Rassemblement mené par l'ensemble de percussions de l'Université du Manitoba

Dirigé par Victoria Sparks, l'Ensemble de percussions de l'Université du Manitoba est composé d'étudiants et étudiantes aux études prédoctorales, ainsi que d'étudiants et étudiantes de la Faculté de musique Desautels et de toute l'Université du Manitoba. L'objectif de cet ensemble est de créer un espace qui permet d'explorer les possibilités. L'ensemble célèbre le développement d'une réflexion créative ainsi que de compétences techniques dans tous les domaines des percussions.

Message de

**Michael Allan,
BSc, MD, CCMF, FCMF**
Directeur général et chef
de la direction, CMFC

**Sarah Cook, MD, CCMF,
FCMF, CCPE, LCS**
Présidente, CMFC

Au nom du Collège des médecins de famille du Canada (CMFC) et de toutes les personnes présentes ici aujourd'hui, nous vous adressons nos plus sincères félicitations pour l'aboutissement d'années de travail acharné et dévoué. La Collation des grades est une occasion de célébrer vos réalisations et de souligner le parcours qui vous a menés jusqu'ici.

Nous tenons également à vous souhaiter la bienvenue dans la famille de la médecine de famille. Nous sommes heureux que vous ayez choisi notre discipline. C'est une vocation qui vous apportera à la fois des défis et de la joie alors que vous vous emploierez à améliorer les vies des patients, des familles et des communautés partout au Canada.

C'est également une carrière qui permet d'emprunter différentes voies. En plus de prodiguer des soins complets et globaux à vos patients à tous les stades de leur vie, vous pouvez être une ressource pour votre communauté, faire de la recherche, enseigner et publier.

Peu importe ce que vous choisirez de faire, sachez que le CMFC est votre famille professionnelle, un point d'ancrage où vous pouvez obtenir du soutien à chaque étape de votre carrière.

Le CMFC agréé les programmes de formation en résidence, renforce les normes pédagogiques, administre les examens, délivre des Certificats de

compétence additionnelle et offre des possibilités de développement professionnel continu. Tous ces éléments confèrent de la valeur à la Certification du Collège des médecins de famille du Canada. Le travail que le CMFC accomplit contribue à la fois à la prospérité de notre profession et à celle des médecins de famille.

Nous défendons également vos intérêts en œuvrant auprès des gouvernements afin de nous assurer que vous recevez le soutien nécessaire pour prodiguer des soins de qualité et empreints de compassion à vos patients. Nos efforts de plaidoyer permettent d'alléger le fardeau administratif et de renforcer la reconnaissance du travail considérable effectué par les médecins de famille. En outre, le CMFC promeut les soins en équipe, dirigés par les médecins de famille.

Votre choix de la médecine de famille nous honore et nous espérons que ce cheminement professionnel vous mènera à bon port. En cette journée, prenez le temps de célébrer le chemin parcouru et le dévouement dont vous avez fait preuve pour parvenir à ce stade, et d'en tirer fierté.

Nous tenons à remercier toutes les personnes qui ont consacré leur temps et leur énergie à permettre la tenue de la Collation des grades.

Nous vous adressons nos félicitations et nous vous souhaitons encore une fois la bienvenue dans notre famille.

Prestation de la Brian Clyne Family Troupe

Brian Clyne, membre de la Première Nation de Peguis, est un danseur de cerceaux et traditionnel primé, qui se produit depuis plus de 30 ans dans le monde entier — notamment en Suède, en Norvège, en Allemagne, en France, en Australie, au Brésil, au Mexique, partout aux États-Unis et au Canada. En partageant son don, il continue de faire vivre les traditions et encourage la prochaine génération à être fière de sa culture. Lawrence « Clifford » Spence, qui partage, préserve et célèbre sa culture ainsi que l'art du tambour à main depuis de nombreuses années, l'accompagnera au tambour. À la fois membre de différentes troupes et artiste solo, Clifford a acquis une vaste expérience en se produisant dans des événements au Manitoba (Canada) et partout à travers le monde.
