensive scientific program is designed to enrich your learning, teaching, research, and clinical practice.

FMF provides the perfect setting for engaging discussions, networking opportunities with colleagues, and professional growth. Want to dive deeper into FMF content, catch up on missed sessions, and earn even more Mainpro+® continuing professional development credits? Register for on demand access, giving you the opportunity to watch select sessions anytime for 50 days after the conference!

This year, the heart of health care meets in the heart of Canada. Winnipeg is a diverse, vibrant city that offers a thriving food scene and an interesting history as well as opportunities to connect with nature. We invite you to take time to visit the world-class Canadian Museum of Human Rights, tour the historic Exchange District, and discover Winnipeg's vibrant arts and culture scene.

We hope you enjoy this year's conference and leave feeling renewed in your passion for family medicine.

Thank you for joining us at FMF 2025!

FMF On-Demand Schedule

November 9, 2025, to January 3, 2026

Available 24/7 to watch sessions, continue to earn credits, and engage in interactive learning.

Are you a fan of virtual learning?

Here are two other ways to engage:

Live streaming and on demand: Can't quite squeeze Winnipeg into your schedule? Join us via the live stream and on demand, and earn credits virtually with some of our most popular sessions.

On-demand add-on: In-person attendees can add on demand to their registration and gain access to approximately 35 additional sessions for 50 days following FMF.

Direct Credit Entry

In person: Badge scanners will be used to track all certified sessions attended in person.

Live streaming: Attendance will be tracked when participants log in for a live-streamed session.

On demand: Attendance will be tracked when participants log in for an on-demand virtual session.

Direct credit entry (DCE): All credits will be added automatically to an individual attendee's Mainpro+ holding area whether earned in person, via live stream, or on demand. These will be uploaded in February 2025. If you want to manually add credits before this, please contact us at fmfinfo@cfpc.ca.

Exception for workshops: Credits for two- and three-credits-per-hour workshops will be entered by the participant once the workshop post-reflective exercise is completed. The workshop provider will send the exercise to all workshop participants.

Horaire du FMF sur demande Du 9 novembre 2025 au 3 janvier 2026

Vous pourrez visionner les séances en tout temps, continuer à obtenir des crédits et apprendre de façon interactive.

Vous êtes adepte de l'apprentissage en ligne ?

Voici deux autres façons de participer :

Participation en direct et sur demande : Vous n'arrivez pas à caser un séjour à Winnipeg dans votre emploi du temps ? Optez plutôt pour le visionnement en direct et sur demande et obtenez des crédits en participant virtuellement à nos séances les plus populaires.

Ajout de l'accès sur demande : Si vous participez en personne au FMF, vous pouvez aussi ajouter à votre inscription l'accès sur demande à environ 35 séances supplémentaires pendant les 50 jours qui suivent la tenue du congrès.

Inscription directe des crédits

En personne : La participation présenteielle à toutes les séances certifiées sera enregistrée à l'aide de scanneurs de porte-noms.

En direct : La participation sera comptabilisée lors de la connexion à une séance diffusée en direct.

Sur demande : La participation sera comptabilisée lors du visionnement en ligne d'une séance sur demande.

Inscription directe des crédits (IDC) : Tous les crédits seront automatiquement ajoutés à la zone En attente du compte Mainpro+, qu'ils aient été obtenus en présentiel, via la diffusion en direct ou le visionnement sur demande. Ces crédits seront ajoutés en février 2025. Si vous souhaitez inscrire manuellement des crédits avant cette date, veuillez nous écrire à l'adresse .

Exception pour les ateliers : En ce qui concerne les ateliers donnant droit à deux et trois crédits par heure, chacune et chacun des participants devra les inscrire après avoir réalisé l'exercice de réflexion que le prestataire enverra après l'atelier.
