En s'inspirant des traditions musicales du Liban, de l'Égypte, de la Palestine et d'autres pays du monde, Mabrook Entertainment montre la polyvalence et la résonance universelle des percussions. Ils performent avec différents instruments, dont le tambour libanais, la darbouka égyptienne et le dohol de l'Inde, mettant en valeur les rythmes et les sons distincts de plusieurs cultures.

Mabrook Entertainment donne des prestations qui invitent le public à ressentir l'essence même de chaque culture.

Mot de

Michael Allan,
MD, CCMF, FCMF
Chef de la direction, CMFC

Sarah Funnell,
MD, MSc, CCMF, FRCPC
Présidente, CMFC

Nous reconnaissons que nous nous réunissons à Toronto, le territoire traditionnel de nombreuses nations autochtones, dont les Mississaugas de la rivière Credit, les peuples anichinabé, chippewa, haudenosaunee et wendat ; une grande diversité de personnes des Premières Nations, inuites et métisses y habitent. La ville de Toronto est visée par le traité 13, conclu avec les Mississaugas de la rivière Credit.

Au nom du Collège des médecins de famille du Canada (CMFC) et de plus de 46 000 collègues, nous vous adressons nos plus sincères félicitations.

C'est grâce à vos années de travail acharné et de dévouement, à vos longues nuits et à vos réveils matinaux que vous êtes ici aujourd'hui. Nous nous réjouissons que vous ayez choisi de vous joindre à la profession de médecine de famille.

Vos compétences et votre expertise améliorent les vies de vos patientes et patients, de leurs familles et de leurs communautés. Cependant, la médecine de famille s'étend bien au-delà des murs de la clinique, et votre influence peut avoir une portée considérable grâce à l'éducation, la recherche, la publication, le leadership et le plaidoyer.

Quelle que soit la façon dont votre carrière commence et évolue, le CMFC est votre famille professionnelle : vous pouvez échanger avec vos pairs, obtenir du soutien et vous rappeler que vous n'exercez pas en solitaire. Le CMFC promeut l'excellence des médecins de famille, et nous serons à vos côtés à chaque étape de votre parcours.

Aujourd'hui, c'est vous que nous célébrons. Lorsque vous traverserez la scène sous les yeux de votre famille, de vos amis, de vos pairs et de vos collègues, prenez le temps de réfléchir à tout ce que vous avez réalisé. Quel accomplissement !

Félicitations et bienvenue dans le monde de la médecine de famille.

Honorer l'excellence

De plus, nous félicitons chaleureusement les personnes qui célèbrent aujourd'hui des jalons importants dans leur carrière.

Que vous ayez obtenu un Certificat de compétence additionnelle ou reçu le titre de Fellow du Collège des médecins de famille du Canada, votre réalisation est le reflet de votre engagement envers l'excellence, l'apprentissage permanent et le service aux patientes et patients, aux communautés et à la profession.

C'est avec une grande fierté que nous célébrons vos contributions et les nombreuses façons dont vous continuez de promouvoir l'excellence en médecine de famille au Canada.

Nous félicitons toutes les personnes célébrées aujourd'hui et leur souhaitons beaucoup de succès pour l'avenir.

Prestation de Claire Brascoupé

Claire Brascoupé est une artiste et chanteuse anichinabée de Kitigan Zibi. Formée en chant classique, Claire a passé les huit dernières années à apprendre des chansons traditionnelles anichinabées, ce qui lui a permis d'approfondir son lien aux traditions musicales de sa communauté. À travers l'art comme la musique, elle cherche avant tout à transmettre les connaissances anichinabées d'une manière accessible au public.

Invité d'honneur

Dr David Ponka, Ottawa (Ontario)

Le Dr David Ponka est professeur titulaire et vice-doyen en santé mondiale à la faculté de médecine de l'Université d'Ottawa. Dans ses soins cliniques et ses travaux d'enseignement, de recherche et d'élaboration des politiques, il œuvre au renforcement des soins primaires pour les populations mal desservies, en particulier dans les pays à faible ou moyen revenu, et à l'intégration des services de santé mentale. Quand il était à la tête du Centre Besrour pour la médecine de famille mondiale, il a aidé à faire progresser la médecine de famille en Guyane, en Indonésie et au Madagascar. Aujourd'hui, il met ces expériences internationales à profit au Canada. Il est rédacteur adjoint du *Médecin de famille canadien* et un ancien des programmes TUTOR-PHC et Harvard Innovations in Teamwork for Healthcare.

Le Dr Ponka reçoit cette année le Prix Calvin L. Gutkin de l'ambassadeur de la médecine de famille, qui reconnaît le leadership visionnaire, l'innovation, les aptitudes de communication et les compétences relationnelles qui permettent de renforcer la médecine de famille au Canada et à l'étranger.
